

Gabriel Fauré

A Research and Information Guide

SECOND EDITION

Edward R. Phillips

Gabriel Faure A Guide To Research

Jeanice Brooks

Gabriel Faure A Guide To Research:

Gabriel Faure Edward R. Phillips, 2009 *Gabriel Fauré* Edward R. Phillips, 2000 Annotation This guide provides basic facts about Gabriel Faure's life and compositions. It is a collection of resource materials that is the first annotated bibliography on his music including the only comprehensive discussion available of the primary sources for his works. Because some secondary sources are so difficult to obtain, the information in this volume will help researchers determine the relevance of such items before attempting to consult them. The various sections present a chronology of Faure's life, a list of his writings and compositions, a descriptive list of autograph manuscripts, and an annotated bibliography of articles, books, and theses. An afterward offers suggestions for further research.

Gabriel Fauré Edward R. Phillips, 2011 This work is part of a series which presents information on composers. Each volume offers annotated lists of all writings in major languages, plus lists of works by the composers, biographical sketches, and guides to library resources, organizations, and specialists.

Fauré Studies Carlo Caballero, Stephen Rumph, 2021-04-22 Presents new research on Fauré by leading scholars encompassing hermeneutics, musical analysis, aesthetic theory, critical theory, and social history.

Sourcebook for Research in Music, Third Edition Allen Scott, 2015-06-01 Since it was first published in 1993, the *Sourcebook for Research in Music* has become an invaluable resource in musical scholarship. The balance between depth of content and brevity of format makes it ideal for use as a textbook for students, a reference work for faculty and professional musicians, and as an aid for librarians. The introductory chapter includes a comprehensive list of bibliographical terms with definitions, bibliographic terms in German, French, and Italian, and the plan of the Library of Congress and the Dewey Decimal music classification systems. Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items, this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology, performance practice, women in music, popular music, education, business, and music technology. These enhancements to its already extensive bibliographies ensure that the *Sourcebook* will continue to be an indispensable reference for years to come.

Gabriel Faure Edward R. Phillips, 2002-09-11 First published in 2000, Routledge is an imprint of Taylor & Francis, an information company.

Music Library and Research Skills Jane Gottlieb, 2017 Concise and engaging, this text covers a wide range of reference sources for research in all genres of music. Through this practical introduction to the key concepts of music research, students will develop a firm understanding of the tools used to gather data, including what types of sources exist, how they are arranged, and how they may best be used to do research.

Regarding Faure Tom Gordon, 2013-12-19 Regarding Fauré, the result of a 1995 conference on Fauré's important contribution to classical music was written by Tom Gordon, artistic director of the Ensemble Musica Nova and a professor in the Department of Music at Bishop's University in Quebec. Also included are contributions from some of the world's most renowned Fauré scholars, including Jean Michel Nectoux, Robert Orledge, Edward Phillips, and Steven Huebner. With a lifetime that spanned the developments of Chopin, Debussy, Schoenberg, and Stravinsky.

the great French composer Gabriel Urbain Fauré 1845-1924 lived during one of the most interesting periods in music history yet steered a course uniquely his own Exploring the composer's role as an educator, critic, composer, and advocate for French music Regarding Fauré is critical, analytical, and interdisciplinary in its approach to understanding Fauré's prodigious works and life Also includes musical examples His numerous compositions include more than 100 songs known as *melodie* or *French a*

The Art of French Piano Music Roy Howat, 2009-08-11 An essential resource for scholars and performers this study by a world renowned specialist illuminates the piano music of four major French composers in comparative and reciprocal context Howat explores the musical language and artistic ethos of this repertoire juxtaposing structural analysis with editorial and performing issues He also relates his four composers historically and stylistically to such predecessors as Chopin, Schumann, Liszt, the French harpsichord school, and Russian and Spanish music Challenging long held assumptions about performance practice Howat elucidates the rhythmic vitality and invention inherent in French music In granting Fauré and Chabrier equal consideration with Debussy and Ravel he redresses a historic imbalance and reshapes our perceptions of this entire musical tradition Outstanding historical documentation and analysis are supported by Howat's direct references to performing traditions shaped by the composers themselves The book balances accessibility with scholarly and analytic rigor combining a lifetime's scholarship with practical experience of teaching and the concert platform

The A to Z of Sacred Music Joseph P. Swain, 2010-04-09 Nearly all religious traditions have reserved a special place for sacred music Whether it is music accompanying a ritual or purely for devotional purposes, music composed for entire congregations or for the trained soloist or music set to holy words or purely instrumental in some form or another, music is present In fact, in some traditions the relation between the music and the ritual is so intimate that to distinguish between them would be inaccurate The A to Z of Sacred Music covers the most important aspects of the sacred music of Buddhism, Christianity, Confucianism, Hinduism, Islam, Judaism, and other smaller religious groups It provides useful information on all the significant traditions of this music through the use of a chronology, an introductory essay, a bibliography, appendixes, and hundreds of cross-referenced dictionary entries on major types of music, composers, key religious figures, specialized positions, genres of composition, technical terms, instruments, fundamental documents, and sources significant places and important musical compositions

