John Pilger: Britain is a well documented nation. We know a lot about the characteristics of our society, who we are and what we do. We know much less about what we think and feel about our world and ourselves. The indispensable annual British Social Attitudes survey fills this gap. It compiles, describes and comments on a range of current social attitudes. The information is derived from interviews carried out by the National Centre for Social Research's own interviewers among a nationwide sample of around 3,500 people each year. The series seeks to chart changes in British social values over a period of time in relation to other changes in society and is core funded by the Gatsby Charitable Foundation. A full report is published each year. The 17th Report summarizes and interprets data from the most recent survey as well as making comparisons with findings from previous years. The data are publicly available through the ESRC Data Archive at the

Making the Best of It John G. Stackhouse Jr., 2008-04-02 What should be the Christian's attitude toward society When so much of our contemporary culture is at odds with Christian beliefs and mores it may seem that serious Christians now have only two choices transform society completely according to Christian values or retreat into the cloister of sectarian fellowship In *Making the Best of It* John Stackhouse explores the history of the Christian encounter with society the biblical record and various theological models of cultural engagement to offer a more balanced and fruitful alternative to these extremes He argues that rather than trying to root up the weeds in the cultural field or trying to shun them Christians should practice persistence in gardening God's world and building toward the New Jerusalem Examining the lives and works of C S Lewis Reinhold Niebuhr and Dietrich Bonhoeffer for example and direction Stackhouse suggests that our mission is to make the most of life in the world in cooperation with God's own mission of redeeming the world he loves This model takes seriously the pattern of God's activity in the Bible and in subsequent history of working through earthly means through individuals communities and institutions that are deeply flawed but nonetheless capable of accomplishing God's purposes Christians must find a way to live in this world and at the same time do work that honors God and God's plan for us In an era of increasing religious and cultural tensions both internationally and domestically the model that Stackhouse develops discourages the all or nothing attitudes that afflict so much of contemporary Christianity Instead he offers a fresh and refreshingly nuanced take on the question of what it means to be a Christian in the world today
