**Chaplin in the Sound Era** Eric L. Flom,2015-07-11 Charles Chaplin s sound films have often been overlooked by historians despite the fact that in these films the essential character of Chaplin more overtly asserted itself in his screen images than in his earlier silent work Each of Chaplin s seven sound films *City Lights* 1931 *Modern Times* 1936 *The Great Dictator* 1940 *Monsieur Verdoux* 1947 *Limelight* 1952 *A King in New York* 1957 and *A Countess from Hong Kong* 1967 is covered in a chapter length essay here The comedian s inspiration for the film is given along with a narrative that describes the film and offers details on behind the scenes activities There is also a full discussion of the movie s themes and contemporary critical reaction to it      **Hitchcock's British Films** Maurice Yacowar,2010-11-15 A reissued classic that examines the structure and themes of each of Hitchcock s British feature films Originally published in 1977 and long out of print Maurice Yacowar s *Hitchcock s British Films* was the first volume devoted solely to the twenty three films directed by Alfred Hitchcock in his native England before he came to the United States As such it was the first book to challenge the assumption that Hitchcock s mature period in Hollywood from the late 1940s to the early 1960s represented the director s best work In this traditional auteurist examination of Hitchcock s early work author Maurice Yacowar considers Hitchcock s British films in chronological order reads the composition of individual shots and scenes in each and pays special attention to the films verbal effects Yacowar s readings remain compelling more than thirty years after they were written and some on *Downhill Champagne* and *Waltzes from Vienna* are among the few extended interpretations of these films that exist

Alongside important works such as *Murder the first* *The Man Who Knew Too Much* *Secret Agent* *The Lady Vanishes* and *Blackmail* readers will appreciate Yacowar's equal attention to lesser known films like *The Pleasure Garden* *The Ring* and *The Manxman* Yacowar dissects Hitchcock's precise staging and technical production to draw out ethical themes and metaphysical meanings of each film while keeping a close eye on the source material such as novels and plays that Hitchcock used as the inspiration for many of his screenplays Yacowar concludes with an overview of Hitchcock as auteur and an appendix identifying the director's appearances in these films A foreword by Barry Keith Grant and a preface to the second edition from Yacowar complete this comprehensive volume Anyone interested in Hitchcock classic British cinema or the history of film will appreciate Yacowar's accessible and often witty exploration of the director's early work

**Theory of Film** Siegfried Kracauer, 1997 This study explores the distinctive qualities of the cinematic medium It includes an introduction which examines Theory of Film in the context of Kracauer's extensive film criticism from the 1920s and provides a framework for appreciating its significance in contemporary film theory

**Bette & Joan** Shaun Considine, 2017-01-25 This joint biography of Bette Davis and Joan Crawford follows Hollywood's most epic rivalry throughout their careers They only worked together once in the classic spine chiller *What Ever Happened to Baby Jane* and their violent hatred of each other as rival sisters was no act In real life they fought over as many men as they did film roles The story of these two dueling divas is hilarious monstrous and tragic and Shaun Considine's account of it is exhaustive explosive and unsparing Rip roaring A definite ten New York Magazine

*Watching Them Be* James Harvey, 2014-07-08 An intimate thought provoking exploration of the mysteries of star presence in cinema One does not go to see them act James Baldwin wrote about the great iconic movie stars one goes to watch them be It seems obvious Where else besides the movies do you get to see other persons so intimately so pressingly so largely Where else are you allowed such sustained and searching looks as you give to these strangers on the screen whoever they really are In life you try not to stare but at the movies that's exactly what you get to do two hours or more safely raptly even blissfully It's this sort of amplified heightened sometimes transcendent seeing that James Harvey explores in *Watching Them Be* Marvelously vivid and perceptive and impressively erudite this is his take on how aura is communicated in movies Beginning where Roland Barthes left off with the face of Greta Garbo and ending with Robert Bresson's *Au hasard Balthazar* and its inscrutable nonhuman star Harvey moves nimbly and expertly through film history celebrating actors and directors who have particularly conveyed a feeling of transcendence From Marlene Dietrich to John Wayne to Robert De Niro from *Nashville* to *Jackie Brown* to *Masculine Feminine* and the implicitly or explicitly religious films of Roberto Rossellini and Carl Theodor Dreyer this is one man's personal deeply felt account of the films that have changed his life They will also Harvey suggests change yours

To Michal from Serge Charles Williams, Florence Sarah Conway Williams, 2002 These letters to Michal Williams endearing name for his wife from Serge a moniker by which his most intimate friends addressed him are more than just a collection of love letters they are significant for what they tell us about

the man for the light they throw on his work and for the way they show Williams in the context of his literary contemporaries C S Lewis T S Eliot W H Auden Dorothy L Sayers Christopher Fry and Edith Sitwell In fact Williams felt that T S Eliot and C S Lewis were the only two people other than his wife to whom he could talk seriously about important matters *Film Study* Frank Manchel,1990 The four volumes of *Film Study* include a fresh approach to each of the basic categories in the original edition Volume one examines the film as film volume two focuses on the thematic approach to film volume three draws on the history of film and volume four contains extensive appendices listing film distributors sources and historical information as well as an index of authors titles and film personalities **The Film Business** Ernest Betts,2023-10-13 First published in 1973 The *Film Business* makes a factual survey of British films from their beginnings in 1896 to 1972 Ernest Betts offers character studies of men who have built the film industry and made it what it is He examines the financial and political background and shows how while intending to encourage film production it has often had exactly the opposite effect and inhibited its free development Betts also attacks the manner in which the American film industry has taken over the British film industry and points to the failure of successive governments to save it from repeated crises and losses Through these fluctuations the author keeps a firm eye on the film itself and brings the judgement of film critics past and present to bear on British cinema as it moves uncertainly and not without its triumphs into the 1970s This is an interesting read for students and scholars of film studies British film history and British cinema **Stage and Screen** Bert Cardullo,2011-11-17 Classic and new essays examining the historical cultural and aesthetic relationships between theater and film Fiction & the Colonial Experience Jeffrey Meyers,2022-02-14 British colonialism provided a rich vein of material for the novelists of the first half of the 20th century This study originally published in 1968 looks at five writers and their reaction to the Empire Rudyard Kipling E M Forster Joseph Conrad Joyce Cary and Graham Greene It shows how the romantic adventure stories of Kipling s early days in which the indigenous population plays almost no part gave rise to the much more important novels of spiritual and moral conflict in which the stereotyped values of Empire are questioned The decline of colonialism from its apogee in the 1880s within a relatively short period makes the novels discussed a compact group so that not only is the use of colonial material closely studied but its impact on the novelists themselves emerges clearly This is an important study of a major literary theme linking modern literature and modern history at a vital point
