Gothic Writing, 1750-1820 Robert Miles, 2002 An intriguing overview of Gothic literature *Gothic Writing, 1750-1820* Robert Miles, 1993-01-01 Gothic writing has enjoyed a revival in recent years and many lesser known titles have been republished Traditional approaches analysed the Gothic in terms of escapist fantasy or as an unconscious reaction against the Enlightenment In this provocative and timely study Robert Miles challenges this view and argues that the could read Gothic texts as self conscious interventions Drawing extensively on the ideas of Michel Foucault he situates Gothic writing within the discursive tensions of the period and by looking not just at novels but Gothic poems and dramas he effectively takes the Gothic from the periphery of popular fiction replacing it at the centre or debate about Romanticism

Cope, 2009-05-29 This book recovers the importance of a major figure in eighteenth century British fiction the Heroine of Disinterest The disinterested heroine was no stereotype but a crucial figure in modernizing identity bringing to life the ideal of character as the product of experience and reflection rather than inheritance and lineage **Unquiet Things** Colin Jager, 2015 In Great Britain during the Romantic period governmental and social structures were becoming more secular as religion was privatized and depoliticized If the discretionary nature of religious practice permitted spiritual freedom and social differentiation however secular arrangements produced new anxieties Unquiet Things investigates the social and political disorders that arise within modern secular cultures and their expression in works by Jane Austen Horace Walpole Samuel Taylor Coleridge Lord Byron and Percy Shelley among others Emphasizing secularism rather than religion as its primary analytic category Unquiet Things demonstrates that literary writing possesses a distinctive ability to register the discontent that characterizes the mood of secular modernity Colin Jager places Romantic era writers within the context of a longer series of transformations begun in the Reformation and identifies three ways in which romanticism and secularism interact the melancholic mood brought on by movements of reform the

minoritizing capacity of literature to measure the disturbances produced by new arrangements of state power and a prospective romantic thinking Jager calls after the secular The poems novels and letters of the romantic period reveal uneasy traces of the spiritual past haunted by elements that trouble secular politics at the same time they imagine new and more equitable possibilities for the future In the twenty first century Jager contends we are still living within the terms of the romantic response to secularism when literature and philosophy first took account of the consequences of modernity

Representing the National Landscape in Irish Romanticism Julia M. Wright, 2014-04-22 Ireland is a country which has come to be defined in part by an ideology which conflates nationalism with the land From the Irish Revival's celebration of the Irish peasant farmer as the ideal Irishman to the fierce history of land claim battles between the Irish and their colonizers notions of the land have become particularly bound up with conceptions of what Ireland is and what it is to be Irish In this book Wright considers this fraught relationship between land and national identity in Irish literature In doing so she presents a new vision of the Irish national landscape as one that is vitally connected to larger geographical spheres By exploring issues of globalization international radicalism trade routes and the export of natural resources Wright is at the cutting edge of modern global scholarly trends and concerns In considering texts from the Romantic era such as Leslie's Killarney Edgeworth's Limerick Gloves and Moore's Irish Melodies Wright undercuts the nationalist myth of a people of the soil using the very texts which helped to construct this myth Reigniting the field of Irish Romanticism Wright presents original readings which call into question politically motivated mythologies while energizing nationalist conceptions that reflect transnational networks and mobility
