Gangs A Reference Handbook Contemporary World Issues:

Gangs Karen L. Kinnear, 2008-10-29 A thoroughly updated look at the world of gangs charting their growth and development in the United States and worldwide as well as the efforts to curb their expanding criminal enterprises *Gangs A Reference Handbook Second Edition* offers an eye opening look at modern gangs their history their ability to attract members from a widening social pool as well as efforts by community and political leaders to stop gang related crime and weaken the grip that gangs have on our culture This timely update shows that while genuine progress has been made the world of gangs is evolving in fascinating and dangerous ways The second edition features a wealth of new information new statistical data and new insights into the ways gangs operate in cities large and small It also offers expanded coverage of gangs specific to other countries as well as those that have become genuinely international in nature Addressing Violence in the U.S. Public School System Herron, Jeffrey D., Sartin, Sharon R., Budd, Joseph, 2023-05-01 Over the past several years American educational institutions have seen an increase in violence in general but more specifically gun violence by students There have been many theories as to why American schools have become places of fear instead of institutions of learning Moreover the root causes of the increased violence that is occurring in our schools must be explored if our society is going to save our greatest resources our children *Addressing Violence in the U S Public School System* discusses how violence has played a significant role within the educational system Covering key topics such as mental health bullying grief and trauma this premier reference source is ideal for industry professionals policymakers administrators government officials researchers academicians scholars practitioners instructors and students 21st Century Anthropology: A Reference Handbook H. James Birx, 2010-06-10 Highlighting the most important topics issues questions and debates these two volumes offer full coverage of major subthemes and subfields within the discipline of anthropology **National Solutions to Trans-Border Problems?** Isidro Morales, 2016-04-22 Triggered by the North American Free Trade Agreement NAFTA Canada the United States and Mexico redefined their public policies to facilitate the regionalization of transactions However this volume addresses the institutional gaps that still remain focusing mainly on the cross border governance of security aspects It gathers interdisciplinary contributions of specialists working on continental issues within Canada the United States and Mexico and highlights the transnational dimension of certain issues still managed under national framed policies Furthermore it explores the possibilities and constraints for moving public policy into new cross border governance strategies Divided in three parts the first part assesses what is at stake in cross border governance issues and whether the integrative trend in the region will be maintained or stalled in the years to come The second part explores the growing scope of security problems interconnected with borders migration energy and drug trafficking across the region It highlights how Mexico and Canada are responding or adapting their policy choices to a continental security approach framed by the US after the terrorist attacks of September 11 and to the major concerns of the Obama administration The third part focuses on

the governance of territorial borders and bilateral affairs i e Mexico US and Canada Mexico relations *Information Sources of Political Science* Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world s leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the widely acclaimed *Information Sources of Political Science* is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get straight to the information they need Like no other volume it provides a fully rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries **Women in Developing Countries** Karen L. Kinnear, 2011-07-22 This book provides a much needed survey of the discrimination and violence against women in developing countries and identifies the literature and resources available about this topic Because of improvements in communication technologies the West has become increasingly aware of horrific examples of ongoing discrimination and violence against individual women in developing countries As a result more attention is being paid to the gender bias and hardship that women in developing countries face in their everyday lives and the importance of these women in economic development and the alleviation of poverty is starting to be recognized *Women in Developing Countries A Reference Handbook* addresses topics like the status of women in developing countries their access to education health care and the political process their legal status the extent to which they are considered property female genital mutilation and other harmful practices and other timely issues This book also provides statistical information data on selected nongovernmental organizations NGOs and other organizations set up to improve the lives and advance the status of women and sources of further information in print and nonprint media **21st Century Criminology: A Reference Handbook** J. Mitchell Miller, 2009-08-06 Criminology has experienced tremendous growth over the last few decades evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U S and internationally Evolutionary paradigmatic shift has accompanied this surge in definitional disciplinary and pragmatic terms Though long identified as a leading sociological specialty area criminology has emerged as a stand alone discipline in its own right one that continues to grow and is clearly here to stay Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes effects and

