

Efficiency, equity, and Legitimacy

- **Efficiency**--the ability of insurance to act as the lowest-cost method for achieving goals remains an open question
- **Equity**--A government can structure the program to target those most deserving
 - The often indirect method by which governments provide subsidies through insurance is inconsistent with efforts to target benefits to the deserving as traditionally defined.
 - Such is the case with the farmer that plants high risk crops.
- **Legitimacy**--Government insurance programs are typically rare in the U.S. and abroad, although the scope of the few programs that exist is large. The fact that the insured pay premiums help clarify legitimacy (vs. grant programs)

Efficiency Equity And Legitimacy

Efficiency Equity And Legitimacy:

Efficiency, Equity, and Legitimacy Roger B. Porter, Pierre Sauve, Arvind Subramanian, 2004-06-23 A Brookings Institution Press and the Center for Business and Government at Harvard University publication The multilateral trading system stands at a crossroads Despite its widely acknowledged contribution to global prosperity over the past half century the movement toward further liberalization has increasingly been challenged These essays by leading scholars and trade officials honor Raymond Vernon one of the architects of the international economic institutions established following the Second World War The book examines several key issues at the heart of the debate over the multilateral trading system What are the global efficiency gains from further liberalization How can efficiency gains be maximized while respecting legitimate claims to sovereignty Is the trading system affording an equitable distribution of benefits between countries and among various groups within societies Does civil society have a role in the trading system What role should the World Trade Organization and its dispute settlement procedures play in resolving disputes and enhancing legitimacy

China's Quest for Political Legitimacy Baogang Guo, 2010-09-23 This book examines the new equity enhancing politics in China in the context of Chinese traditional cognitive patterns of political legitimacy and its implication for Chinese political development in the near future Based on an analysis of the new governing philosophy the generation of political elite and a new set of public policies the book reaffirms the emergence of a new Chinese polity that infuses one party rule with limited electoral and deliberative democracies Unlike many scholars who perceive the contemporary Chinese history as a constant search for democracy this book takes a very different approach It asserts that the enduring question in political development in China today is no different from what was sought after throughout Chinese history namely the constant search for political legitimacy Even though the quest for democracy is instrumental to that end it may not ultimately lead to the embrace of a full fledged liberal democracy The new politics is not only a rationalization of the efficiency based development but also a major paradigm shift in China's developmental strategy

The End of Sovereignty? Transatlantic Policy Consortium. Annual Colloquium, 2006 The second volume of the Transatlantic Public Policy Series comprises contributions by members of the Transatlantic Policy Consortium TPC The 17 provocative contributions focus on the concept of internal and external sovereignty which is critical on both sides of the Atlantic It is not easy to articulate the domain and limits of the state's control of its resources its capacity to coerce activities within its borders its powers to treat other states as co equals across a border or even implement its own defense trade or regulatory policies The volume provides a unique insight into these problems from a European and US perspective

The Law and Economics of Globalisation Linda Y. Yueh, 2009-01-01 The diversity of author backgrounds coupled an assortment of provocative insights makes this book a useful tool for delving into the meat of globalization providing a succinct but authoritative overview of the underpinnings necessary to appreciate the who what where and when of globalization American Society of International Law This is a fascinating and insightful set of essays the relevance of which

has only increased with the financial and economic crisis The ideas and basic positions of the authors range wide but that is exactly what we require as we struggle to understand twenty first century globalisation and what to do about it I should like to see it in the hands of all academics and policy makers working on global affairs Alan Winters University of Sussex Chief Economist UK Department for International Development and Former Head of Research the World Bank This interdisciplinary volume focuses on the economic and legal challenges confronting globalisation and the evolution of the global system The Law and Economics of Globalisation discusses the hotly debated topic of globalisation from a wide set of perspectives of law economics and international political economy The authors shed new light on the legal economic and institutional issues raised by globalisation extending into areas previously considered as national issues They discuss how the development of the norms institutions and reach of the global system will be influenced by the domestic and international concerns arising from the increasing integration of countries in the new century With contributions from lawyers economists and other experts in the field this book will be welcomed by academics students researchers and policymakers who are interested in a comprehensive volume on economic globalisation It will also appeal to a wider audience such as executive education courses as well as business and law schools

