Economic Development Of China A Comparison With The Japanese Experience

R. Guo

Economic Development Of China A Comparison With The Japanese Experience:

The Economic Development of China Ryoshin Minami,trans Wenran Jiang,2016-07-27 This book identifies that problems that China must face to develop its economy and elucidates the structural deficiencies which lay behind these problems Chinese economy compared with other economies in the world The book also analyzes China s present economic situation and where possible provides prescriptions for solving its problems by comparing it with the Japanese development experience

Modern Economic Development in Japan and China X. Huang,2013-10-29 The contributors provide a comparative analysis of the modern economic development of Japan and China that are often explained in frameworks of East Asian developmentalism varies of capitalism or world economic system and explore their broader significances for the rise and global expansion of modern economy

Economic Development Of Japan ,2016-07-27 In this book Ryoshin Minami studies the last hundred years of Japan s remarkable economic growth from the Meiji period up to the present day First he reveals the factors which account for Japan s successful economic take off during the Meiji period Second he explains why Japan achieved a more rapid rate of economic growth than other developed countries This forms the major part of the book and will interest those in the developed countries who have felt the full force of Japan s export drive and whose own industries are consequently in decline Finally the author evaluates the results of Japan s economic growth and makes predictions for the future The book makes a comprehensive survey of the Japanese experience in the pre and post war periods and points out lessons not only for developed countries but also for developing countries

Growth Mechanisms and Sustainable Development of the Chinese Economy Xinxin Ma,Cheng Tang,2022-10-06 What can Chinese economists learn from the Japanese economic boom and subsequent stagnation This project aims to institutionally and empirically investigate the growth mechanism and determinants of sustainable development in China compared with Japanese experiences This is the first challenge in conducting a comparative study on China and Japan s economic growth and development We aim to investigate the economic system transition and its influence on the Chinese and Japanese economy from macroeconomic and microeconomic perspectives This book will interest economists scholars of comparative politics and scholars of China or Japan s economic development

Economic Reform in China and India C. H. Chai,K. C. Roy,2006-01-01 The authors have produced an outstanding book on economic reforms in China and India This book is a wealth of information on this crucial issue thus filling this important gap in the literature on economic reform and also adding more knowledge to the literature on the history of economic development processes in China and India this book will be of interest to both scholars of the economic reforms and those more generally interested in the social political changes occurring there Tulus Tambunan Journal of Asian Business Economists Chai and Roy have produced a well written properly documented study of the comparative development of India and China over the last 50 years The book will be useful to graduate students in Asian studies and economic development Policy makers in other developing countries can also benefit from this account of the

experiences of two major emerging economies under different economic and political systems Recommended Graduate research and professional collections J S Uppal Choice Recent acceleration of the Indian economic growth rate from 6 to 8 per cent has sparked worldwide speculation that India is about to catch up with China and become another Asian miracle economy Economic Reform in China and India examines this prospect reviewing the development strategies pursued by the two countries over the last 50 years in general and exploring recently introduced reform measures in particular The culmination of many years of research by specialists in these economies this book assesses the performance of China and India at both macro and sectoral levels including economic social political and environmental aspects It illustrates the reasons why China has outperformed India in the past and identifies the obstacles that India will face in its attempts to catch up with China Providing solutions for China and India that can be applied to other developing countries this book will be invaluable for researchers academics and students focussing on economic development and Asian studies It will also receive much attention from investors and government analysts interested in the strategic implications of the emergence of the two Asian economic giants

Japan's New Economy Magnus Blomström, Byron Gangnes, Sumner La Croix, 2001-01-25 Japan's economy stumbled in the 1990s After four decades of rapid growth that transformed Japan into a wealthy country at the world's technological frontier the last decade brought prolonged economic stagnation The rapid run up in asset prices in the late 1980s followed by their collapse in the early 1990s left a debt overhang that paralyzed the banking sector Policy reforms were initially half hearted and businesses were slow to restructure as the global economy changed The lagging economy has seemed impervious to aggressive fiscal stimulus measures and is still plagued by ongoing price deflation Japan's struggle has called into question the ability of the country's economic institutions originally designed to support factor accumulation and rapid development to adapt to the new economic environment of the 21st century Yet Japan's economy is already changing Driven by an aging population rapid technological change and increasing global competition the country's public and private institutions are being slowly reshaped This volume explores the forces that will drive structural and institutional change in three areas over the next decade the macroeconomy the organization of industry and the global economic and political environment Economists demographers and Japan specialists examine key aspects of the economy that will be transformed in coming years including population and savings the public pension system labor markets financial reforms deregulation of service industries productivity performance foreign investment trade and the impact of an emerging China The volume fills an important gap in the existing economic literature While much has been written about Japan's pre 1990s institutions and economic performance this volume is unique in its forward looking orientation trying to understand not only the institutional and structural changes that have already reshaped Japan in the 1990s but to identify the critical trends and institutional changes that will mould Japan's new economy over the next decade