responses to crime 21st Century Criminology A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths The individual chapters have been designed to serve as a first look reference source for most criminological inquires Both connected to the sociological origins of criminology i e theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types this two volume set offers a comprehensive overview of the current state of criminology From student term papers and masters theses to researchers commencing literature reviews 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology This two volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or research handbook chapter 100 entries or mini chapters highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century Curricular driven chapters provide students with initial footholds on topics of interest in researching term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis graduate degree career etc Comprehensive in coverage major sections include The Discipline of Criminology Correlates of Crime Theories of Crime Justice Measurement Research Types of Crime and Crime the Justice System The contributor group is comprised of well known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access wherever they may be *Global Organized Crime* Mitchel P. Roth, 2010-05-05 This book offers a comprehensive multidimensional look into the major activities groups causes and policing strategies related to global organized crime Global Organized Crime A Reference Handbook examines global organized crime dating back to its 17th century roots Unlike most works on the subject which take a parochial approach by concentrating on individual countries or regions this book uniquely details the impact of 21st century globalization on such groups and their activities Exploring the continuum of international organized crime and related developments from its early beginnings to the present era the book also looks at the complicated issues that continue to influence its growth It covers the impact of the end of the Cold War immigration the global drug trade weapons sales human smuggling and trafficking the convergence of funding sources and the effects of technology What especially distinguishes this book is the connections it makes between organized crime activities and failed states civil wars political transitions regional conflicts and terrorist groups The

Handbook of Gangs Scott H. Decker, David C. Pyrooz, 2015-09-28 Pulling together the most salient current issues in the field today The Handbook of Gangs provides a significant assessment by leading scholars of key topics related to gangs gang members and responses to gangs Chapters cover a wide array of the most prominent issues in the field of gangs written by scholars who have been leaders in developing new ways of thinking about the topics Delivers cutting edge reviews of the current state of research and practice and addresses where the field has been where it is today and where it should go in the future Includes extensive coverage of the individual theories of delinquency and provides special emphasis on policy and prevention program implications in the study of gangs Offers a broad understanding of how other countries deal with gangs and their response to gangs including Great Britain Latin America Australia and Europe Chapters covering the legacies of four pioneers in gang research Malcolm W Klein Walter B Miller James F Short Jr and Irving A Spergel *Street Gangs Throughout the World* Herbert C. Covey, 2010 This updated and expanded new edition continues the theme of the first edition of emphasizing the substantial growth of street gangs throughout the world Although a substantial amount of research on street gangs has been conducted in recent decades much of it has focused on the United States This book summarizes much of the research being conducted in many other countries where the street gang phenomenon is currently developing which includes poverty the retreat of the state increasing income inequality urbanization population growth exploitation marginalization underground economies

Sexual Health David E. Newton, 2009-12-22 Sexual Health provides teenagers with a comprehensive review of common problems related to sexual health offering suggestions and resources for understanding and working through those issues What are the major types of sexually transmitted diseases and how are they contracted and treated How effective are different types of contraception How do you recognize the stages of puberty The defining feelings of sexual orientation This candid authoritative handbook is designed to serve young people as a reliable enlightening source of answers to questions like these as they navigate the often confusing transition from adolescence to physical maturity In addition to being a go to resource on common problems related to sexual health this welcomed volume considers a number of related issues and controversies including sex education the morning after pill condoms in schools and more It also includes information on various organizations that have an interest in adolescent sexual health as well as wide range of additional resources in print and online

Encyclopedia of Contemporary American Social Issues Michael Shally-Jensen, 2010-12-22 This single source reference will help students and general readers alike understand the most critical issues facing American society today Featuring the work of almost 200 expert contributors the Encyclopedia of Contemporary American Social Issues comprises four volumes each devoted to a particular subject area Volume one covers business and the economy volume two criminal justice volume three family and society and volume four the environment science and technology Coverage within these volumes ranges from biotechnology to identity theft from racial profiling to corporate governance from school choice to food safety The work brings into focus a broad array of key issues confronting

American society today Approximately 225 in depth entries lay out the controversies debated in the media on campuses in government in boardrooms and in homes and neighborhoods across the United States Critical issues in criminology medicine religion commerce education the environment media family life and science are all carefully described and examined in a scholarly yet accessible way Sidebars photos charts and graphs throughout augment the entries making them even more compelling and informative

Modern Piracy David F. Marley, 2010-11-02 This reference text explains what modern piracy is where and why it happens and what measures are being taken to combat it While piracy today typically occurs in specific areas such as Somalia and Southeast Asia a single pirate attack can involve and affect many different countries For example a supertanker traveling in the South China Sea might be owned by a Saudi Arabian oil company built in South Korea registered in Liberia captained by an Italian and crewed by Filipinos And as reports of attacks on commercial vessels and cruise liners become more common the topic of modern piracy receives ever increasing international scrutiny This chapter based reference handbook examines modern piracy from the mid 1970s to today The subject is addressed from a global perspective covering both the causes and consequences of present day piracy and evaluating its impact on a number of related issues including international law commercial shipping and terrorism

