Ed. by H. Buck** John Roberts, 1869 **Delicious Pixels** Agata Waszkiewicz, 2022-06-06 Delicious Pixels Food in Video Games introduces critical food studies to game scholarship showing the unique ways in which food is utilized in both video game gameplay and narrative to show that food is never just food but rather a complex means of communication and meaning making It aims at bringing the academic attention to digital food and to show how significant it became in the recent decades as on the one hand a world building device and on the other a crucial link between the in game and out of game identities and experiences This is done by examining specifically the examples of games in which food serves as the means of creating an intimate cozy and safe world and a close relationship between the players and the characters **Tales from the Pitt Panthers** Sam Sciullo, 2004 The Pitt Panthers or the Pittsburgh Panthers Even their name evokes an argument a touch of controversy For anyone who has followed the football and basketball fortunes of the University of Pittsburgh however controversy is just one of many facets of Pitt's programs throughout the institution's very long history Pitt has fielded a football team since 1890 and will celebrate its 100th year of basketball in 2005 Both programs have experienced plenty of success periods of failure lots of humor and some old fashioned heartbreak along the way Tales from the Pitt Panthers goes straight to the people who have lived with and contributed to the stories of Pitt football and basketball including players coaches administrators and fans Author Sam Sciullo Jr does not intend the book to be a chronological history of either sport but rather a look back at some of famous and not so famous games teams incidents and personalities from both the football and basketball programs From the recruitment of football legends like Marshall Goldberg Tony Dorsett and Dan Marino to the basketball prowess of Charley Hyatt and Charles Smith Tales from the Pitt Panthers takes a behind the scenes look at a major metropolitan area's sports team that continue to excite and at times confound its loyalists This is a book for fans that have ever wondered what it was like to be in the locker room just moments before the opening kickoff or

have thought about the emotions felt in the aftermath of a key victory or a crushing loss Included are stories about Tony Dorsett running to the Heisman Trophy and Pitt's national championship season in 1976 a 1970 basketball game at the Field House when a brashpoint guard decided to take strategy into his own hands the things Larry Fitzgerald learned from his near miss shot at the Heisman Trophy in 2003 and Jamie Dixon's thoughts when school officials searched for Ben Howland's replacement after the 2003 season Tales from the Pitt Panthers offers a wide angled look at Pitt football and basketball from several different perspectives from both inside and outside the program
