Burnett,Monica Carol Miller,2022-06-15 As a way to comment on a person s style or taste the word tacky has distinctly southern origins with its roots tracing back to the so called tackies who tacked horses on South Carolina farms prior to the Civil War The Tacky South presents eighteen fun insightful essays that examine connections between tackiness

and the American South ranging from nineteenth century local color fiction and the television series *Murder She Wrote* to red velvet cake and the ubiquitous influence of Dolly Parton Charting the gender race and class constructions at work in regional aesthetics *The Tacky South* explores what shifting notions of tackiness reveal about US culture as a whole and the role that region plays in addressing national and global issues of culture and identity *Reports of Cases in the Supreme Court of Nebraska* Nebraska.