Senior High School Library Catalog, 2006 *Book Review Digest*, 1927

The Social Sciences Nancy L. Herron, 2002-06-11 It s here the third edition of the highly acclaimed guide to the social sciences literature Updated and expanded this classic comprises more than 1 500 annotated citations offering librarians and researchers fast and easy access to some of the best and most commonly used resources in the social sciences arena The book also serves as a standard text in universities nationwide as it gives students a comprehensive overview of must know reference sources in both print and electronic format Prepared by leading subject specialist librarians and arranged by discipline the book s 12 chapters cover general social sciences political science economics business history law and justice anthropology sociology education psychology geography and communication All chapters have been revised the essays expanded and the annotated lists of resources have been rewritten to incorporate the latest research findings and developments

Women and Crime Judith Ann Warner, 2012-07-19 Drawing on government data and interdisciplinary expertise this timely book seeks to explain why the changing economic and legal status of women has not reduced the gender gap in criminal offending Women and Crime A Reference Handbook examines how women s patterns of offending have changed over time in America from the Colonial period to the present The book sets the stage with a historical overview of women s criminal activity Subsequent chapters cover such topics as changes in women s status and patterns of offending the impact of childhood abuse on the development of criminality and how changes in law the War on Drugs and other crime policy have in fact increased the frequency of women s imprisonment and arrests International issues such as legalization of prostitution sex trafficking and women s involvement in organized crime including drug cartels are also explored Each chapter examines theory research law policy and key players in the evolving response to women s crime

patterns Throughout the work the author links women s status victimization and offending patterns and suggests how crime control policy far from saving women is increasingly making it impossible for female offenders to live on the outside **U.S. Border Security** Judith Ann Warner,2010-07-20 This text provides an integrated view of post 9 11 security concerns over the United States s shared border with Mexico and Canada in regards to terrorism unauthorized migration drug and arms smuggling and other illegal trade The challenges facing U S Customs and Border Patrol are daunting There are 19 841 miles of American land and water boundaries to protect and 95 000 miles of shoreline and defined air space subject to homeland security surveillance Additionally the booming drug trade across the U S Mexico border combined with the ever increasing number of migrants wanting to reach our land of opportunity has resulted in a grim death toll more than 5 000 known migrant deaths have occurred along the U S Mexico border during 1995 2008 and in 2009 an estimated 9 635 Mexicans were killed in drug related violence with 2 573 people killed in Ciudad Juarez alone U S Border Security focuses on the contrast between border security before and after the 9 11 terrorist attacks This text also examines the controversial topics of illegal immigration counterterrorism drug and weapons trafficking human smuggling the impact of border security on the movement of people and goods and the effect of the war on terrorism on civil and human rights **Genocide** Howard Ball,2010-11-18 This book presents the background and history of genocide the key issues associated with this worldwide crime and the problems inherent in preventing its occurrence In 1948 the UN General Assembly adopted the Convention on the Prevention and Punishment of the Crime of Genocide CPPCG legally defining the crime of genocide for the first time Amazingly the United States did not ratify this international agreement until nearly 40 years later when President Reagan finally signed the genocide convention bill Attempts to enforce international law against genocide did not begin until the 1990s Genocide A Reference Handbook examines the antecedents of the term genocide in the mid 19th century and explains the current challenges of preventing or even stopping genocide including the nation state system and principles of state sovereignty The author documents how crimes of genocide have continued unchecked and asserts that a collective commitment to humanitarian intervention is the only way to address this ongoing problem **Military Robots and Drones** Paul J. Springer,2013-01-09 This book provides an insightful introduction to the most important field of military innovation for the 21st century robotic and drone weaponry For centuries warring nations have sought to lower the risk to highly vulnerable humans on the battlefield typically by providing protective armor making soldiers positions more difficult to detect or by striking from locations safe from retaliation Autonomous weaponry has now reached the point where robotic systems can perform some key tasks that previously required direct human involvement Military Robots and Drones A Reference Handbook introduces the lay person to a highly specialized topic providing the foundation necessary for further study in this field Appropriate for high school and college level students as well as general readers with an interest in the topic the author explains the many military applications of robotics as well as current limitations and disadvantages The book

also provides a general history of robotic warfare examines key individuals agencies documents and models discusses controversies within the field of robotic and drone warfare such as ethical considerations and explains how increased reliance on robotics has affected the structure and strategy of the military
