Ecotactics: the Sierra Club Handbook for Environment Activists Sierra Club, 1970 Ecotactics John G.

Mitchell, Constance L. Stallings, 1970 **LIFE**, 1970-07-10 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest most amazing collection of professional photography on the internet. Users can browse, search, and view photos of today's people and events. They have free access to share print and post images for personal use. **Planning, Current Literature**, 1970 **The Promise of Wilderness** James Morton Turner, 2012-08-01 From Denali's majestic slopes to the Great Swamp of central New Jersey, protected wilderness areas make up nearly twenty percent of the parks, forests, wildlife refuges, and other public lands that cover a full fourth of the nation's territory. But wilderness is not only a place; it is also one of the most powerful and troublesome ideas in American environmental thought, representing everything from sublime beauty and patriotic inspiration to a countercultural ideal and an overextension of government authority. *The Promise of Wilderness* examines how the idea of wilderness has shaped the management of public lands since the passage of the Wilderness Act in 1964. Wilderness preservation has engaged diverse groups of citizens, from hunters and ranchers to wildlife enthusiasts and hikers, as political advocates who have leveraged the resources of local and national groups toward a common goal. Turner demonstrates how these efforts have contributed to major shifts in modern American environmental politics, which have emerged not just in reaction to a new generation of environmental concerns such as environmental justice and climate change, but also in response to changed debates over old conservation issues such as public lands management. He also shows how battles over wilderness protection have influenced American politics more broadly, fueling disputes over the proper role of government, individual rights, and the interests of rural communities, giving rise to radical environmentalism and playing an important role in the resurgence of the conservative movement, especially in the American West. The Genius of Earth Day Adam Rome, 2013-04-16 The first Earth Day is the most famous, little-known event in modern American history. Because we still pay ritual homage to the planet every April 22, everyone knows something about Earth Day. Some people may also know that Earth Day 1970 made the environmental movement a major force in American political life. But no one has told the whole story before. The story of the first Earth Day is inspiring; it had a power, a freshness, and a seriousness of purpose that are difficult to imagine today. Earth Day 1970 created an entire green generation. Thousands of Earth Day organizers and participants decided to devote their lives to the environmental cause. Earth Day 1970 helped to build a lasting eco-infrastructure: lobbying organizations, environmental beats at newspapers, environmental studies programs, ecology sections in bookstores, community ecology centers. In *The Genius of Earth Day*, the prizewinning historian Adam Rome offers a compelling account of the rise of the environmental movement. Drawing on his experience as a journalist as well as

his expertise as a scholar he explains why the first Earth Day was so powerful bringing one of the greatest political events of the twentieth century to life *U.S. Environmental Protection Agency Library System Book Catalog Holdings as of July 1973*
United States. Environmental Protection Agency. Library Systems Branch,1974 *LIFE* ,1970-07-10 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *Kiplinger's Personal Finance* ,1970-12 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics
