Good Intentions Overruled

A Critique of Empowerment in the Routine
Organization of Mental Health Services

Good Intentions Overruled

Dorothy E. Smith

Good Intentions Overruled:

Good Intentions Overruled Elizabeth A. Townsend, 1998-01-01 Townsend illustrates how attempts by occupational therapists to enable empowerment in everyday practice are thwarted by the institutional processes of admission accountability decision making budgeting risk management and discharge

The Transcendent Character of the Good Petruschka Schaafsma, 2022-08-10 This volume addresses issues of moral pluralism and polarization by drawing attention to the transcendent character of the good It probes the history of Christian theology and moral philosophy to investigate the value of this idea and then relates it to contemporary moral issues The good is transcendent in that it goes beyond concrete goods things acts or individual preferences It functions as the pole of a compass that helps orient our moral life This volume explores the critical tension between the transcendent good and its concrete embodiments in the world through concepts like conscience natural and divine law virtue and grace The chapters are divided into three parts Part I discusses metaphysical issues like the realist nature and the unity of the good in relation to philosophical naturalist and theological approaches from Augustine to Iris Murdoch The chapters in Part II explore issues about knowing the transcendent good and doing good exemplified in the delicate balance between divine command and human virtuousness Early Protestant theological views prove to be excellent interlocutors for this reflection Finally Part III focuses on how transcendence is at stake in two heavily debated moral issues of today euthanasia and the family The Transcendent Character of the Good will be of interest to scholars and advanced students working in theological ethics moral philosophy and the history of ethics The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Sociology of Diagnosis PJ McGann, David Hutson, Barbara Katz Rothman, 2011-08-03 Offers an introduction to the sociology of diagnosis This title presents articles that explore diagnosis as a process of definition that includes labeling dynamics between diagnoser and diagnosed boundary struggles between diverse constituents both among medical practitioners and between medical authorities and others and more

The Politicization of Safety Jane K. Stoeber, 2019-02-26 A look at gun control campus sexual assault immigration and more that considers the future of responses to domestic violence Domestic violence is commonly assumed to be a bipartisan nonpolitical issue with politicians of all stripes claiming to work to end family violence Nevertheless the Violence Against Women Act expired for over 500 days between 2012 and 2013 due to differences between the U S Senate and House demonstrating that legal protections for domestic abuse survivors are both highly political and highly vulnerable Racial and gender politics the move toward criminalization reproductive justice concerns gun control debates and political interests are increasingly shaping responses to domestic violence demonstrating the need for greater consideration of the interplay of politics domestic violence and how the law works in people's lives The Politicization of Safety provides a critical historical perspective on domestic violence responses in the United States It grapples with the ways in which child welfare systems and

civil and criminal justice responses intersect and considers the different overlapping ways in which survivors of domestic abuse are forced to cope with institutionalized discrimination based on race gender sexual orientation and immigration status The book also examines movement politics and the feminist movement with respect to domestic violence policies The tensions discussed in this book similar to those involved in the metoo movement include questions of accountability reckoning redemption healing and forgiveness What is the future of feminism and the movements against gender based violence and domestic violence Readers are invited to question assumptions about how society and the legal system respond to intimate partner violence and to challenge the domestic violence field to move beyond old paradigms and contend with larger justice issues

Meds, Money, and Manners Jerry Floersch, 2002 Floersch shows how and why case management and community support services replaced psychiatry and mental hospitals The case manager's use of textbook and practical knowledge allows for the management of medication money and day to day life of adults with severe mental illnesses Yet Floersch asks are social workers state agents controlling clients This critical study examines everyday written and oral narratives to prove that this common critique is untrue

Shifting the Paradigm in Community Mental Health Geoffrey Brian Nelson, John Lord, Joanna Ochocka, 2001-01-01 Examines changes in the values and practices within community mental health that occurred between 1984 and 1998 in the Kitchener Waterloo area A valuable guide for future research and for consumers and administrators in the mental health field

Doing Psychology Critically Isaac Prilleltensky, Geoffrey Nelson, 2017-03-04 How can psychologists incorporate recent insights about power values and inequality in their work What is the role of social justice in the practice of psychology In this highly readable book Prilleltensky and Nelson tackle these questions and propose workable solutions This is the first book to translate into action the principles of critical psychology Using a value based framework the authors propose guidelines for training and critical practice in clinical counselling educational health community and work settings The authors base their approach on a combination of values for the promotion of personal interpersonal and collective well being They propose a set of values consisting of self determination caring and compassion health respect for diversity participation community support and social justice Because of its wide coverage the book should be of interest to students and practitioners in psychology mental health and to users of psychological services in most fields of practice

