Pyramid Prophecies Max Toth, 1988-03 The author of Pyramid Power reveals prophetic evidence concealed for centuries within the Great Pyramid of Giza and compares it with the prophecies of Edgar Cayce and Nostradamus

Pyramid Quest Robert M. Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In *Pyramid Quest* Robert M Schoch and Robert Aquinas

McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings [The Mystery of the Egyptian Pyramids](#) Everett Fish,2017-01-27 Since this work was undertaken with the view of presenting a purely scientific essay on the Pyramids its plan has been materially changed The range of study necessary to develop the scientific features has enwoven many religious coincidences complicating the mystery of their origin which it would be folly to cast aside It is not a proposition to be sneered at by the most inveterate theomachist that the design origin and destiny of the Great Pyramid are theistic although reasonably subject to negative criticism Nor though fashionable with most modern writers of materialistic views does it comport with good sense and justice to underrate coincidences which as evidences are opposed to our own views But they should rather be weighed value for value with physical testimony for the day has not yet come when we can either dogmatically negate the direct government of a spiritual essence or demolish with rare mepris the intellectual giants whose minds as broad and untrammelled as our own have found reason in a divinity and common sense in a revelation Everett W Fish **Historic Magazine and Notes and Queries** ,1894 List of bibliographies and trans in v 1 12 [The Masonic Review](#) ,1889 [The Baptist Review](#) ,1881 **The Educational Weekly** ,1880 *Masonic Voice and Review* ,1889 [Educational Weekly](#) ,1880 [The Literary World](#) ,1898 *Miscellaneous Notes and Queries* ,1894 *The Baptist Quarterly Review* John Ross Baumes,Robert Stuart MacArthur,Henry Clay Vedder,1880 [The American Bookseller](#) ,1880
