The Gambling Times Quiz Book Mike Caro,1984-01-01 **Quiz-A-Day** Jayendra Bisnik,2018-03-22 The idea of this book came to me one year back when I was going through the material of the quizzes I had hosted in the past 12 years As a passionate student of the art of quizzing I wanted to share some of the questions that I was proud of and I wanted to share them with the world This quizbook is meant to be opened on a relaxing weekend or on a journey or to be read with loved ones on a beautiful spring day Most of the topics that I have included are also the topics I am really interested in **Sports Trivia Devotional** Dave Veerman,Livingstone Corporation,Dana Niesluchowski,2010 This devotional is an entertaining and engaging book that combines highlights from classic and extreme sports with a fun inspiring daily devotional thought aimed specifically at tweens *Call TV quiz shows* Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee,2007-01-25 Call TV quiz shows are an example of television programmes provided by commercial broadcasters in order to increase their revenue The viewer watches the live broadcast then sends a text message or makes a premium rate telephone call in order to take part with the broadcaster keeping a proportion of the call revenue The Culture Committee has decided to examine this development and whether some form of regulation is required since the programmes seem to be another means of gambling with some members of the public complaining about them This report therefore has set out a number of recommendations as to how broadcasters and regulators should address this The Committee states that there seems to be a lack of fairness and transparency throughout the process For example players are generally not told that it is a matter of luck whether a call is connected to the studio and that the chances of getting through are very slim Also the cost of calling is not always made as clear as it might be or the amount players might have to spend to win a prize Primary responsibility for maintaining confidence in the Call TV quiz show format rests with the operating companies and the broadcasters The Committee believes that the guidance drawn up by the two main regulators Ofcom and ICSTIS does not go far enough the Committee also states that Call TV quiz shows should constitute gaming under the Gambling Act 2005 and the Culture Department and the Gambling Commission should consider this as a matter of urgency operators should have voluntarily introduced practices intended to help viewers who make repeated premium rate calls appreciate how much they are spending also some assessment of the addiction to participation in such shows should be undertaken viewers should be made aware that puzzles on Call TV quiz shows have a cryptic element and that Ofcom should make it obligatory to have games verified with a third party and solutions lodged with them to prevent underhand changes being made while the show is on air Ofcom should also publish periodic reports on its monitoring of Call TV quiz programmes any practice of misleading viewers about call volumes or of blocking of calls would be unfair and fraudulent and should be punished under criminal law the Committee recommends that broadcasters should be required to display some recent historical information about volume of incoming calls and the odds of being connected to the studio also that a single body Ofcom take responsibility for
