*In Defence of Fantasy* Ann Swinfen,2019-10-01 The modern fantasy novel might hardly seem to need a defence but its position in contemporary literature in the 1980s was still rather ambivalent Many post war writers had produced highly successful fantasy novels some phenomenal publishing successes had occurred in the field and an increasing number of universities throughout the English speaking world now included the literary criticism of fantasy as part of their English Literature courses None the less some critics and academics condemned the whole genre with a passion that seemed less than objectively critical In this book originally published in 1984 Dr Ann Swinfen presents a wide ranging and comprehensive view of fantasy what it is what it tries to achieve what fundamental differences distinguish it from mainstream realist fiction She concentrates on the three

decades from 1945 when a new generation of writers found that Tolkein had made fantasy respectable Her approach is thematic rather than by individual author and she brings out the profound moral purpose that underlies much modern fantasy in a wide range of works both British and American such as Russell Hoban s The Mouse and His Child C S Lewis s Chronicles of Narnia and Ursula Le Guin s Earthsea Trilogy      **Book Reports (eBook)** Patricia Lewis, Peter Watson, 1991-09-01 Milliken s Book Reports workbook is a compilation of book report forms on twelve book categories from Adventure to Sports and Hobbies Each book report form includes questions at three levels of comprehension literal interpretive and creative A book list forms to keep track of silent and oral reading and tips for choosing a book and giving an oral book report are also included      Home Learning Year by Year, Revised and Updated Rebecca Rupp, 2020-01-21 A comprehensive guide to designing homeschool curriculum from one of the country s foremost homeschooling experts now revised and updated Homeschooling can be a tremendous gift to your children a personalized educational experience tailored to each kid s interests abilities and learning styles But what to teach and when and how Especially for first time homeschoolers the prospect of tackling an annual curriculum can be daunting In Home Learning Year by Year Rebecca Rupp presents comprehensive plans from preschool through high school covering integral subjects for each grade with lists of topics commonly presented at each level recommended resource and reading lists and suggestions for creative alternative options and approaches Included along with all the educational basics are techniques and resources for teaching everything from philosophy to engineering as well as suggestions for dealing with such sensitive topics as sex education Now revised throughout with all new updates featuring the most effective and up to date methods and reading guides to homeschool your child at all ages Home Learning Year by Year continues to be the definitive book for the homeschooling parent