Doing Psychology Critically Translates critical psychology theory into practice Applies to most fields of applied psychology Is written in an accessible style includes tables and diagrams that illustrate recommendations for practice Follows a coherent framework Is a useful resource for training programmes in health clinical counselling educational community and organisational psychology

ISAAC PRILLELTENSKY is Professor of Psychology and Director of the Wellness Promotion Unit at Victoria University in Melbourne He is the author of *The Morals and Politics of Psychology* and co editor of *Critical Psychology An Introduction* with Dennis Fox and *Promoting Family Wellness and Preventing Child Maltreatment* with Geoffrey Nelson and Leslea Peirson

GEOFFREY NELSON is Professor of Psychology at

Wilfrid Laurier University in Canada He has served as Editor of the Canadian Journal of Community Mental Health and is the author of *Shifting the Paradigm in Community Mental Health* with John Lord and Joanna Ochocka and co editor of *Promoting Family Wellness Fundamentals for Thinking and Action* with Isaac Prilleltensky and Leslea Peirson Motherhood, Poverty, and the WIC Program in Urban America Suzanne Morrissey, 2015-12-24 The study presented here is one of urban poverty household survival and social institutions that both enable and control the decision making of poor women in America First and foremost it is about a public health program the Special Supplemental Nutrition Program for Women Infants and Children known more commonly as WIC and how the institution re inscribes persistent stereotypes of the urban poor on the women it eagerly wishes to serve Despite encountering opposition and occasionally humiliation at the hands of those chosen to serve many low income women throughout the United States and Puerto Rico return to WIC every month because it represents a rite of passage that characterizes pregnancy Enrolling in WIC prenatally signifies to others the importance of providing for one's family in spite of socioeconomic disadvantage Yet whether women access WIC benefits or not their lived realities include a painful and enduring connection between urban poverty and health inequalities particularly inequalities leading to poor birth outcomes and infant mortality as explored in this urban ethnography Qualitative Methods for Practice Research Jeffrey Longhofer, Jerry Floersch, Janet Hoy, 2013 Qualitative methods have become increasingly popular among researchers and while many comprehensive textbooks describe the standard techniques and philosophical assumptions it is often assumed that practitioners are consumers of research and not producers This innovative book describes how qualitative methods can be used to investigate the in vivo use of theory in social work practice It offers not just a comprehensive overview of methods but a concise accessible guide focused on how to study and explicate application of theory and the creative tension that inevitably exists between theory and practice Theory to practice gaps are indispensable conditions for conducting engaged scholarship which in turn promotes collaboration between researchers and practitioners in addressing practice related problems in real world settings Engaged scholarship and critical realist assumptions are applied to three case studies that combine research questions with data collection techniques and analytic strategies Thematic grounded theory and narrative research techniques are all illustrated including original quick start instructions for using ATLAS.ti software Institutional ethnography is also presented as a method that is particularly useful for social work practice settings By generating knowledge of practice in open and natural systems qualitative methods can be used to examine how practice is experienced and how interventions may be understood and transformed This cutting edge pocket guide will equip practitioner scholars with the foundation for conducting research that makes a difference **Willard and Spackman's Occupational Therapy** Barbara Schell, Glenn Gillen, 2018-09-04 Celebrating 100 years of the Occupational Therapy profession this Centennial Edition of Willard Spackman's Occupational Therapy continues to live up to its well earned reputation as the foundational book that welcomes students into their newly chosen profession Now fully updated to

reflect current practice the 13th Edition remains the must have resource that students that will use throughout their entire OT program from class to fieldwork and throughout their careers One of the top texts informing the NBCOT certification exam it is a must have for new practitioners **Occupational Group Therapy** Rosemary Crouch,2021-04-06

