healthy productive lives for millenniums surviving on just 10 fistfuls she cupped her hands together and made a swallowing motion per meal That made up a healthy mouthful According to her this was practiced even today even in this day of plenty because according to them 10 fistfuls of food was enough to make a satisfying meal for you According to her throughout the day one did not go beyond 32 mouthfuls fistfuls Why 32 I queried Why not 31 or 33 or much much more than that Well she said 10 fistfuls per meal 3 meals per day and 2 extra for when you are really hungry      **Popular Mechanics** ,1954-01
