Animating Culture Eric Loren Smoodin, 1993 Long considered children s entertainment by audiences and popular media Hollywood animation has received little serious attention Eric Smoodin s Animating Culture is the first and only book to thoroughly analyze the animated short film Usually running about seven or eight minutes cartoons were made by major Hollywood studios such as MGM Warner Bros and Disney and shown at movie theaters along with a newsreel and a feature length film Smoodin explores animated shorts and the system that mass produced them How were cartoons exhibited in theaters How did they tell their stories Who did they tell them to What did they say about race class and gender How were cartoons related to the feature films they accompanied on the evening s bill of fare What were the social functions of cartoon
