The Historian's Red Badge of Courage Paul A.

Cimbala, 2020-07-08 For someone who did not actually fight in the American Civil War Stephen Crane was extraordinarily accurate in his description of the psychological tension experienced by a youthful soldier grappling with his desire to act heroically his fears and redemption Stephen Crane's novel *The Red Badge of Courage* provides an extraordinary take on the battlefield experiences of a young soldier coming of age under extreme circumstances His writing took place a generation after the war's conclusion at a time when the entire nation was coming to grips with the meaning of the Civil War It was during this time in the late 19th century that the battle over the memory of the war was taking place This new annotated edition of the novel is designed to guide readers through references made through Crane's characters and how they reflect Civil War military experiences specifically how the youth's experiences reflect the reality of the multi day battle of Chancellorsville which took place in Virginia beginning on May 1 1863 and concluded on May 4 of the same year The annotated text is preceded by introductory essays on Crane and on the Civil War Crane's short story *The Veteran* is also included to allow readers to better understand the post war lives of Civil War soldiers

Hitchcock's Rear Window John Fawell,2004-11-22 In the process of providing the most extensive analysis of Alfred Hitchcock's Rear Window to date John Fawell also dismantles many myths and clichés about Hitchcock particularly in regard to his attitude toward women Although Rear Window masquerades quite successfully as a piece of light entertainment Fawell demonstrates just how complex the film really is It is a film in which Hitchcock the consummate virtuoso was in full command of his technique One of Hitchcock's favorite films Rear Window offered the ideal venue for the great director to fully use the tricks and ideas he acquired over his previous three decades of filmmaking Yet technique alone did not make this classic film great one of Hitchcock's most personal films Rear Window is characterized by great depth of feeling It offers glimpses of a sensibility at odds with the image Hitchcock created for himself that of the grand ghoul of cinema who mocks his audience with a slick and sadistic style Though Hitchcock is often labeled a misanthrope and misogynist Fawell finds evidence in Rear Window of a sympathy for the loneliness that leads to voyeurism and crime as well as an empathy for the film's women Fawell emphasizes a more feeling humane spirit than either Hitchcock's critics have granted him or Hitchcock himself admitted to and does so in a manner of interest to film scholars and general readers alike *An Architectural Approach to*
