damaging as the blame shifting rhetoric of self help s Recovery movement SHAM also reveals How self help gurus conduct extensive market research to reach the same customers over and over without ever helping them The inside story on the most notorious gurus from Dr Phil to Dr Laura from Tony Robbins to John Gray How your company might be wasting money on motivational speakers executive coaches and other quick fixes that often hurt quality productivity and morale How the Recovery movement has eradicated notions of personal responsibility by labeling just about anything from drug abuse to sex addiction to shoplifting a dysfunction or disease How Americans blindly accept that twelve step programs offer the only hope of treating addiction when in fact these programs can do more harm than good How the self help movement inspired the disastrous emphasis on self esteem in our schools How self help rhetoric has pushed people away from proven medical treatments by persuading them that they can cure themselves through sheer application of will As Salerno shows to describe self help as a waste of time and money vastly understates its collateral damage And with SHAM the self help industry has finally been called to account for the damage it has done Also available as an eBook     **The Farmer's Magazine** ,1867
