todos ellos forman parte de la cultura escrita del México decimonónico. Es una cultura escrita que no estaba parcelada en géneros pues resultaba sumamente difusa la línea que separaba el discurso político de la historia, la historia de la literatura, la literatura del periodismo, el periodismo de la hoja volante y la hoja volante del discurso político. Tampoco estaba parcelada en autores pues unos y otros escribían en diferentes medios y con diferentes estilos. Además la pluma se sumó al sable en la construcción del Estado y de la nación. Y de nuevo estos últimos no estuvieron separados pues los escritores asumieron un compromiso patrio e ideológico que en ocasiones defendían por medio de las armas. Se trata de un universo complejo e interconectado que en La República de las Letras reinterpretan y reconstruyen autores de diferentes disciplinas y enfoques. Ello le permite al lector acceder a escritores y obras particulares pero también le ofrece una visión amplia y conjunta de los ambientes, los géneros y los movimientos literarios, los periódicos, las revistas, los folletos, los calendarios y los impresos sueltos y las figuras relevantes del siglo XIX mexicano.