International Encyclopedia of Human Geography ,2019-11-29 International Encyclopedia of Human Geography Second Edition Fourteen Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context

Challenges for pro-poor benefit sharing schemes in the implementation of REDD+ in Mexico Arturo Balderas Torres,Margaret McCall Skutsch,2014-12-01 Many environmental and social benefits will result from implementing activities to tackle emissions from deforestation and forest degradation and to promote the conservation of forest carbon stocks as well as from the sustainable management of forests and carbon enhancements in developing countries REDD Benefit sharing in REDD refers to the ways in which the financial benefits resulting from these activities will be distributed among different local stakeholders within a country It is necessary to create ad hoc institutional frameworks and design equitable and transparent benefit sharing schemes such that the rewards may be distributed among all the many stakeholders within the country who have in some way participated in the achievements This report presents a summary of the gaps and problems in the design of benefit sharing schemes focusing particularly on the

need to develop pro poor schemes and includes the Forest Dialogues main recommendations and suggestions An assessment of both the challenges and the potential paths for implementation is included in the example provided by the case of implementation of REDD in Mexico **Legitimacy, Justice and Public International Law** Lukas H. Meyer,2009-11-12

Most chapters in this volume were first presented at a symposium held at the University of Bern in December 2006 Page ix

Public Finance Richard W. Tresch,2022-01-07 Public Finance A Normative Theory Fourth Edition provides a classic text on the normative theory of government policy This valuable and accessible resource covers the welfare aspects of public economics with considerable coverage of European examples The work presents detailed and comprehensive coverage of theoretical literature empirical work environmental issues social insurance behavioral economics and international tax issues The book is organized logically written in an engaging manner and is both sufficiently rigid for use by those with PhDs in math and accessible to students less well trained in math Provides a logical progression from normative theory to concise mathematical applications Covers European examples welfare economics and tax law updates Includes pedagogical supplements such as end of chapter questions and answers *Trading Services in the Global Economy* Juan R. Cuadrado Roura,Luis Rubalcaba-Bermejo,J. R. Bryson,2002-01-01 This book provides one of the first interdisciplinary reviews of the relationship between services globalisation and trade liberalisation as we enter the twenty first century Written by academics and policymakers it contains a detailed analysis of the characteristics of service trade and of recent and current service trade negotiations *China in the Twenty-First Century* S. Hua,S. Guo,2007-08-20 In this edited volume leading scholars from US and China analyze the challenges and opportunities for China in the 21st century each emphasizing particular dimensions of politics economics political culture and foreign policy Issues examined include social harmony and statecraft media and political culture and legality in foreign trade *The Tools of Government* Lester M. Salamon,2002-02-22 The Tools of Government is the first professional guide to the principles and practices of public administration in an age when governments no longer provide many services but arrange for others to do so Characterized by extensive collaboration among levels of government and between government and the private sector this new approach to solving public problems presents many new important issues Comprehensive in scope this new book offers a first hand look at the challenges faced by contracting out to nonprofit and profit sectors for grants insurance regulation vouchers cooperative arrangements tax data grants in aid and others The chapters examine over 20 different tools in use today and summarizes their basic features patterns of usage key tasks political and substantive rational and the major management challenges that each one poses International in coverage and application this book is ideal for students teachers and scholars in public administration management public policy economics political science and nonprofit management managers and heads of state local and federal agencies executives in foundations and other nonprofit organizations and academic government and research libraries **Law in the Service of Human Dignity** Steve Charnovitz,Debra P. Steger,Peter Van den Bossche,2005-10-27

The accelerating pace of international law developments in multiple fora present a challenge for studying influencing and predicting these changes This volume assembles essays from notable jurists academics and practitioners from around the world who offer new insights regarding the jurisprudence of world trade law the changing landscape of investment arbitration and other vital topics in international adjudication These essays are assembled in celebration of Justice Florentino Feliciano of The Philippines who continues to be one of the most inspirational figures in the international law community This collection will be of special interest to analysts of the World Trade Organization as the contributors include six current or former members of the WTO Appellate Body as well as several leading trade law commentators Among the key issues discussed are the WTO environmental cases trade and human rights and potential reforms of the WTO dispute system

