Goodman, 1988-12-22 A cross disciplinary exploration of comparative religion that offers a unified field theory of religion as human behavior In this book anthropologist and spiritual explorer Felicitas Goodman examines ritual the religious trance alternate reality ethics and moral code and the named category designating religion The analysis is divided into two sections The first reviews species wide human traits that form the basis for religious behavior Goodman in speculative examination traces the origins of religion to the dawn of human history when religious ritual was accompanied by gesture rather than full fledged modern speech Ritual is seen as being the expression of the vastness of the drama of human life death birth and procreation The common neurophysiological basis for religious experience is seen to be a particular type of brain tuning the religious altered state of consciousness a trance facilitating contact with an alternate reality The content of this other reality is shown to vary according to the type of adaptation to the habitat The second section describes the religious systems of the world dividing them according to societal type A systematic comparison shows that religions vary according to whether people are hunter

gatherers horticulturalists agriculturalists nomadic pastoralists or city dwellers An important book which deserves the careful attention of serious students of religion Religious Studies Review Very few such global interpretations are ever attempted and this one succeeds The book's importance is in the interpretation as well as in the rich data base materials the book presents Willard Johnson *Ecstasy and Distress* Richard Shain Cohen, 2016-06-10 *Knowledge, Love, and Ecstasy in the Theology of Thomas Gallus* Boyd Taylor Coolman, 2017-01-26 Knowledge Love and Ecstasy in the Theology of Thomas Gallus provides the first full study of Thomas Gallus d 1246 in English and represents a significant advance in his distinctive theology Boyd Taylor Coolman argues that Gallus distinguishes but never separates and intimately relates two international modalities in human consciousness the intellective and the affective both of which are forms of cognition Coolman shows that Gallus conceives these two cognitive modalities as co existing in an interdependent manner and that this reciprocity is given a particular character by Gallus anthropological appropriation of the Dionysian concept of hierarchy Because Gallus conceives of the soul as hierarchized on the model of the angelic hierarchy the intellect affect relationship is fundamentally governed by the dynamism of a Dionysian hierarchy which has two simultaneous trajectories ascending and descending Two crucial features are noteworthy in this regard in ascending firstly the lower is subsumed by the higher in descending secondly the higher communicates with the lower according to the nature of the lower When Gallus posits a higher affective cognitio above an intellective cognitio at the highest point in the ascent accordingly this higher affective form both builds upon and sublimates the lower intellective form At the same time this affective cognitio descends back down into the soul both enriching its properly intellective capacity and also renewing the ascending movement in love For Gallus then in the hierarchized soul a dynamic mutuality between intellect and affect emerges which he construes as a spiralling motion by which the soul unceasingly stretches beyond itself ecstatically in knowing and loving God Chassidic Ecstasy in Music Shmuel Barzilai, 2009 Music is of paramount importance in Judaism On the verse Harken unto the song and the prayer which Your servant prays before You this day I Kings 8 28 the Gemarrah states that wherever there is song there shall be prayer and indeed in the Temple song was an inseparable element of the sacrificial services thereafter finding its position in the prayers and the Torah reading with its special melody in the synagogue Chassidism employed music as one of its main avenues for serving G d Music served to bring the individual to a state of awakening and joy nullifying sadness which was seen as an element that could only lead to negativity Joy allowed one to reach ever higher levels in the service of G d leaving one's sorrows behind as explained by the founder of the Modzits Chassidic court Rabbi Yehezkel of Kozmir when interpreting the verse with joy you shall go forth Isaiah 55 to mean that through joy we shall go forth from all our difficulties In this book Shmuel Barzilai takes the reader on a brief and concise tour of the Chassidic courts and their world of music It explains the wordless melody Niggun which is perhaps even more important than songs having words the importance of dance the place of honor given to Shabbat songs and the role of music in Kabbalah The book provides an overview of the activities of Rabbis

who composed and sang at every opportunity whether in the synagogue or while conducting the traditional Tish where Chassidic adherents gathered each Shabbat and Festival to hear their Rebbe explain sections of Torah sing and interpret sayings on music Barzilai also discusses melodies niggunim that became particularly famous or derived from non Jewish sources but underwent a process that allowed them to be adopted by the Admorim leaders and integrated into the Chassidic court s repertoire     **Brief Ecstasy** Denise Robins,2014-08-14

**Lost Ecstasy** June McDaniel,2018-06-26 This book is a study of religious ecstasy and the ways that it has been suppressed in both the academic study of religion and in much of the modern practice of religion It examines the meanings of the term how ecstatic experience is understood in a range of religions and why the importance of religious and mystical ecstasy has declined in the modern West June McDaniel examines how the search for ecstatic experience has migrated into such areas as war terrorism transgression sexuality drug use and anti institutional forms of spirituality She argues that the loss of religious and mystical ecstasy as both a religious goal and as a topic of academic study has had wide ranging negative effects She also proposes that the field of religious studies must go beyond criminalizing trivializing and pathologizing ecstatic and mystical experiences Both religious studies and theology need to take these states seriously as important aspects of lived human experience     **Forever Ecstasy** Janelle Taylor,2011-10-24 SAVAGE ECSTASY WHISPERED KISSES FOLLOW THE WIND These are just a few of the books that have made Janelle Taylor such a beloved and bestselling author of
