**A Brief Political and Geographic History of Africa (Where Are the Belgian Congo, Rhodesia, and Kush?)** John Davenport, 2010-12-23 Africa is a vibrant but all too often misunderstood continent. Outsiders know Africa from the evening news as a collection of countries plagued by war, famine, disease, and poverty. Few people are aware of its rich past, dynamic present, and promising future. Africans, however, look back into a yesteryear crowded with empires and kingdoms and into a tomorrow filled with economic and political potential. The difference between these two ways of seeing Africa emerges from the fact that so many of the places that once dominated its landscape have disappeared from the world's maps. The Belgian Congo, Rhodesia, and Kush are but a few of the locations that no longer can be found on a modern globe. They were once central to the lives of millions of people but now they are gone. They have become places lost in time.

*Egypt Since the Revolution (RLE Egypt)* Panayiotis J. Vatikiotis, 2012 As the leaders of a revolutionary nationalist regime, the Egyptian Free Officers, who came to power following the 1952 Revolution, committed themselves to the attainment of goals associated with modernization, namely rapid economic development based on state planning and industrialization and the political mobilization of society along state-decreed lines. Arising from a conference held at the Centre of Middle Eastern Studies at SOAS with contributions from scholars from the Arab world, Europe, and the US, as well as the UK, these papers raise the questions most important to students of economic and political development.

*Encyclopedia of the Peoples of Africa and the Middle East* Jamie Stokes, 2009 Encyclopedia of the Peoples of Africa and the Middle East is a two-volume A to Z reference to the history and culture of the peoples of Africa and the Middle East.

*Middle East* United States Department of the Army, 1965

*The Rise of the Crescent* Mohammed Younis, 2006-09-22 This book is being presented by a synthesis amidst multi-discipline of educational subjects: Religion, History, Geography, Politics, philosophy, Poetry, Psychology, Mysticism, and others, bound together with the Sociological discipline and culture. More over, it is presented in a modern yet a simplified sub-titled manner so that the reader can open the book at any stage and within reading a page could at least grasp the content of that particular section.

*Indigenous and Minority Populations* Sylvanus Barnabas, 2023-06-21 The sections and chapters contained in this book deal with issues and challenges facing indigenous and minority populations located in several geographical areas of the world. The papers are written by writers and scholars from various parts of the world and like any piece of literature on indigenous and minority populations, the topics are diverse. The perspectives are both interdisciplinary and multi-disciplinary. The issues examined in the various chapters cover areas pertaining to their human rights, preservation of their culture and identity, traditional knowledge, and their challenges, but also scholarly and epistemological approaches to understanding and articulating such topics in academic contexts. Indeed, the issues around

indigenous and minority populations across the world transcend their human rights concerns in relation to dominant groups and institutions within the territorial boundaries of the modern states where they currently live These issues are cultural anthropological sociological philosophical and epistemological as well as historical Any scholarly piece of work on indigenous and minority populations is therefore inevitably inter disciplinary multi disciplinary or both The various topics examined by the authors epitomize this diversity of issues around such populations The book is a significant source of information for students academics practitioners policymakers government officials and non governmental organisations working on issues that pertain to such populations at national regional and global levels
