Ecumenical Hospitality Patterns For Church Practice:

Church on the Way Nell Becker Sweeden, 2015-07-17 The practice of Christian hospitality reaches back to the early centuries of Christian life as well as deep into Jewish history life and Scripture This practice is alive today in Christian churches and in parachurch organizations within the United States but new contextual realities in particular twenty first century global migration patterns have altered the conditions under which hospitality is practiced The reality of migration and its effect on human lives disrupts static conceptions of hospitality and challenges ecclesial communities toward contextual appropriation of hospitality practice This volume explores Christian hospitality practice in light of twenty first century U S Latino a migration and it develops the notion of a journeying hospitality of accompaniment with and among persons migrating which fosters deeper relationships and formation The shifting identities of persons on the move challenge assumptions about what it means to welcome another in hospitality and ultimately what it means to be church from within these new relationships In turn the new conceptions and expressions of hospitality offered in this book press how the nature and mission of the church will be oriented toward new ecclesial patterns and alternative forms of residing on earth

Ecclesial Recognition with Hegelian Philosophy, Social Psychology & Continental Political Theory Timothy T.N. Lim, 2017-07-03 Ecclesial Recognition proffers a framework for churches to accept the legitimacy and authenticity of each other as the Church in the dialogical process towards fuller communion Typically recognition and its reception investigate theologically the sufficiency of creeds as ecumenical statements of unity the agreeability of essential sacramentality of the church and the recognition of its ministries as the churches witness of the gospel This monograph conceives ecclesial recognition as an intersubjective dynamics of inclusion and exclusion amid identity formation and consensus development with insights from Hegelian philosophy group social psychology and the Frankfurt School Axel Honneth s political theory The viability of this interdisciplinary approach is demonstrated from the French Dominican Yves Congar s oeuvre with implications for intra Communion and inter Church relations Dr Lim examines philosophical recognition theory group social psychology and political recognition theory to analyse the non theological impasses confronting the whole ecumenical movement Rev Dr Trevor Hoggard Director English speaking Ministries Methodist Church of New Zealand Lim masterfully argues for the viability of an interdisciplinary approach to ecumenical recognition within communities among churches and in their common pastoral mission Fr and Professor Radu Bordeianu Duquesne University and Orthodox theologian Representative of the Greek Orthodox Metropolis of Pittsburgh and Assistant Priest of Holy Trinity Greek Orthodox Church in Pittsburgh This book makes an important contribution to ecumenical ecclesiology Rev Dr and Professor Sandra Beardsall St Andrew s College Canada and United Church of Canada Ordained Minister I find Dr Lim s work a solid and necessary contribution to ecumenical work around the world Rev Dr and Professor Dominick D Hanckle Regent University and priest of the Communion of Evangelical Episcopal Churches With penetrating analysis and creative suggestions this monograph takes

the talk about ecumenical recognition in a new level Professor Veli Matti K rkk inen University of Helsinki *The Trinity and Ecumenical Church Thought* William C. Ingle-Gillis,2016-12-05 Some hundred years from inception the ecumenical movement is stagnating William C Ingle Gillis argues that the problem lies in modern ecumenism s treatment of denominational Churches as provisional entities requiring reunion to be more fully Christ s Body In a work unique both to ecumenical studies and to trinitarian theology the author redefines ecclesial life from the premise that God s essence is personhood in communion and that the ultimate calling of human persons is to share as fully in the divine life as Christ himself Concluding that the Churches are by the Spirit s action a tangible dynamic event wherein God makes visible his on going reconciliation of the world to himself Ingle Gillis argues that the Churches true life lies in coming together rather than being together This conclusion places ecumenism at the heart of Church life and witness Mapping Modern Theology Kelly M. Kopic,Bruce L. McCormack,2012-04-01 This textbook offers a fresh approach to modern theology by approaching the field thematically covering classic topics in Christian theology over the last two hundred years The editors leading authorities on the history of nineteenth and twentieth century theology have assembled a respected team of international scholars to offer substantive treatment of important doctrines and key debates in modern theology Contributors include Kevin Vanhoozer John Webster Veli Matti K rkk inen and Michael Horton The volume enables readers to trace how key doctrinal questions were discussed where the main debates lie and how ideas developed Topics covered include the Trinity divine attributes creation the atonement ethics practical theology and ecclesiology Churches in the Family of God Dr Peter Uche Uzochukwu,2012-04-04 *Building a Eucharistic Pedagogy for the Presbyterian Church of Korea* Hyoungh Seop Shin,2013-04-29 Based on the critical conversations between education liturgy sociology and theology this book suggests an alternative eucharistic pedagogy for the Presbyterian Church of Korea by reforming eucharistic and curricular practices with attention to students specific local contexts This process includes the formulation of the definition of the new eucharistic pedagogy the reconceptualization of concepts regarding the eucharistic pedagogy and five steps as pedagogical strategies for a new eucharistic pedagogy for the Presbyterian Church of Korea including pedagogical guidelines for teachers and students This book will open the door for further educational and liturgical discussions of the work of contextualization in churches around the world Even though this study investigates a contextual pedagogy limited to the PCK this task needs attention and study in a larger context beyond the PCK The gospel is the worldwide truth that cannot be limited to a certain culture but becomes incarnated into each local culture Therefore this kind of contextual investigation between the gospel and culture will not be optional but imperative to all churches **The Spirit Driven Church** Terje Hegertun,2017-06-28 Must the church be either charismatic or sacramental In this book Terje Hegertun argues that she has the privilege of being both The Day of Pentecost formed her identity and shaped her conviction of being lifted on the arms of grace and pushed forward by the power from on high In the midst of her vulnerability and failure the worldwide faith community is a composition of the