Bioproperty, Biomedicine and Deliberative Governance Katerina Sideri, 2016-04-08 Biomedical patents have been the subject of heated debate Regulatory agencies such as the European Patent Office make small decisions with big implications which escape scrutiny and revision when they decide who has access to expensive diagnostic tests whether human embryonic stem cells can be traded in markets and under what circumstances human health is more important than animal welfare Moreover the administration of the Trade Related Aspects of Intellectual Property Rights by the World Trade Organization has raised considerable disquiet as it has arguably created grave health inequities Those doubting the merits of the one size fits all approach ask whether priority should be given to serving the present needs of populations in dire need of medication or to promoting global innovation The book looks in detail into the legal issues and ethical debates to ask the following three main questions First what are the ideas goals and broader ethical visions that underpin questions of governance and the legal reasoning employed by administrative agencies Second how can we democratize the decision making process of technocratic institutions such as the European Patent Office Finally how can we make the global intellectual property system more equitable In answering these questions the book seeks to contribute to our understanding of the role and function of regulatory agencies in the regulation of the bioeconomy explains the process of interpretation of legal norms and proposes ways to rethink the reform of the patent system through the lens of legitimacy **The Oxford Handbook on The World**

Trade Organization Amrita Narlikar, Martin Daunton, Robert M. Stern, 2012-05-31 This handbook provides a holistic understanding of what the World Trade Organization does how it goes about fulfilling its tasks its achievements and problems and how it might contend with some critical challenges *The Power of Legality* Nikolas M. Rajkovic, Tanja E. Aalberts, Thomas Gammeltoft-Hansen, 2016-07-28 From an airstrip in Saudi Arabia the CIA launches drones to legally kill Al Qaida leaders in Yemen On the North Pole Russia plants a flag on the seabed to extend legal claim over resources In Brussels the European Commission unveils its Emissions Trading System extending environmental jurisdiction globally over foreign airlines And at Frankfurt Airport a father returning from holiday is detained because his name appears on a security list Today legality commands substantial currency in world affairs yet growing reference to international legality has not marked

the end of strategic struggles in global affairs Rather it has shifted the field and manner of play for a plurality of actors who now use influence and contest the way that law s rule is applied to address global problems Drawing on a range of case studies this volume explores the various meanings and implications of legality across scholarly institutional and policy settings The World Trade Organization E. Bohne,2010-01-20 This book is about how the WTO functions as a public organization It analyzes and evaluates the WTO from a public administration perspective which is absent from the current debate on WTO reforms dominated by the traditional view that only nation states matter not international organizations

Urban Climate Politics Jeroen van der Heijden,Harriet Bulkeley,Chiara Certom...,2019-05-09 An overview of the forms of agency in urban climate politics including their strengths limitations and the power dynamics between them Written by renowned scholars from around the globe it is ideal for researchers and practitioners working in the area of urban climate politics and governance

The Routledge Handbook of Policy Tools Michael Howlett,2022-08-10 This handbook provides a unique systematic and comprehensive overview from leading experts in the field of the policy making tools deployed at all the phases of the policy process It covers the fundamentals of both new and established policy tools from regulation and public enterprises to subsidies and information campaigns as well as new tools such as social impact investing nudges crowdsourcing co production and new digital governance and data analysis techniques The book consists of nine sections with five corresponding to the major research emphases of studies on policy tools across the stages of the policy cycle agenda setting formulation decision making implementation and evaluation These are accompanied by overviews of key research and concepts a discussion of how different kinds of tools can be usefully combined in simple or complex policy portfolios or mixes and a concluding section on future research directions Consolidating the state of knowledge and uniting classic foundational material with recent advancements in theory and practice in one location the handbook is a defining volume in this field The Routledge Handbook of Policy Tools is essential reading and an authoritative reference for scholars students researchers and practitioners of public policy public administration and public management as well as those interested in comparative politics and government public organizations and the use of policy tools and instruments in individual policy areas from climate change to public health The Administration of Debt Relief by the International
