Tucker Turtle Time to Tuck and Think Home

A scripted story to assist with teaching the "Turtle Technique" to students with anxiety in school and very social situations

Introducing the Turtle Technique

Dear Families,

At NAMI, we understand that children and adolescents with mental health conditions can experience a wide range of challenges. One of the most common is anxiety, which can make it difficult for children to manage their emotions and cope with everyday situations. The Tucker Turtle Technique is a simple, easy-to-use tool that can help children learn to recognize their feelings, stop their body, tuck from their chest, and take three deep breaths to calm down.

We are excited to share this new resource with you. It is a simple, easy-to-use tool that can help children learn to recognize their feelings, stop their body, tuck from their chest, and take three deep breaths to calm down.