Spirit One of the greatest gifts the church may offer the world is simply to be church a charismatic sacramental fellowship a dwelling place of God's Spirit A church nurtured by graceful charismatic and sacramental gifts fosters a mature congregational spirituality distinguished by hospitable relations Thus the Spirit of God plays the main role of being the comprehensive principle of Christian unity across denominational lines **The Hospitality of God** Mary

Gray-Reeves, Michael Perham, 2011-03-01 What happens when two bishops known for their liturgical sensibilities travel to study alternative Christian communities on two continents Bishops Mary Gray Reeves and Michael Perham traveled throughout the U S and U K to study fresh expressions of church and identify the principles that link these new forms of worship and community The Hospitality of God captures their practical and inspiring findings and builds a bridge between fresh new voices and the institutional church The Oxford Handbook of Ecumenical Studies † Geoffrey Wainwright, Paul McPartlan, 2021-05-25 The Oxford Handbook of Ecumenical Studies is an unparalleled compendium of ecumenical history information and reflection With essay contributions by nearly fifty experts in their various fields and edited by two leading international scholars the Handbook is a major resource for all who are involved or interested in ecumenical work for reconciliation between Christians and for the unity of the Church Its six main sections consider respectively the different phases of the history of the ecumenical movement from the mid nineteenth century to the present the ways in which leading Christian churches and traditions Orthodox Anglican Methodist Catholic Lutheran Reformed Baptist and Pentecostal have engaged with and contributed to the movement the achievements of ecumenical dialogue in key areas of Christian doctrine such as Christology and ecclesiology baptism Eucharist and ministry morals and mission and the issues that remain outstanding various ecumenical agencies and instruments such as covenants and dialogues the World Council of Churches the Pontifical Council for Promoting Christian Unity and the Global Christian Forum the progress and difficulties of ecumenism in different countries areas and continents of the world the UK and the USA Africa Asia South America Europe and the Middle East and finally two all important questions are considered by scholars from various traditions what would Christian unity look like and what is the best method for seeking it This is a remarkably comprehensive account and assessment of one of the most outstanding features of Christian history namely the modern ecumenical movement

Receptive Ecumenism as Transformative Ecclesial Learning Paul D. Murray, Gregory A. Ryan, Paul Lakeland, 2022-05-26 Receptive Ecumenism asks not what other churches can learn from us but what can we learn and receive with integrity from our ecclesial others Since the publication of Receptive Ecumenism and the Call to Catholic Learning Exploring a Way for Contemporary Ecumenism OUP 2008 this fresh ecumenical strategy has been adopted critiqued and developed in different Christian traditions and in local national and international settings including the most recent bilateral dialogue of the Anglican Roman Catholic International Commission ARCIC III The thirty eight chapters in this new volume by academics church leaders and ecumenical practitioners who have adopted and adapted Receptive Ecumenism

in various ecclesial and cultural contexts show how Receptive Ecumenism has grown and matured Part One demonstrates how Receptive Ecumenism itself is capable of being received with integrity into very different ecclesiologies and ecclesial traditions In Part Two this approach to transformative ecumenical learning is applied to some recurrent ecclesial problems such as the understanding and practice of ministry revealing new insights and practical opportunities Part Three examines the potential and challenges for Receptive Ecumenism in different international settings Part Four draws on scripture hermeneutics and pneumatology to offer critical reflection on how Receptive Ecumenism itself implements transformative ecclesial learning Addressing the 70th Anniversary of the World Council of Churches Archbishop Justin Welby said that One of the most important of recent ecumenical developments has been the concept of Receptive Ecumenism This volume provides an indispensable point of reference for understanding and applying that concept in the life of the Christian churches today

