Handbook for Travellers** Karl Baedeker, 2024-05-01 Reprint of the original first published in 1881 *Journal Asiatic Society* (Kolkata, India), 1836 Divine Teaching and the Way of the World Samuel Fleischacker, 2011-04-21 Samuel Fleischacker defends what the Enlightenment called revealed religion religions that regard a certain text or oral teaching as sacred as wholly authoritative over one s life At the same time he maintains that revealed religions stand in danger of corruption or fanaticism unless they are combined with secular scientific practices and a secular morality The first two parts of *Divine Teaching and the Way of the World* argue that the cognitive and moral practices of a society should prescind from religious commitments they constitute a secular way of the world to adapt a phrase from the Jewish tradition allowing human beings to work together regardless of their religious differences But the way of the world breaks down when it comes to the question of what we live for and it is this that revealed religions can illumine Fleischacker first suggests that secular conceptions of why life is worth living are often poorly grounded before going on to explore what revelation is how it can answer the question of worth better than secular worldviews do and how the revealed and way of the world elements of a religious tradition can be brought together
