Good Sports A History Of Cornell Athletics:

Good Sports Robert J. Kane, 1992 *Good Sports* Robert J. Kane, 1992 *A Companion to American Sport History* Steven A. Riess, 2014-03-26 *A Companion to American Sport History* presents a collection of original essays that represent the first comprehensive analysis of scholarship relating to the growing field of American sport history. Presents the first complete analysis of the scholarship relating to the academic history of American sport. Features contributions from many of the finest scholars working in the field of American sport history. Includes coverage of the chronology of sports from colonial times to the present day including major sports such as baseball, football, basketball, boxing, golf, motor racing, tennis, and track and field. Addresses the relationship of sports to urbanization, technology, gender, race, social class, and genres such as sports biography. Awarded 2015 Best Anthology from the North American Society for Sport History (NASSH). *Wisconsin where They Row* Bradley F. Taylor, 2005 *Wisconsin Where They Row* is the definitive history of rowing at the University of Wisconsin. Although this oldest of intercollegiate sports had its American beginnings in 1852 as a contest among Ivy League men, it would soon have to make room for the stubborn steadfastness of Wisconsin's athletes. Author Brad Taylor captures the unique character of Wisconsin crew and its athletes in this meticulously researched and abundantly illustrated book. Taylor recounts rowing's beginnings as the first UW intramural sport in 1874, the long and rich history of the men's crew, the establishment of the women's team in 1972, and the presence of Wisconsin rowers on every U.S. Olympic rowing squad from 1968 through 2004. Taylor tells of the UW men's victory in 1892 at Oconomowoc against the Chicago Navy, their first competition against an outside club, the story of the famed Berry Crate Crew, and the Badger crew's participation in the early intercollegiate regattas on the Hudson River. Taylor depicts how boats were shipped east by train, how one coach sacrificed most of his salary during the threadbare 1930s to keep the sport alive, and how thousands of spectators watched races from railroad flatcars and yachts. Taylor spent four years interviewing key figures, visiting race venues, and delving into the archives of college libraries, historical societies, and newspapers. The result is not only this book but also a trove of information, rowing memorabilia, and some two thousand images of Wisconsin crew history that Taylor will donate to the University of Wisconsin archives and the new crew boathouse. *Wisconsin Where They Row* documents in detail an exciting story important to sports history, to Wisconsin's heritage, and to alums and fans of the Badger crew teams. It will appeal to anyone who thrills at the sight of oars flashing and shells skimming across blue water. [Abel Kiviat, National Champion](#) Alan S. Katchen, 2009-07-10 Abel Kiviat 1892-1991 was one of track and field's legendary personalities, a world record holder and Olympic medalist in the metric mile. A teenage prodigy, he defeated Hall of Fame runners before his twentieth birthday. Alan S. Katchen brings Kiviat's fascinating story to life and re-creates a lost world when track and field was at the height of its popularity and occupying a central place in America's sporting world. The oldest of seven children of Moishe and Zelda Kiviat, Jewish immigrants from Poland, Abel competed as the Hebrew runner for New York's famed Irish American Athletic Club and

was elected its captain Katchen's engaging biography centers Abel Kiviat's life and his sport firmly in the context of American social history As a quintessential New Yorker Kiviat embodies the urban and ethnic roots of American track From his first schoolboy competitions on city playgrounds to his world records at Madison Square Garden to his pioneering role as track's press steward in the age of emerging media Kiviat's life reveals how his sport was shaped by the culture of the emerging metropolis New York City is not only the setting for these developments but also a subject of the book The narration is enriched with brief portraits of celebrated track athletes including Kiviat's Olympic roommate Jim Thorpe In addition Katchen offers a detailed account of the I AAC's evolution including its close ties to the Tammany Hall political machine and sheds light on the rapid modernization of the sport and the ways it provided a vehicle for the assimilation of working class immigrant athletes Finally Katchen explores the social origins of the ideology of amateurism and its devastating impact on Kiviat's career Kiviat died at ninety nine just months short of carrying the torch for the opening ceremonies of the Barcelona Olympics Abel Kiviat National Champion pays tribute to a remarkable athlete and the sport during its most dynamic and celebrated era

Benching Jim Crow Charles H. Martin, 2010 Historians sports scholars and students will refer to Benching Jim Crow for many years to come as the standard source on the integration of intercollegiate sport Mark S Dyreson author of Making the American Team Sport Culture and the Olympic Experience

Looking Good Margaret A. Lowe, 2003-06-12 Edward Clarke warned in his widely read Sex in Education 1873 but she could not do all this and retain uninjured health and a future secure from neuralgia uterine disease hysteria and other derangements of the nervous system For half a century ideas such as Dr Clarke's framed the debate over a woman's place in higher education almost exclusively in terms of her body and her health

Honor on the Line Robert J. Scott, Myles A. Pocta, 2012-07-27 It was the fall of 1940 and Americans turned to college football for relief from the turbulent world around them The Depression still had its grip on the nation and across the Atlantic the Battle of Britain raged As war crept closer every day the nation's first peacetime draft called Americans to the defense of the country While the great Tom Harmon of Michigan set new standards on the gridiron on other fields black stars struggled for the right to play At Stanford coaching genius Clark Shaughnessy reinvented the game and in the process engineered the greatest turnaround in the history of college football But the team everybody was talking about was Cornell Fueled by the most powerful offense in the country the Big Red dominated the national rankings until on a snowy field at Dartmouth they eked out a win with a touchdown on the last play of the game or did they When it came to light that the touchdown had been scored on a grievous error by the officials Cornell undefeated and in the race for the national championship faced a wrenching decision The 1940 season was one of the most exciting on record and one that taught America about the values that really matter
