encounters happened in my own family with healing messages for me and with my Sons angel appearing to him at the age of six I began sharing our story with others As they listened many then began sharing their own miraculous stories with me These are true stories about life changing divine interventions and angelic encounters When angels appeared many came with beautiful and inspirational messages full of loving guidance Some stories are about individuals who were saved by their guardian angel In some instances their divine intervention helped to change the course they were on in their lives through the messages given to them by their angel Many went on to complete their lifes destiny because of their blessed experience God has blessed us by providing each and every one of us guardian angels to guide and protect us throughout our lifetimes until the day an angel leads our soul back to Heaven with God As you read about these heavenly interventions you will be inspired by each one of these beautiful and amazing stories

**From Gabriel to Lucifer** Valery Rees,2012-12-04 Fiery the angels fell slow thunder rolled around their shores burning with the fires of Orc Whether in recent popular culture or back across countless centuries angels have perpetually enthralled mystified and even terrified us Every single angel is terrible wrote the German Romantic poet Rilke and so I hold myself back from the dark bird cry of my anguished sobbing For some in the sceptical post Enlightenment West angels may be no more than metaphors poetic devices to convey at least for those with a religious sensibility an active divine interest in creation But for others angels are absolutely real beings manifestations of cosmic power and energy with the capacity either to enlighten or annihilate those whose awestruck paths they cross Valery Rees here offers the first comprehensive history of these beautiful enigmatic and sometimes dangerous beings whose existence and actions have been charted across the eons of time and civilizations From the ancient Sumerian and Akkadian winged figures to Egyptian representations of Ma at Persian genii Arab djinn biblical cherubim daemons of Hermes Trismegistus and Milton s defiant fallen angels From Gabriel to Lucifer reveals a mesmerising trajectory of angelic belief Whether exploring the feverish visions of Ezekiel and biblical cherubim the Islamic archangels Jibra il Azra il Mika il and Israfil the austere and haunting icons of Andrei Rublev or Wim Wenders Wings of Desire and the more benign idea of the ever watchful guardian angel the author shows that the very ubiquity of these implacable celestial messengers reveal something fundamental if not about God and the devil then about ourselves our perennial preoccupation with how to depict the transcendent

Angels Peter Stanford,2020-12-03 An intriguing exploration of the many roles that angels have played in spiritual life The Sunday Times Nick Rennison In a 2016 poll one in 10 Britons claimed to have experienced the presence of an angel while one in three remain convinced that they have a guardian angel These are huge numbers and mean that on some counts angels are doing better than God In the secular sceptical post Christian world of the West continuing faith in angels is both anomaly and comfort But what exactly are angels and why have so many in different times and contexts around the globe believed in them What is their history and role in the great faiths and beyond their walls Are angels something real a manifestation of divine concern Or part of the poetry of religion And can they continue to illuminate a

deeper truth about human existence and the cosmos These are not new questions They have been asked over millennia right up to the present day as writer journalist and broadcaster Peter Stanford explores in *Angels* his latest investigation into the history theology and cultural significance of religious ideas There is no better navigator through the space in which art culture and spirituality meet than Peter Stanford Cole Moreton Independent on Sunday
