The Eighteen-eighties Royal Society of Literature (Great Britain),1930 **The Eighteen-Eighties** Walter De la Mare,2013-01-03 This 1930 book is comprised of papers concerning themselves with various aspects of life and literature during the 1870s **England in the Eighteen Eighties** H. M . Lynd,2019-05-23 First published in 1945 this volume compares the theoretical panic and practical confusion of its present time to that of the eighteen eighties and looks to it for direction and inspiration Following the decade the Reynolds Newspaper commented that Eighteen seventy nine is gone and we all have reason to be thankful that it is now only a record The decade faced challenges in agriculture a bitter parliament war on two continents stagnant commerce and changing social norms 1879 in particular was a year combining more circumstances of misfortune and depression than any within general experience at the time Then as in 1945 there was a new sense of being in the dark surrounded by the unknown H M Lynd hoped to gain some insight into possible directions of change from a study of this critical period **The eighteen-eighties** ,1978 [The Eighteen-eighties, Essays, by Fellows of the Royal Society of Literature](#). Edited by Walter de La Mare ,1930 **The Eighteen-Eighties** Royal Society of Literature, United Kingdom Staff,2013-03-01 Bonded Leather binding *The Eighteen-Eighties, Essays by Fellows of the Royal Society of Literature* Royal Society Of Literature Of The United Kingdom,1930-01-01 *The eighteen-eighties: essays, by Fellows of the Royal Society of Literature: ed* Walter De la Mare, *From the Ghetto to the Melting Pot* Israel Zangwill,2006 Three plays by Israel Zangwill a noted Jewish playwright published together for the first time in their original form and accompanied by extensive scholarly commentary **Encyclopedia of Literary Translation Into English: A-L** O. Classe,2000 *Ontario Library Review* ,1926 [The Eighteen-Sixties](#) John Drinkwater,2013-01-03 This 1932 book is comprised of papers concerning themselves with various aspects of life and literature during the 1860s *A Concise Bibliography for Students of English* Arthur Garfield Kennedy,Donald B. Sands,1966 **The Literary 1880s** Penny Fielding,Andrew Taylor,2019-10-17 Explores the diverse forces that shaped developments in literature in the 1880s an often overlooked literary decade [British Civilization and Institutions](#) British Council,1946 [Northrop Frye's Student Essays, 1932-1938](#) Northrop Frye,2014-05-01 Frye was a person of uncommon gifts and very little that came from his pen is without interest So writes Robert Denham in his introduction to this unique collection of twenty two papers written by Northrop Frye during his student years Made public only after Frye s death in 1991 all but one of the essays are published here for the first time The majority of these papers were written for courses at Emmanuel College the theology school of Victoria College at the University of Toronto Essays such as The Concept of Sacrifice The Fertility Cults and The Jewish Background of the New Testament reveal the links between Frye s early research in theology and the form and content of his later criticism It is clear that even as a theology student Frye s first impulse was always that of the cultural critic The papers on Calvin Eliot Chaucer Wyndham Lewis and on the forms of prose fiction show Frye as precociously witty rigorous and incisive a gifted writer who

clearly found his voice before his last undergraduate year David Lodge wrote in the *New Statesman* There are not many critics whose twenty year old book reviews one can read with pleasure and instruction but Frye is an exception to most rules Northrop Frye's student essays provide pleasure and instruction through their comments on the Augustinian view of history on beauty truth and goodness on literary symbolism and tradition *Subject Guide to Books: Language and literature, edited by E. W. Padwick* Lionel Roy McColvin, 1967 *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Extraordinary Aesthetes Joseph Bristow, 2023-04-14 The fin de siècle not only designated the end of the Victorian epoch but also marked a significant turn towards modernism *Extraordinary Aesthetes* critically examines literary and visual artists from England Ireland and Scotland whose careers in poetry fiction and illustration flourished during the concluding years of the nineteenth century This collection draws special attention to the exceptional contributions that artists poets and novelists made to the cultural world of the late 1880s and 1890s The essays illuminate a range of established increasingly acknowledged and lesser known figures whose contributions to this brief but remarkably intense cultural period warrant close attention Such figures include the critically neglected Mabel Dearmer whose stunning illustrations appear in Evelyn Sharp's radical fairy tales for children Equally noteworthy is the uncompromising short fiction of Ella D Arcy who played a pivotal role in editing the most famous journal of the 1890s *The Yellow Book* The discussion extends to a range of legendary writers including Max Beerbohm Oscar Wilde and W B Yeats whose works are placed in dialogue with authors who gained prominence during this period Bringing women's writing to the fore *Extraordinary Aesthetes* rebalances the achievements of artists and writers during the rapidly transforming cultural world of the fin de siècle [King Alfred the Great, his Hagiographers and his Cult](#) Tomás Mario Kalmar, 2025-10-01 This book situates Alfred the Great in his hagiographic context For 150 years the fables told in the ninth century about Alfred's childhood have posed interlocking disciplinary challenges to historians committed to evicting romance from history Blending current Hagiography Studies with historical literary and biblical hermeneutics can help us forgo the anti hagiographic commitments which motivated the scholars who purified the Victorian cult of Alfred by expunging his legends and salvaging his historicity The book focusses on the typological functions of three Alfredian fables from the *Old English Chronicle* the *Old English Boethius* and Asser's *Vita lfredi* analyses the plot common to all three critiques the psychological conjecture that Alfred's childhood memory was their common source and

shows that synoptically they can help us see how Alfred shaped the curve of his own life's destiny and how he engaged in the formation of his own cult to last a thousand years
