A Generous Vision Cathy Curtis, 2017-09-04 The first biography of Elaine de Kooning *A Generous Vision* portrays a woman whose intelligence droll sense of humor and generosity of spirit endeared her to friends and gave her a starring role in the close knit world of New York artists Her zest for adventure and freewheeling spending were as legendary as her ever present cigarette Flamboyant and witty in person she was an incisive art writer who expressed maverick opinions in a deceptively casual style As a painter she melded Abstract Expressionism with a lifelong interest in bodily movement to capture subjects as diverse as President John F Kennedy basketball players and bullfights In her romantic life she went her own way always keen for male attention But she credited her husband Willem de Kooning as her greatest influence rather than being overshadowed by his fame she worked in his light Nearly two decades after their separation after finally embracing sobriety herself she returned to his side to rescue him from severe alcoholism Based on painstaking research and dozens of interviews *A Generous Vision* brings to life a leading figure of twentieth century art who lived a full and fascinating life on her own terms
