## **Gospel According To Woman Christianity's Creation Of The Sex War In The West:**

The Gospel According to Woman Karen Armstrong, 1987 Looks at the influence of Christianity on women's place in modern society argues that conventional histories of Christianity have left out women's contributions and discusses current attitudes towards women

**The Gospel According to Woman** Karen Armstrong, 1996 Feminist Theology Ann Loades, 1990-01-01 This timely selection of readings represents the work of some of the best and most influential writers the Christian feminist movement has produced both in Britain and America With its helpful introduction and editorial commentary it will be warmly welcomed by all who wish to be better informed about the wide range of key theological issues now being addressed by feminist thinkers

Italian Feminist Theory and Practice Graziella Parati, Rebecca J. West, 2002 There follow essays by Carol Lazzaro Weis Lucia Re Luisa Muraro Adriana Cavarero Lea Melandri and Teresa de Lauretis in which the authors explore the concept of sexual difference female authority relational identity gendered roles and homosexual desire in its relation to heterosexual normativity The volume brings Italian feminist theory squarely into the arena of the most important contemporary feminist debates revealing both its connections to and disjunctions from more dominant French and North American theories and practices

Cover Correcting Jesus Brian Griffith, 2010-10 In Correcting Jesus Brian Griffith patiently and clearly untangles the many strands of the story of Christianity and the many changes made over the centuries to the original story of Jesus and his message For any reader who's wondered Where Critics Not Caretakers Russell T. McCutcheon, 2023-11-30 The essays collected together in Critics Not Caretakers argue that the study of religion must be rethought as an ordinary aspect of social historical existence a stance that makes the scholar of religion a critic of cultural and historical practices rather than a caretaker of religious tradition or a font of timeless wisdom and deep meaning The book begins with several essays that outline the basis of an alternative sociorhetorical approach to studying religion before moving on to a series of discrete dispatches from the ongoing theory wars each of which uses the work of such writers as Karen Armstrong Walter Burkert Benson Saler and Jacob Neusner as a point of entry into wider theoretical issues of importance to the field's future The author then examines the socio-political role of this brand of critical scholarship a role that differs dramatically from the type of sympathetic caretaking generally associated with scholars of religion who feel compelled to go public Concluding the work is a consideration of how scholars as teachers can address issues of theory method and critical thinking in a variety of undergraduate classrooms the location where they have always been publicly accountable intellectuals The new edition of this still read and for some controversial book preserves the original essays but includes a new opening chapter and new introductory commentaries across all of the chapters to demonstrate how little the field has changed since the volume was first published in 2001 Accordingly the book continues to provide a viable alternative for those wanting to take a more critical approach to the study of religion

Gender Ideology, 2023-03-13 Dissident Women, Beguines, and the Quest for Spiritual Authority Catherine Lambert, 2024-11-12 Dissident Women Beguines and the Quest for Spiritual Authority focuses on the responses of a group of twenty first century women to the lives and writings of thirteenth century beguine mystics and reveals how the struggle to discover their own inner spiritual authority connects two groups of women across centuries For contemporary women who are disenchanted with the institutional church and who seek spiritual direction models deeply rooted within the tradition may not be the most helpful The author explores the value of exemplars from the fringes ushering Hadewijch of Brabant Mechthild of Magdeburg and Marguerite Porete into the spotlight The contemporary women studied developed a relationship with the beguines that transformed and influenced their own journeys Their encounters underline the importance of remembering the beguine mystics the value of contemplative engagement with historical mystics and the need for explicit validation of the richness of the edges of tradition within spiritual direction Dissident Women Beguines and the Quest for Spiritual Authority will be of particular interest to scholars of mysticism and spirituality as well as practical pastoral and feminist theology

**The Displacement of the Body in Africa's Virgin Martyr Lives** Alison Gulley, 2016-03-16 The Displacement of the Body in Africa's Virgin Martyr Lives addresses 10th

Mainstream Polygamy Dominique Legros,2013-09-20 This volume explores the forms of knowledge generated by exoticizing the subject studied It analyzes monogamy in Western cultures from a cultural distance First from the cultural perspective of a Kenyan writer who underlines the moral evils unwittingly generated by a system imposing universal monogamy and generating annual cohorts of illegitimate children Then the essay considers the case of France which starting in the 1970 s changed its laws regarding children born out of wedlock Such children have now become legitimate Unwittingly this has allowed for polygyny or polyandry to become legal options for French males and females The analysis is further extended to Western Europe two Latin American nations and to the contemporary U S A with its polyamory movement where legal outcomes similar to those of France have occurred The volume examines monogamy by using the epistemological approach that is typically used in the anthropological study of cultures other than one s own showing how exotic and strange the system of monogamy can look when observed from afar from the eyes of many non Westerners It gives insight into planes of the human Western experience that would normally remain invisible Students and teachers will delight in the close to home debates stimulated by this evocative thought provoking essay