Christian Law Norman Doe, 2013-09-12 Christian Law Contemporary Principles offers a detailed comparison of the laws of churches across ten distinct Christian traditions worldwide Catholic Orthodox Anglican Lutheran Methodist Reformed Presbyterian United Congregational and Baptist From this comparison Professor Doe proposes that all denominations of the faith share common principles in spite of their doctrinal divisions and that these principles reveal a concept of Christian law and contribute to a theological understanding of global Christian identity Adopting a unique interdisciplinary approach the book provides comprehensive coverage on the sources and purposes of church law the faithful lay and ordained the institutions of church governance discipline and dispute resolution doctrine and worship the rites of passage ecumenism property and finance as well as church State and society This is an invaluable resource for lawyers and theologians who are engaged in ecumenical and interfaith dialogue showing how dogmas may divide but laws link Christians across traditions

Bakker, Steven R. Harmon, Elizabeth Newman, 2022-11-30 The landmark World Council of Churches convergence text *The Church Towards a Common Vision* 2012 which has the potential to become this generation's Baptism Eucharist and Ministry 1982 invites the churches to envision how their own distinctive visions of the church might have a place in the global church's imagination of the ecumenical future *Seeds of the Church Towards an Ecumenical Baptist Ecclesiology* is a collaborative effort by members of the Baptist World Alliance Commission on Baptist Doctrine and Christian Unity to respond to this invitation This book contends that the distinctive Baptist ecclesial vision is best embodied in twelve core practices of Baptist churches and their interrelationship: covenanting, discerning, gathering, befriending, proclaiming, equipping, baptizing, discipling, caring, theologizing, scattering, and remembering *Seeds of the Church* opens a window on what is possible when Baptists engage with people of other Christian traditions in the exploration of the common heritage of people belonging to the one household of faith The global Baptist theological voices represented in this volume offer it as a reading of an ecumenical text in a Baptist key that paves the way for ecclesiological renewal among Baptists and in the whole church to which they belong

Broken Lights and Mended Lives Rowan A. Greer, William Caferro, 2008-02-04 A discussion by a broadly respected authority of the complicated relationship between theology and ordinary life in the early church The first section of the book scrutinizes theology with a view to understanding its bearing upon Christian understandings of life: the theological stories of Irenaeus, Gregory of Nyssa, and Augustine The second section examines aspects of ordinary life and explores how Christians related them to religious ideas: the family, hospitality, citizenship, monasticism, and attitudes toward the collapse of the Roman Empire in the West This very learned piece of work, which reflects lengthy study of original texts as well as of the current and important secondary literature, is distinctive because it does not conform to the present reigning ideology The author writes as a convinced Christian thinker He believes that there is no such thing as a purely detached observer and that the best way of being critical and fair is to make no secret of one's presuppositions but to face them so as to be able to discount them when necessary This quality makes the work interesting and suggestive The book is of importance to scholars and theologians and to all concerned with the early church *Mission and Liturgy* Dr. Jameson K. Pallikunnil, 2018-06-15 As an ancient Christian community, the Mar Thoma Church, with its vibrant life of mission and sacraments, has a pride of place in the Christendom The evangelization process and constant migration made this church a global Church which has encountered multi-cultural and multi-ethnic atmosphere and assimilated various cultural practices and faced faith

confrontation in its own geographical regions This confrontation has caused a renewed view of nature identity and mission of the Church in a positive manner Mission is in fact the lifeblood of the Church Through its mission work and revised liturgy the Mar Thoma Church took a pioneer role in the formation and nurturing of new Christian communities in India and different parts of the world Hence this book reflects on the role of liturgy and its influence on the missionary undertakings of the MTC It elucidates how the revised liturgy functions as a basis for mission and recounts how liturgy and mission are connected Further the diverse mission centres of the Church and its cultural specialties an integration of liturgy and evangelism importance of liturgical orientation and training are also dealt with in detail Added to this the various challenges of the Church in its mission fields and diaspora regions are studied in the framework of the liturgy The scope of liturgical renewal is looked into where the liturgical adaptation and possibilities of contextual liturgies in the Church are studied This study concludes with some of the pertinent liturgical proposals for the furtherance to sustain the life and mission of the Church With a living experience and profound theological understanding this ancient but reformed Church has something unique to offer to the whole Christendom
