Leading From Everywhere Gregory G. Campeau, 2019-10-24 We are now in a whitewater world of ever greater turbulence that demands a new mind set, skill set, and tool set which can be summed up in one word: leadership. Effective leadership is becoming more important by the day for any individual or organization that hopes to compete in today's hypercompetitive environment. The key strategic competitive advantage now and into the future will be the development of leaders at all levels in the organization. The starting point of building of a high performance organization is building high performance people, which is precisely the purpose of this book. How much untapped energy, talent, creativity, and commitment remain dormant within the human asset in your organization? What would it mean to unleash just 10% of the latent human potential? Using a fascinating blend of cutting edge neuroscience research and ancient wisdom, this comprehensive book offers proven strategies and solutions that are highly practical and applicable to everyone in organization.

Dinosaur Park Hayford Peirce, 2010-03-01 Dinosaur Park is a loving homage to the works of Jack Vance. Thousands of years from now, the human race has expanded throughout the galaxy, colonizing millions of worlds and creating myriads of bizarre new religious cults and sects. One of these worlds is Stohlson's Redemption, where the human settlers raise dinosaurs for their religious ceremonies. When the ten-year-old Kerryl Ryson creates an unseemly incident that upsets a visiting Important Person, his father is fed to a dinosaur as an object lesson in politeness, and his remaining family are sold into slavery. For sixteen years, Kerryl has plotted his revenge. Now, with the aid of a beautiful noblewoman, a time machine, a race of aliens who use the Mesozoic Era of Earth as a setting for adventure videos, and a stampede of ravaging dinosaurs, Kerryl gets his chance to even the interstellar score. But first, he has to escape from several death sentences. In fact, he must come back from the dead. Space opera took a unique form in the hands of Jack Vance as he transformed two-fisted swash-buckling to an artistry of pungent, subtle ironies. Dinosaur Park is a very faithful effort, chock-a-block with poignant nomenclature, strange lands, and dinosaurs. cf. The Dragon Masters, and featuring the requisite grim young hero out for revenge. Locus. This book is a screamingly funny sendup of Jack Vance's writing style by the author of Napoleon Disentimed and the Chap Foey Rider stories in Analog magazine. If you are a Vance fan, do not miss it. Raymond's Reviews. Of all the writers I discovered during my years as an editor, Hayford Peirce is the most original stylist and undoubtedly the one with the
