Applied New Testament Bible Commentary Tom Hale,Steve Thorson,2012-12-10 The wisdom found in God s Word is timeless as relevant today as when it was first written And the challenge for believers remains unchanged how do we apply these truths to our everyday world The Applied Commentary series is a fresh approach to Bible study connecting great wisdom with your life today Each Scripture passage is enhanced with insights on key themes and ideas Featured articles provide a deeper look at essential concepts while the contemporary language allows for easy reading And because some subjects are open to interpretation for discussion we ve included perspectives from leading theologians from all backgrounds and denominations The result An interactive approach to Scripture that will challenge your ideas and build your faith which is what reading the Bible is all about **Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World** Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,1895 **A Library of Religious Poetry** Philip Schaff,Arthur Gilman,1885 **The Publishers' Trade List Annual** ,1886 **The New Chosen People, Revised and Expanded Edition** William W. Klein,2015-11-25 Controversy rages on about God s choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God s choosing individuals prophets priests kings to serve divine purposes and considers God s election of the nation of Israel as his special people This OT study proposes that God s election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus on the New Testament Klein identifies concepts of election and relationships between writers in the gospels the Lucan material Paul s writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God s election and offers a real challenge to today s church **Sacramental Identity** T. Ryan Dillon,2024-04-01 Who am I A theology of personal identity and an answer to that question should be integral to any theological anthropology For some the answer is found in what many have called expressive individualism an inward turn toward the self and who and what I feel is most authentic to that self Christians respond that we are no longer that person we are in Christ But do either of these answers truly respond to the realities of both storied and embodied persons living out a

life over time and change or the demand for an answer of stability throughout that endless change Sacramental Identity seeks to answer these questions by grounding personal identity in Scripture history and a rich theology of the sacraments of the church In a time where many are skeptical of the church s care for the embodied and storied realities of human life the sacraments invite us into the story of Christ and the church to discover who we are The People's Life of William Ewart Gladstone ,1895 **The Cyclopædia of Practical Quotations** Jehiel Keeler Hoyt,1886
