## **Egypt Pocket Guide To The Pyramids:**

**Berlitz: Cairo Pocket Guide** Berlitz,2012-10-01 Berlitz Pocket Guide Cairo combines informative text with vivid colour photography to uncover one of the world's largest cities. It covers everything you need to know about Cairo's attractions from the Egyptian Museum's world class collections and the Muhammed Ali Mosque in the Citadel to the Khan Al Khalili bazaar and of course the Giza Pyramids on the city's doorstep. Handy maps on the cover flaps help you navigate and the book uses colour coding to differentiate between sections. To inspire you the book offers a rundown of the Top 10 Attractions in the city followed by an itinerary for a Perfect Day in Cairo. The What To Do chapter is a snapshot of ways to spend your time from shopping at the bustling Khan Al Khalili bazaar to sailing serenely down the Nile. The book provides all the essential background information including a brief history of Cairo and an Eating Out chapter covering Egyptian cuisine. There are carefully chosen listings of the best hotels and restaurants and an A-Z of all the practical information you'll need.

**Pyramid Quest** Robert M. Schoch, Robert Aquinas McNally,2005-06-02 The Egyptologist acclaimed for re-dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza. What is the Great Pyramid of Giza? Ask that basic question of a traditional Egyptologist and you get the basic traditional answer: a fancy tombstone for a self-important pharaoh of the Old Kingdom. This Egyptologist's argument is the sole finding based on the data and the only deduction supported by science. By implication anyone who dissents from this point of view is unscientific and woolly minded: a believer in magic and ghosts. Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them. Yet from beneath the obvious terms of this controversy a deeper more significant question arises: how is it that the Great Pyramid exercises such a gripping hold on the human psyche, adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power? In *Pyramid Quest* Robert M. Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis. This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought, extending far back into a little known time. In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings.
