Gangs Life Issues:

Social Issues in Living Color Arthur W. Blume, 2017-02-16 Offering fresh and exciting approaches to solving global problems this book creatively views challenging social issues through the lens of racial and ethnic psychology As the demographic makeup of the American population continues to evolve understanding and addressing the psychological needs of ethnic minorities in the United States becomes more important to the overall health and well being of society This three volume set is the first publication to explicitly tackle social issues from the perspective of racial and ethnic psychology It uniquely presents racial and ethnic psychological perspectives on topics such as media criminal justice racism climate change gender bias and health and mental health disparities Volume one introduces readers to the basic scientific concepts of racial and ethnic minority psychology and then examines the intersectionality of race ethnicity gender and sexual orientation It also addresses how race and ethnicity affect communication styles leadership styles and media The second volume discusses the experiences of individuals within racial and ethnic minorities including overt racism covert racism and colonialism and addresses how ethnic minority psychology plays a role in our educational system poverty global climate change and sustainability The third volume covers ethics in health and research considers the causes of health and mental health disparities and identifies diversity initiatives that can improve the health and well being of all citizens not just racial and ethnic minority citizens

Issues in Corrections Carly M. Hilinski-Rosick, John P. Walsh, 2016-12-15 Since the 1970s the corrections system has experienced exponential growth Over the past four decades the number of inmates held in US prisons and jails has quadrupled This massive growth is associated with a number of different issues and challenges within prisons and jails including overcrowding gang activity and misconduct a shift away from rehabilitation and programming expanded use of solitary confinement inmates human rights criticisms of health care and massive publicly funded budgets Many states now spend more on corrections than on higher education This book explores these issues in depth It takes current topics in institutional corrections and explores the main issues surrounding each Themes include institutional corrections prison behavior including gangs and misconduct solitary confinement prison programming and rehabilitation

Gangs and Delinquency in Developmental Perspective Terence P. Thornberry, 2003 Gang membership has long been understood to have a disruptive influence on adolescent development and to contribute disproportionately to the rate of delinquent crime The nature of the impact and the long term effects on individuals have not been well understood This book uses longitudinal data to examine the developmental consequences of gang membership and its longer term influence on the life course This longitudinal approach is made possible by data from a study of antisocial behavior The Rochester Youth Development Study which followed one thousand adolescents through their early adult years The subjects include delinquents who were gang members and others who were not allowing the authors to compare motives patterns of behavior and recurring problems with caregivers and the law education peer relations and career paths The findings indicate that

multiple developmental deficits lead to gang membership and that membership leads to an increase in delinquency

Addressing Community Gang Problems, 1998 **Gangs in America's Communities** James C.
