Classroom of Choice Jonathan C. Erwin, 2004 Outstanding a great guide for teachers who want to succeed with every student
they teach William Glasser Teachers everywhere face the daily challenge of engaging students whose knowledge skills needs
and temperaments vary greatly How does a teacher establish a learning environment that supports the class as a whole while
meeting the particular needs of individual students Teacher Jonathan C Erwin believes the answer lies in offering real
opportunities to students rather than throwing up the obstacles inherent in traditional discipline and motivation techniques
At the heart of his approach are the five basic human needs of William Glasser s Choice Theory survival and security love and
belonging power through cooperation and competency freedom and fun By understanding and attending to these needs
teachers can customize and manage a classroom environment where students learn to motivate and monitor themselves
Drawing on theories and practices from experts in a variety of learning techniques Erwin explores each of the five basic
needs to create nearly 200 adaptable strategies for teaching and classroom management at any grade level Readers will find
dozens of ideas for helping students make positive changes including Improving their work habits Connecting curriculum
with individual interests Opening lines of communication with teachers and other students Boosting self worth through
accomplishment and Supporting their classmates in cooperative work Erwin ties everything together in a unit guide that
allows teachers to develop a classroom profile based on the needs of individual students The guide can be used with any
district planning approach or curriculum For teachers seeking a win win situation in managing their classrooms The
Classroom of Choice is an excellent aid in creating a learning environment in which students and teachers approach each day
with energy and enthusiasm **Managing the Classroom Environment** Suzanne G. Houff, 2013-10-10 Using William
Glasser s ideas as a foundation this text explores the five basic needs and their implication for classroom management
Additional management concepts and ideas are enmeshed in the developmental recommendations to provide a theoretical
and researched validation for a management plan that moves away from rewards and punishments and focuses on meeting
the needs of the students By investigating the basic needs of survival belonging fun freedom and power the reader can
develop strategies that will help students self regulate and take responsibility for their academics and actions Scenarios are

used to provide practice with classroom situations by offering possible analysis corrective measures and preventive measures
A theory into practice approach helps illustrate how the concepts work in an actual situation **Resources in Education**