Greater China and Japan Robert Taylor, 2013-02-01 Contemporary relations between Greater China and Japan have been conditioned both by differing responses to the impact of

Western colonialism during the mid nineteenth century and the legacy of the Cold War There are mutual suspicions the Chinese fear of a Japanese military revival and the Japanese concern over increasing Chinese economic competition and territorial ambitions Robert Taylor recognises the mistrust in Sino Japanese relations but also sees shared advantages in this traditionally adversarial relationship The Chinese are currently modelling their economic strategy on Japan s developmental experience even though China s policies and institutions have distinctive features and differing agendas The study also examines the growing momentum towards sub regional integration rivalry between Greater China and Japan is giving way to competition between regional economic blocks and corporate entities Greater China and Japan explores the ambiguous relationship between the two countries and states that its development is crucial to the future of the region in the twenty first century

An Introduction to the Chinese Economy Rongxing Guo,2011-04-06 This comprehensive overview of the modern Chinese economy by a noted expert from China offers a quality and breadth of coverage In this book the author provides an introduction to China s economy since 1949 and original insights based on his own extensive research The book sets out to analyze and compare the operational mechanisms of the Chinese economy between the pre and post reform periods and through national regional and local dimensions Both positive and negative consequences of the Chinese economic transformation have been clarified A multiregional comparison of the Chinese economy is conducted in terms of natural and human resources institutional evolution as well as economic and social performances At last some key issues relating to the inherent operational mechanisms of and the dynamic patterns of the Chinese economy are also discussed

Japan and the Rise of China Ferguson Evans,2025-06-27 This book provides a comprehensive study of Japan s evolving relationship with China since 1949 tracing the shifting dynamics from a distant relationship during the early communist era to a more cooperative phase in the late 20th century and finally to the growing tensions of the 21st century The book analyzes how Japan has responded to China s rise from a third world country to a global superpower with particular attention to key themes such as economic relations geopolitical tensions and strategic military developments Drawing from Japanese and Chinese language sources it offers an in depth perspective on the mutual perceptions and responses shaping these two major East Asian powers The book features a unique combination of historical analysis and contemporary thematic chapters that explore Japan s strategic options as a middle power facing China s growing influence It provides readers with rare insights from non Western sources broadening the scope of understanding beyond typical English language analysis The book s structure allows for a detailed exploration of both countries trajectories making it a valuable resource for understanding the complex power shifts in East Asia It is ideal for scholars researchers and advanced students of international relations East Asian studies international business and global geopolitics It also appeals to those interested in the broader implications of China s rise and Japan s role in the shifting global order

Nationalism and Economic Development in Modern Eurasia Carl Mosk,2013-02-15 This book advances a new theory of why nationalism emerged in the

