Gamesters' Handbook 2 Donna Brandes,1984 Gamesters' Handbook Two Donna Brandes,1984 A second volume of games with a purpose for groups of all kinds from the co author of the Gamesters Handbook Gamester's Handbook Donna Brandes,Howard Phillips,1988-11 Eight Games for Group Leaders ,1981 **A Practical Hand-Book of Games** Emily Warren Elmore,2015-06-11 Excerpt from A Practical Hand Book of Games This book is planned primarily for the use of teachers and game leaders and the games are discussed from pedagogical and psychological standpoints Only games which have been actually taught by the writer are described and their chief advantages or possible limitations and disadvantages are emphasized Representative games for each age are given but not more than one or two of a type because experience teaches that children thoroughly enjoy games which they know well and like and prefer to play these again and again rather than to be learning new ones constantly This lessens the problem of the young teacher as it is unnecessary for her to be familiar with more than a comparatively small number of games of representative types which can always be available It has been the experience of the writer that many of the games described in various books do not meet with universal approval on the part of children because the end and aim are not what they desire About the Publisher Forgotten