Historical Dictionary of Sacred Music Joseph P. Swain, 2016-10-11 Sacred music is a universal phenomenon of humanity Where there is faith, there is music to express it Every major religious tradition and most minor ones have music and have it in abundance and variety There is music to accompany ritual and music purely for devotion, music for large congregations and music for trained soloists, music that sets holy words and music without words at all In some traditions, Islamic and many Native American to name just two, the relation between music and religious ritual is so intimate that it is inaccurate to speak of the music accompanying the ritual Rather, to perform the ritual is to sing and to sing the ritual is to perform it This second edition of *Historical Dictionary of Sacred Music* contains a chronology, an introduction, appendixes, and an extensive

bibliography The dictionary section has over 800 cross referenced entries on major types of music composers key religious figures specialized positions genres of composition technical terms instruments fundamental documents and sources significant places and important musical compositions This book is an excellent access point for students researchers and anyone wanting to know more about sacred music **Historical Dictionary of Choral Music** Melvin P. Unger,2023-08-14 A Library Journal Starred Review March 2024 praises the book as a remarkable resource that will please both musical professionals and amateurs along with teachers and their students and conductors and singers Throughout the ages people have wanted to sing in a communal context This desire apparently stems from a deeply rooted human instinct Consequently choral performance historically has often been related to human rituals and ceremonies especially rites of a religious nature Historical Dictionary of Choral Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 300 cross referenced entries on composers conductors choral ensembles choral genres and choral repertoire This book is an excellent resource for students researchers and anyone wanting to know more about choral music *Nadia Boulanger and Her World* Jeanice Brooks,2020-11-19 Nadia Boulanger 1887 1979 was arguably one of the most iconic figures in twentieth century music and certainly among the most prominent musicians of her time For many composers especially Americans from Aaron Copland to Philip Glass studying with Boulanger in Paris or Fontainebleau was a formative moment in a creative career Composer performer conductor impresario and charismatic and inspirational teacher Boulanger engaged in a vast array of activities in a variety of media from private composition lessons and lecture recitals to radio broadcasts recordings and public performances But how to define and account for Boulanger s impact on the music world is still unclear Nadia Boulanger and Her World takes us from a time in the late nineteenth century when many careers in music were almost entirely closed to women to the moment in the late twentieth century when those careers were becoming a reality Contributors consider Boulanger s work in the worlds of composition musical analysis and pedagogy and explore the geographies of transatlantic and international exchange and disruption within which her career unfolded Ultimately this volume takes its title as a topic for exploration asking what worlds Boulanger belonged to and in what sense we can consider any of them to be hers **Fauré, Selected Piano Works** Gabriel Fauré,Nancy Bricard,2006-11-09 French composer teacher and pianist Gabriel Faur is remembered for the beauty and elegance of his music as well as for his harmonic and melodic innovations This critical edition addresses sources discrepancies and performance issues tempi pedaling fingering style interpretation and technique The preface also includes historical cultural and social background Notes for Cellists Miranda Wilson,2024-11 Notes for Cellists A Guide to the Repertoire is a collection of accessible essays about key compositions for the cello from the seventeenth century to the present Each essay provides historical context and a brief analysis of a composition This book will be of interest to enthusiasts of the cello and students of all levels seeking to enrich their understanding of cello music and a much needed reference guide for teachers and professional players

Notes Music Library Association,2001 **Reader's Guide to Music** Murray Steib,2013-12-02 The Reader s Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology

Research Materials in Music Phillip R. Rehfeldt,1990-01-01 This text was developed for use in a standard college level introduction to graduate studies course in musicology that I taught for thirty three years at the University of Redlands

Choral Music in the Nineteenth Century Nick Strimple,2008-05 From the author of the critically acclaimed Choral Music in the Twentieth Century comes an indispensable resource for choral conductors choral singers and other music lovers and an essential text for educators and their students Strimple covers repertory by Beethoven Brahms Mendelssohn and lesser figures *The Operas of Maurice Ravel* Emily Kilpatrick,2015-10-26 This first comprehensive study unites musical literary documentary and cultural perspectives to shed new light on Ravel s compositional practice

Yeah, reviewing a book **Gabriel Faure A Guide To Research** could go to your close contacts listings. This is just one of the solutions for you to be successful. As understood, achievement does not suggest that you have extraordinary points.

Comprehending as skillfully as deal even more than supplementary will have enough money each success. next-door to, the revelation as well as acuteness of this Gabriel Faure A Guide To Research can be taken as capably as picked to act.
