Tears of Sindhu Naseer Dashti, 2018-05-11 Sindhis are among the few people who retained their national identity for five thousand years Their journey from ancient times to present era is tortuous with episodes of glory and power alternating with periods of occupation and subjugation Sindh was the last Indian states which were occupied by the British in the background of increasing fear of a Russian advance on India In 1947 the United Kingdom of Great Britain decided to withdraw from India but in order to safeguard its vital economic political and strategic interests in the region created a client state of Pakistan Islam was used as a tool in the division of India Sindhis like many other nations were merged into the religious state of Pakistan Since the merger it is a tale of humiliations insults and all kind of exploitative and subjugating mechanization which they are facing Upholding the historic traditions of resisting alien rule Sindhis have been struggling in various ways for regaining their sovereignty The book is a historical narrative of Sindhi struggle for the achievement of a dignified and honourable existence *Karachi* Laurent Gayer, 2014-07-01 Argues that within the seemingly chaotic malaise of Karachi s politics a form of manageable violence exists on which the functioning of the city is based *A Testament of Sindh* Muhammad Soaleh Korejo, 2002 Among the problems facing Sindh today ethnic militarism sectarian extremism and political terrorism have acquired menacing proportions The book is an attempt to seriously and frankly analyse the current problems of Sindh **A History of Pakistan and Its Origins** Christophe Jaffrelot, 2002 A History of Pakistan and its Origins is a comprehensive detailed and fully up to date study of one of the most diverse volatile and strategically significant countries in the world today Born in turmoil barely half a century ago Pakistan seems to be in an interminable pursuit of its own identity and at the same time finds itself a pivotal player in world politics Its short existence has witnessed much four coups d tat the rise of Islam as a power tensions between ethnic religious and separatist movements the Kashmir conflict and the near constant war footing with India This text charts half a century of nation building in Pakistan while at the same time placing the country within the context of its relations with the outside world *The Muslim World Book Review* , 2000

Pakistan Christophe Jaffrelot, 2002-04 This account of Pakistan s complicated political mosaic focuses on ethnic tensions within the country the Mohajir movement Pashtun and Baloch nationalisms and the Punjabization of the country Contributors also look at the country s complex position within the South Asian region including its foreign policy and the dialectic between domestic and foreign policy and the role of the army The book raises many thought provoking questions including the definition of Palestinian identity the control of the state and the deeply flawed institution of democracy *Continuity*