OCCUPATIONAL GROUP THERAPY Occupational Group Therapy helps group leaders achieve a higher and more dynamic level of therapeutic intervention gain a better understanding of foundational concepts and research and utilise active techniques that have meaningful and lasting effects on their clients This practical guide encourages readers to use and develop their skills creatively in a range of interventions including hospital based work with acutely ill clients physical acute care and rehabilitation The text presents both the theoretical background and practical applications of occupational group therapy core skills and concepts styles of group leadership clinical and ethical reasoning and different models of therapy such as the functional group model the model of human occupation MOHO and the occupational therapy interactive group model OTIGM alongside warm up and ice breaker techniques role play exercises assertiveness and social skills training strategies guidance on using psychodrama and the therapeutic spiral model TSM in group settings and more Develops the skills and self confidence occupational therapists need to be effective group leaders Covers the functional and performance aspects necessary for occupational therapy intervention including client handling and structuring and communication skills Discusses new ways of addressing common concerns and issues in various intervention settings Offers ideas and techniques for using higher level interventions such as psychodrama and the Therapeutic Spiral model Helps readers to design effective group experiences that allow their clients to work on themselves both inside and outside of the group Written by an esteemed expert with decades of practical experience in the field with a chapter from Louise Fouch an accomplished occupational group therapist and developer of OTIGM and foreword by Professor Emerita Sharon Brintnell former President of World Federation of Occupational Therapy WFOT Occupational Group Therapy is a must have teaching manual and guide for undergraduate and post graduate occupational therapy students and for practitioners looking to increase their use of group work as a therapeutic intervention Silences, Neglected Feelings, and Blind-Spots in Research Practice Kathy Davis,Janice Irvine,2022-05-18 This book addresses wide ranging dilemmas that social researchers may face as a result of silences neglected feelings and blind spots in their research In every research endeavour thoughts intuitions biases feelings or sensations may be left aside as the researcher attempts to come to terms with the complexities of material and figure out what the main issue is Researchers may pay attention to their own emotional responses during the interview but often only in their field notes Rarely do feelings of shock irritation boredom or for that matter amusement excitement and delight find their way into the analysis itself In addition researchers are all susceptible to blind spots often unaware of what is being avoided in research or omitted from it However reflection about precisely these gaps or silences may prove essential for developing new and interesting questions as well as comprehensive responsive and responsible research practices In this

volume an international cross disciplinary cohort of researchers think critically about the silences neglected feelings and blind spots in their own work and offer insights for enhancing research practices As such it will appeal to scholars across the social sciences with interests in research methods and methodology The SAGE Handbook of Interview Research Jaber F. Gubrium, James A. Holstein, Amir B. Marvasti, Karyn D. McKinney, 2012-02-14 The new edition of this landmark volume emphasizes the dynamic interactional and reflexive dimensions of the research interview Contributors highlight the myriad dimensions of complexity that are emerging as researchers increasingly frame the interview as a communicative opportunity as much as a data gathering format The book begins with the history and conceptual transformations of the interview which is followed by chapters that discuss the main components of interview practice Taken together the contributions to The SAGE Handbook of Interview Research The Complexity of the Craft encourage readers simultaneously to learn the frameworks and technologies of interviewing and to reflect on the epistemological foundations of the interview craft Critical Strategies for Social Research William K. Carroll, 2004 Edited by Canadian sociologist William K Carroll this thought provoking volume is designed for research methods courses in sociology and social sciences Critical Strategies for Social Research explores ways in which several key research strategies bring an emancipatory dimension to social analysis The new approaches recognize that social analysis is a form of knowledge production that takes place in a human constructed world marked by injustice and persistent inequality Carroll considers five influential and productive strategies of inquiry Dialectical Social Analysis Institutional Ethnography Participatory Action Research Critical Discourse Analysis Social Inquiry as Communicative Reason

Empowering Frail Elderly People Duncan P. Boldy, Leonard F. Heumann, Mary McCall, 2000-11-30 This book provides a unique analysis of provider environment client and societal based obstacles to the empowerment of frail elderly persons in a philosophical framework of social values as well as an applied framework wherein a variety of international case studies by a distinguished board of contributors provide concrete examples of the feasibility of achieving real empowerment Empowerment means different things to different people in the context of housing health and social service delivery This book analyzes the various definitions of the concept and practice of the empowerment of frail older persons and then discusses the definitions in a philosophical framework of social values regarding aging and the older person Each chapter demonstrates the feasibility of achieving increased empowerment of older persons even those with severe physical or mental disability True empowerment of older persons in every country requires time energy money and commitment to the goal This book will be of interest to academic as well as professional audiences in areas of Gerontology Psychology Sociology and Family Studies Caregivers and policymakers will also find this analysis useful **Offenders with Developmental Disabilities** William R. Lindsay, John L. Taylor, Peter Sturmey, 2004-07-16 For over a century developmental disabilities have been associated with crime in prejudicial and pejorative contexts Offenders with Developmental Disabilities provides a balanced comprehensive review of the prevalence nature and development of offending by those with intellectual disabilities