modern world In particular it explains why nationalism and economic development are closely linked and why warfare plays a crucial role in the spread of the nation state system It is based on qualitative and quantitative evidence over the period 1600 to 2000 for seven countries Great Britain France Germany Yugoslavia the United States Japan and China **Understanding the Chinese Economies** Rongxing Guo,2012-08-29 China s economic growth has been more robust in some regions than others In a country as large as China examinations of regional differences can provide a viable way to learn about the economy as a whole Rongxing Guo provides a systematic introduction to the economies of China by describing their external and internal drivers and by placing them within geopolitical and even socio cultural boundaries His pairings of case studies and empirical techniques reveal a rich deep appreciation of the growth process and of interactions between key factors This book delves more deeply into issues surrounding the economy than other books offering a unique and important perspective that many will find useful Covering history and administrative structures unique economic features some domestic economic issues and international economic engagement it describes an often inaccessible perspective with nuances all students of China will find valuable Introduces China s regional economies often overlooked in US and European texts within larger contexts of social and geopolitical concerns Explains the reform process since 1978 in a comprehensive non technical and accessible manner Features case studies in each chapter *China's Economic Future* Joint Economic Committee Congress of the United States,2016-12-05 This is the latest Joint Economic Committee volume on the Chinese economy With the current state of US China relations and Hong Kong s accession in 1997 the study should provide policy makers in the USA with a useful tool in guiding economic policy toward China **Economic Development Of Taiwan: Early Experiences And The Pacific Trade Triangle** Frank S T Hsiao,Mei-chu Wang Hsiao,2015-03-26 Taiwan s economic growth since the 1970s has roots in its pre war development and post war formation of the Pacific trade triangle By highlighting the historical perspective of the Japanese linkages and the geographic vantage point of Taiwan Japan USA trade triangle Economic Development of Taiwan features a collection of papers by Frank S T Hsiao and Mei Chu Wang Hsiao Published mostly between 1989 and 2002 their analyses on Taiwan s pre war and post war early economic history debunk the myth of the country s post war rags to riches story and revalue the myth of wise government policy Timely and accessible this unique volume shows how early Taiwanese experiences of economic development can be valuable paradigms for emerging economies of Asian African and Latin American countries in this age of globalization **Economic Development in Modern China Since 1949** Guan Quan,2023-07-31 As the second volume of a two volume set on the Chinese economic history this book investigates Chinese economic development since 1949 uncovering the momentum unique models and general laws of economy in China From the perspective of development economics the two volume set studies the economic history and development of China since 1912 with a focus on the quantitative analysis of economic activities This volume describes the historical process and characteristics of the economy since 1949 then looks into the momentum and inner logic

that underpin the economic development The former part covers issues of agriculture industry population and labor force urbanization and mobility income distribution and poverty and price changes The latter part includes analyses on the capital formation human resources technological progress institutions macro policies international trade and direct investment This title will interest scholars and students working on Chinese economic history the Chinese economy and modern Chinese society *How the Chinese Economy Works* R. Guo,2009-10-22 This is a revised and updated version of the celebrated Best Book on Chinese Economy It sets out to analyze and compare the operational mechanisms of the Chinese economy between the pre and post reform periods and through national regional and local dimensions *China's Economic Future* ,1996

How the Chinese Economy Works Rongxing Guo,2016-12-07 This fourth revised edition sets out to analyze and compare the operational mechanisms of the Chinese economy between the pre and post reform periods and through national regional and local dimensions It examines the driving forces both endogenous and exogenous that have influenced China s economic development during the past decades Both positive and negative consequences of the Chinese economic transformation have been clarified A multiregional comparison of the Chinese economy is conducted in terms of natural and human resources institutional evolution as well as economic and social performances This enlarged edition includes three new chapters on cultural diversity natural and environmental resources and political and administrative systems Many of the original chapters have also been significantly revised expanded and updated according to more recent research **Economic Convergence**

in Greater China Chun Kwok Lei,Shujie Yao,2008-12-08 Although China s economy has grown rapidly in recent decades there are still very large differences between the economies of mainland China and those of Hong Kong Macau and Taiwan This book considers how far economic convergence between these four territories has occurred and the prospects for increased convergence in the future Beyond Demographic Dividends Fang Cai,2014 This book presents empirical observations and theoretical thinking of the fundamental changes in the Chinese economy It starts with a warning of the arrival of the Lewis Turning Point which is empirically proven by disappearance of surplus labor force and a rapid increase in wages of unskilled workers It further reveals that China s rapid population aging trend is diminishing the demographic dividend that has kept China s economic growth rate high Subsequently it touches upon employment challenges that arise after reaching the Lewis Turning Point further propelling urbanization a balanced regional development and so on Finally it introduces middle income trap which is one of the biggest challenges China is facing followed by recommendation of policies for the Chinese government to tackle the challenges ahead This book should be of great interest to graduates undergraduates researchers and specialists who follow closely the economic development and demographic transition of China the world s most populous country *Sustainable Economic Development and the Influence of Information Technologies: Dynamics of Knowledge Society Transformation* Karatas, Muhammed,Tunca, Mustafa Zihni,2010-02-28 This book provides relevant theoretical frameworks and the latest empirical research findings in the area of information

technology as it relates to sustainable economic development and the development of knowledge societies Provided by publisher
