Polyptych: Adaptation, Television, and Comics Reginald Wiebe, 2021-09-07 Through each of its chapters Polyptych Adaptation Television and Comics examines the complex dynamics of adapting serialized texts The transmedial adaptation of collaborative and unstable texts does not lend itself to the same strategies as other more static adaptations such as novels or plays Building off the foundational work of Linda Hutcheon and Gerard Genette Polyptych considers the analogy of adaptation as a palimpsest a manuscript page that has been reused leaving traces of the previous work behind as needing to be reevaluated A polyptych is a multi panel artwork and provides a new model for analyzing how adaptation works when translating collaborative and unstable texts Given that most television and comic books are episodic and serialized and considering that both media are also the cumulative work of many artists this book offers a series of distanced readings to reassess how adaptation works in this field Comic book adaptations on television are plentiful and are nearly completely ignored in critical discussions of adaptation This collection focuses on texts that fall outside the most common subjects of study among the corpus and contributes to expanding the field of inquiry The book features texts that are subjects of previous academic interest as well as studies of texts that have never before been critically

considered It also includes an appendix that provides the first list of comic book adaptations on North American television Polyptych is a unique and timely contribution to dynamic and growing fields of study The book will be of interest to scholars and researchers in the fields of Comic Studies Adaptation Studies and Critical Media Studies more broadly as well as to students undertaking courses on these subjects It will also appeal to comic book and pop culture fans who wish to expand their knowledge on the subject

The Gangster Film Reader Alain Silver,James Ursini,2007-02 In the 1930s the gangster film in the United States coincided with a very real and very sensational gangsterism at large in American society Little Caesar 1931 The Public Enemy 1931 and Scarface 1932 borrowed liberally from the newspapers and books of the era With the release of just these three motion pictures in barely more than a year s time Hollywood quintessentially defined the genre The characters the situations and the icons from fast cars and tommy guns to fancy fedoras and fancier molls established the audience expectations associated with the gangster film that remain in force to this day As with their Film Noir Reader series using both reprints of seminal articles and new pieces editors Silver and Ursini have assembled a group of essays that presents an exhaustive overview of this still vital genre Reprints of work by such well known film historians as Robin Wood Andrew Sarris Carlos Clarens Paul Schrader and Stuart Kaminsky explore the evolution of the gangster film through the 1970s and The Godfather Parts 2 and 3 comprise two dozen