Not only does this volume include coverage of evidence based assessment and treatment ideas strategies and plans but also places the field in a historical legal and ethical context William Lindsay John Taylor and Peter Sturmey have brought together a wealth of contributors from differing backgrounds to share new material and knowledge of assessments treatment and service issues in a single volume Divided into five parts Part I opens with theoretical issues Part II deals with legal and services contexts including ethical concerns Part III considers risk assessment general assessment and approaches to evaluation Part IV addresses specific issues of sexual offending anger and aggression fire raising dual diagnosis female offenders and personality disorder Part V concludes with service development professional and research issues Forensic practitioners and students from psychology and psychiatry lawyers and advocates nurses and social workers will all find this comprehensive and practical book an inspiration in taking this field forward **Writing the Social** Dorothy E.

Smith,1999-01-01 A collection of essays based on Smith s unique rebel sociology Smith turns wit and common sense on the prevailing discourses of sociology political economy and popular culture to inquire directly into the actualities of peoples lives **Managing Madness in the Community** Kerry Michael Dobransky,2014-03-27 While mental illness and mental health care are increasingly recognized and accepted in today s society awareness of the most severely mentally ill as well as those who care for them is still dominated by stereotypes Managing Madness in the Community dispels the myth Readers will see how treatment options often depend on the social status race and gender of both clients and carers how ideas in the field of mental health care conflicting priorities and approaches actually affect what happens on the ground and how amid the competing demands of clients and families government agencies bureaucrats and advocates the fragmented American mental health system really works or doesn t In the wake of movies like One Flew Over the Cuckoo s Nest and Shutter Island most people picture the severely or chronically mentally ill being treated in cold remote and forbidding facilities But the reality is very different Today the majority of deeply troubled mental patients get treatment in nonprofit community organizations And it is to two such organizations in the Midwest that this study looks for answers Drawing upon a wealth of unique evidence fifteen months of ethnographic observations 91 interviews with clients and workers and a range of documents Managing Madness in the Community lays bare the sometimes disturbing nature and effects of our overly complex and disconnected mental health system Kerry Michael Dobransky examines the practical strategies organizations and their clients use to manage the often conflicting demands of a host of constituencies laws and regulations Bringing to light the challenges confronting patients and staff of the community based institutions that bear the brunt of caring for the mentally ill his book provides a useful broad framework that will help researchers and policymakers understand the key forces influencing the mental health services system today *Empowering People with Severe Mental Illness* Donald M. Linhorst,2006 This is the first professional guide that operationalizes the theory of empowerment outlines the conditions under which it is likely to occur and applies a practical model for working with people with severe mental illness *Advancing Occupational Therapy*

in Mental Health Practice Elizabeth McKay,Christine Craik,Kee Hean Lim,Gabrielle Richards,2014-05-29 Advancing Occupational Therapy in Mental Health Practice looks at the contribution that occupational therapists make to the lives of clients living with mental illness It examines current practice developments and the innovative research that is shaping occupational therapy within the mental health arena nationally and internationally The book employs a distinctive and engaging narrative approach bringing to life key issues in practice and research It introduces the reader to the mental health context opening with a historical overview and then exploration of the current developments in occupational therapy before moving on to discuss the cultural context and the need for cultural sensitivity in practice Service users and expert clinicians offer their narratives through which the clinical utility and cultural appropriateness of existing occupational therapy concepts assessments and outcome measures are discussed and the associated implications for practice highlighted Advancing Occupational Therapy in Mental Health Practice introduces and explores a variety of specialised work contexts from practicing in acute inpatient settings to crisis intervention home treatment forensic mental health settings and the specialist role of occupational therapy in community mental health and social services Chapters are enriched with case stories personal narratives and guided reflection

The Enigmatic Realm of **Good Intentions Overruled**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Good Intentions Overruled** a literary masterpiece penned by a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.
