The Ego and His Own Max Stirner, 2019-11-20

The Ego and His Own is an 1844 work by German philosopher Max Stirner. It presents a radically nominalist and individualist critique of, on the one hand, Christianity, nationalism, and traditional morality, and on the other, humanism, utilitarianism, liberalism, and much of the then-burgeoning socialist movement, advocating instead an amoral, although importantly not inherently immoral or antisocial, egoism. Stirner believed that there was no objective social reality independent of the individual; social classes, the state, the masses, and humanity are abstractions and therefore need not be considered seriously. He wrote of a finite empirical ego, which he saw as the motive force of every human action. Writing chiefly for working-class readers, he taught that all persons

are capable of the self awareness that would make them egoists or true individuals Max Stirner in his book *The Ego and His Own* 1845 recommended instead of social reform a ruthless individualism that should seek satisfaction by any means and at whatever risk A small group of other individualists *The Ego and His Own (Classic Reprint)* Max Stirner,2017-07-12

Araille,2008-05 A new edition of Max Stirner's classic study of the philosophy of anarchism A contemporary of Marx and Engels yet expressing a completely opposite view to them Stirner here reveals the roots of society in disorder and its destination as Anarchism *The ego and its own*/██████████████████ Max Stirner,1995 *The Ego and His Own* Max Stirner,1918 ***The Ego & Its Own*** Max Stirner,1982 *The Ego and His Own* Max Stirner,2013-07-01 Fifty years sooner or later can make little difference in the case of a book so revolutionary as this It saw the light when a so called revolutionary movement was preparing in men's minds which agitation was however only a disturbance due to desires to participate in government and to govern and to be governed in a manner different to that which prevails The revolutionists of 1848 were bewitched with an idea They were not at all the masters of ideas Most of those who since that time have prided themselves upon being revolutionists have been and are likewise but the bondmen of an idea that of the different lodgment of authority The temptation is of course present to attempt an explanation of the central thought of this work but such an effort appears to be unnecessary to one who has the volume in his hand The author's care in illustrating his meaning shows that he realized how prone the possessed man is to misunderstand whatever is not moulded according to the fashions in thinking The author's learning was considerable his command of words and ideas may never be excelled by another and he judged it needful to develop his argument in manifold ways So those who enter into the spirit of it will scarcely hope to impress others with the same conclusion in a more summary manner Or if one might deem that possible after reading Stirner still one cannot think that it could be done so surely The author has made certain work of it even though he has to wait for his public but still the reception of the book by its critics amply proves the truth of the saying that one can give another arguments but not understanding The system makers and system believers thus far cannot get it out of their heads that any discourse about the

nature of an ego must turn upon the common characteristics of egos to make a systematic scheme of what they share as a generality The critics inquire what kind of man the author is talking about They repeat the question What does he believe in They fail to grasp the purport of the recorded answer I believe in myself which is attributed to a common soldier long before the time of Stirner They ask What is the principle of the self conscious egoist the Einzige To this perplexity Stirner says Change the question put who instead of what and an answer can then be given by naming him *The Ego and His Own Volume 2* Max Stirner, 2018-08-06 The Ego and His Own Volume 2 By Max Stirner Those not self conscious and self willed are constantly acting from self interested motives but clothing these in various garbs Watch those people closely in the light of Stirner s teaching and they seem to be hypocrites they have so many good moral and religious plans of which self interest is at the end and bottom but they we may believe do not know that this is more than a coincidence We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
