Library of Congress Subject Headings Library of Congress. Subject Cataloging Division, 1980 [Gallipoli 1915](#) Tim Travers, 2016-07-11 Why was the Allied naval assault of February March 1915 so unsuccessful Did the Ottoman Turks have knowledge of the Allied landings of 25 April 1915 And did Sir Ian Hamilton the overall commander of the Allied forces at Gallipoli really make a mistake in his intervention at Suvla These questions and the key issue of why the Ottoman Turks won the 1915 Gallipoli campaign or why the Allies lost it have never been satisfactorily answered This new history of the Gallipoli campaign aims to answer them while also telling the story of what actually happened through the voices of British Australian and Turkish soldiers In order to properly understand the bloody events of 1915 Tim Travers is the first historian of Gallipoli to use the general Staff Ottoman archives in Ankara to tell the other side of the story Wide ranging research in the Turkish archives as well as those in Australia Britain France and New Zealand plus a significant newly discovered German source has produced a startling new interpretation of the 1915 conflict Moving from a study of the Western Front Tim Travers has produced a challenging analysis of the enduring mysteries of the Gallipoli campaign *Fields of Battle* P. Doyle, Matthew R. Bennett, 2013-03-14 Terrain has a profound effect upon the strategy and tactics of any military engagement and has consequently played an important role in determining history In addition the landscapes of battle and the geology which underlies them has helped shape the cultural iconography of battle certainly within the 20th century In the last few years this has become a fertile topic of scientific and historical exploration and has given rise to a number of conferences and books The current volume stems from the international Terrain in Military History conference held in association with the Imperial War Museum London and the Royal Engineers Museum Chatham at the University of Greenwich in January 2000 This conference brought together historians geologists military enthusiasts and terrain analysts from military academic and amateur backgrounds with the aim of exploring the application of modern tools of landscape visualisation to understanding historical battlefields This theme was the subject of a Leverhulme Trust grant F 345 E awarded to the University of Greenwich and administered by us in 1998 which aimed to use the tools of modern landscape visualisation in understanding the influence of terrain in the First World War This volume forms part of the output from this grant and is part of our wider exploration of the role of terrain in military history Many individuals contributed to the organisation of the original conference and to the production of this volume **Our Friend the Enemy** David W. Cameron, 2014-10-01 *Our Friend the Enemy* is the first detailed history of the Gallipoli campaign at Anzac since Charles Bean's Official History Viewed from both

sides of the wire and described in first hand accounts Australian Captain Herbert Layh recounted that as they approached the beach on 25 April that once we were behind cover the Turks turned their fire on us and gave us a lively 10 minutes A poor chap next to me was hit three times He begged me to shoot him but luckily for him a fourth bullet got him and put him out of his pain Later that day Sergeant Charles Saunders a New Zealand engineer described his first taste of battle The Turks were entrenched some 50 100 yards from the edge of the face of the gully and their machine guns swept the edges Line after line of our men went up some lines didn't take two paces over the crest when down they went to a man and on came another line Gunner Recep Trudal of the Turkish 27th Regiment wrote of the fierce Turkish counter attack on 19 May designed to push the Anzac's back into the sea It started at morning prayer call time and then it went on and on never stopped You know there was no break for eating or anything Attack was our command That was what the Pasha said Once he says Attack you attack and you either die or you survive *Middle East Conflicts from Ancient Egypt to the 21st Century* Spencer C.

Alan Jeffreys,2017-01-24 The Indian Army was the largest volunteer army during the Second World War Indian Army divisions fought in the Middle East North Africa and Italy and went to make up the overwhelming majority of the troops in South East Asia Over two million personnel served in the Indian Army and India provided the base for supplies for the Middle Eastern and South East Asian theatres This monograph is a modern historical interpretation of the Indian Army as a holistic organisation during the Second World War It will look at training in India charting how the Indian Army developed a more comprehensive training structure than any other Commonwealth country This was achieved through both the dissemination of doctrine and the professionalism of a small coterie of Indian Army officers who brought about a military culture within the Indian Army starting in the 1930s that came to fruition during the Second World War which informed the formal learning

process Finally it will show that the Indian Army was reorganised after experiences of the First World War During the interwar period the army developed training and belief for both fighting on the North West Frontier and as an aid to civil power With the outbreak of the Second World War in addition to these roles the army had to expand and adapt to fighting modern professional armies in the difficult terrains of desert jungle and mountain warfare A clear development of doctrine and training can be seen with many pamphlets being produced by GHQ India that were in turn used to formulate training within formations and then used in divisional brigade and unit training instructions thus a clear line of process can be seen not only from GHQ India down to brigade and battalion level but also upwards from battalion and brigade level based on experience in battle that was absorbed into new training instructions Together with the added impetus for education in the army by 1945 the Indian Army had become a modern professional and national army **World War I** Spencer C.

Willbanks, 2013-05-01 A concise account of the extraordinary careers of the five men who had perhaps the greatest impact on the US military of the late twentieth century Andrew Wiest author of *The Boys of 67 Charlie Company's War in Vietnam* Formally titled General of the Army the five star general is the highest possible rank awarded in the U S Army in modern times and has been awarded to only five men in the nation's history George C Marshall Douglas MacArthur Dwight D Eisenhower Henry H Arnold and Omar N Bradley In addition to their rank these distinguished soldiers all shared the experience of serving or studying at Fort Leavenworth Kansas where they gained the knowledge that would prepare them for command during World War II and the Korean War In *Generals of the Army* James H Willbanks assembles top military historians to examine the connection between the institution and the success of these exceptional men Historically known as the intellectual center of the Army Fort Leavenworth is the oldest active Army post west of Washington D C and one of the most important military installations in the United States Though there are many biographies of the five star generals this innovative study offers a fresh perspective by illuminating the ways in which these legendary figures influenced and were influenced by Leavenworth This concise volume offers an intriguing look at the lives of these remarkable men and the contributions they made to the defense of the nation An excellent review of the lives and challenges on and off the battlefield during trying times for our country Ike Skelton Former Chairman House Armed Services Committee US Congress Harper's Pictorial Library of the World War Albert Bushnell Hart, 1920 **The Battle of the Frontiers: Ardennes 1914** Terence Zuber, 2009-12-07 Like the Battle of Verdun the Battle of the Frontiers has often been ignored by military historians who assumed that the French lost the first battles of the World War I because they launched suicidal bayonet charges against German machine guns Therefore for nearly a century these battles have been considered uninteresting In reality these were some of the most important hard fought and instructive battles of the First World War The Battle of the Frontiers is the first history of this battle in English and is based on ground breaking research conducted in French and German army archives It also makes use of neglected French and German books and articles as well as German regimental histories and includes personal accounts by participants such as Manfred von Richthofen when he was still a cavalry lieutenant and the young Erwin Rommel Terence Zuber here presents a dramatic new perspective on combat in 1914 The New Zealand Expeditionary Force in World War I Wayne Stack, 2011-10-20 The New Zealand Expeditionary Force earned an elite reputation on the Western Front In World War I and the New Zealanders war effort was a defining moment in their national history The statistics are astonishing of the total population of New Zealand of 1 million no fewer than 100 000 men enlisted and of those 18 000 were killed and 58 000 wounded In other words 15 percent of the male population of New Zealand became casualties Famously the NZEF was first committed at Gallipoli in 1915 but NZ cavalry regiments also helped defend Egypt and fought in Palestine with Allenby's famous Desert Mounted Corps On the

Western Front the Kiwis were called the Silent Division for their fieldcraft and their uncomplaining professionalism This book is both a tribute and a history of the contribution made by a small nation **World War I** Buckley Barry Barrett,1995-01-01 Barrett provides a complete guide to the Dewey Decimal and Library of Congress classification of subjects relating to the First World War To Win the Battle Robert Stevenson,2013 To Win the Battle tells the story of how the 1st Australian Division forged a reputation as one of the great fighting formations of the British Empire during World War One In 1915 it led the way ashore on Gallipoli and in 1916 it achieved the first Australian victory on the Western Front at Pozieres Later it was still serving with distinction in the final battles that defeated the German army in 1918 It was central to the birth of the Anzac legend This ground breaking study describes and explains how the 1st Australian Division rose from obscurity and over three and a half years of hard and bloody campaigning earned a combat record second to none Drawing extensively on primary sources as well as recent scholarship this important book provides a fresh approach and a balanced assessment of the factors that led to the division s success
