## **Gorbachev Glasnost And The Gospel:**

**Gorbachev, Glasnost & the Gospel** Michael Bourdeaux, 1990      **Gorbachev, Glasnost, and the Gospel** Michael Bourdeaux, 1991-04-01      **Protestantism and Politics in Eastern Europe and Russia** Sabrina P. Ramet, 1992

Coming at a time of enormous transformations in the one time Communist bloc this volume provides a much needed perspective on the significance of church state relations in the renaissance of civil society in the region The essays collected here accentuate the peculiarly political character of Protestantism within Communist systems With few identifiable leaders a multiplicity of denominations and a tendency away from hierarchical structures the Protestant churches presents a remarkably diverse pattern of church state relations Consequently the longtime coexistence of Protestantism and Communism in Eastern Europe and the former Soviet Union affords numerous examples of political accommodation and theological adaption that both reflect and foreshadow the dramatic changes of the 1990s Based on extensive field research including interviews with notable figures in the Protestant churches in the region the essays in this volume address broad topics such as the church s involvment in environmentalism pacifism and other dissident movements as well as issues particular to Russia Poland Czechoslovakia East Germany 1949 1989 Hungary Yugoslavia 1945 1991 Bulgaria and Romania The final volume in the three volume work Christianity Under Stress Protestantism and Politics in Eastern Europe and Russia will prove invaluable to anyone hoping to understand not only the workings of religion under Communism but the historical and contemporary interactions of church and state in general Contributors Paul Bock Lawrence Klippenstein Paul Mojzes Earl A Pope Joseph Pungur Sabrina Petra Ramet Walter Sawatsky N Gerald Shenk Gerd Stricker Sape A Zylstra      The Dangerous God Dominic Erdozain, 2017-10-02

At the heart of the Soviet experiment was a belief in the impermanence of the human spirit souls could be engineered conscience could be destroyed The project was in many ways chillingly successful But the ultimate failure of a totalitarian regime to fulfill its ambitions for social and spiritual mastery had roots deeper than the deficiencies of the Soviet leadership or the chaos of a command economy Beneath the rhetoric of scientific communism was a culture of intellectual and cultural dissidence which may be regarded as the prehistory of perestroika This volume explores the contribution of Christian thought and belief to this culture of dissent and survival showing how religious and secular streams of resistance joined in an unexpected and powerful partnership The essays in The Dangerous God seek to shed light on the dynamic and subversive capacities of religious faith in a context of brutal oppression while acknowledging the often collusive relationship between clerical elites and the Soviet authorities Against the Marxist notion of the ideological function of religion the authors set the example of people for whom faith was more than an opiate against an enduring mythology of secularization they propose the centrality of religious faith in the intellectual political and cultural life of the late modern era This volume will appeal to specialists on religion in Soviet history as well as those interested in the history of religion under totalitarian regimes      *Religion, State and Politics in the Soviet Union and Successor States* John Anderson, 1994-09-22 Provides a

systematic and accessible overview of church state relations in the Soviet Union This text explores the shaping of Soviet religious policy from the death of Stalin until the collapse of communism and considers the place of religion in the post

**Islam in Russia: The Politics of Identity and Security** Shireen Hunter, 2016-09-16 This richly detailed study traces the shared history of Russia and Islam in expanding compass from the Tatar civilization within the Russian heartland to the conquered territories of the Caucasus and Central Asia to the larger geopolitical and security context of contemporary Russia on the civilizational divide The study's distinctive analytical drive stresses political and geopolitical relationships over time and into the very complicated present Rich with insight the book is also an incomparable source of factual information about Russia's Muslim populations religious institutions political organizations and ideological movements

**Dissent on the Margins** Emily B. Baran, 2016 Emily B Baran offers a gripping history of how a small American based religious community the Jehovah's Witnesses found its way into the Soviet Union after World War II survived decades of brutal persecution and emerged as one of the region's fastest growing religions after the Soviet Union's collapse in 1991 In telling the story of this often misunderstood faith Baran explores the shifting boundaries of religious dissent non conformity and human rights in the Soviet Union and its successor states Soviet Jehovah's Witnesses are a fascinating case study of dissent beyond urban intellectual nonconformists Witnesses who were generally rural poorly educated and utterly marginalized from society resisted state pressure to conform They instead constructed alternative communities based on adherence to religious principles established by the Witnesses international center in Brooklyn New York The Soviet state considered Witnesses to be the most reactionary of all underground religious movements and used extraordinary measures to try to eliminate this threat Yet Witnesses survived while the Soviet system did not After 1991 they faced continuing challenges to their right to practice their faith in post Soviet states as these states struggled to reconcile the proper limits on freedom of conscience with European norms and domestic concerns Dissent on the Margins provides a new and important perspective on one of America's most understudied religious movements

**Icons Axed, Freedoms Lost** Vyacheslav Karpov, Rachel L. Schroeder, 2025 In Icons Axed Freedoms Lost Vyacheslav Karpov and Rachel L Schroeder demonstrate how Russia went from persecuting believers to jailing critics of religion and why in contrast religious pluralism and tolerance have solidified in Ukraine Offering a richly documented history of cultural and political struggles that surrounded desecularization the resurgence of religion's societal role from the end of the USSR to the Russo Ukrainian war they show Russian critics of desecularization adhered to artistic provocations from axing icons to punk prayers in cathedrals and how Orthodox activists in turn responded by vandalizing controversial exhibits and calling on the state to crush the enemies of the Church Putin's solidifying tyranny heard their calls and criminalized insults to religious feelings Meanwhile Ukraine adhered to its pluralistic legacies Its churches refused to engage in Russian style culture wars sticking instead to forgiveness and forbearance Icons Axed Freedoms Lost offers original theoretical and methodological perspectives on desecularization applicable far beyond the

cases of Russia and Ukraine      *The Sword and the Shield* Christopher Andrew, 2000-08-29 *The Sword and the Shield* is based on one of the most extraordinary intelligence coups of recent times a secret archive of top level KGB documents smuggled out of the Soviet Union which the FBI has described after close examination as the most complete and extensive intelligence ever received from any source Its presence in the West represents a catastrophic hemorrhage of the KGB s secrets and reveals for the first time the full extent of its worldwide network Vasili Mitrokhin a secret dissident who worked in the KGB archive smuggled out copies of its most highly classified files every day for twelve years In 1992 a U S ally succeeded in exfiltrating the KGB officer and his entire archive out of Moscow The archive covers the entire period from the Bolshevik Revolution to the 1980s and includes revelations concerning almost every country in the world But the KGB s main target of course was the United States Though there is top secret material on almost every country in the world the United States is at the top of the list As well as containing many fascinating revelations this is a major contribution to the secret history of the twentieth century Among the topics and revelations explored are The KGB s covert operations in the United States and throughout the West some of which remain dangerous today KGB files on Oswald and the JFK assassination that Boris Yeltsin almost certainly has no intention of showing President Clinton The KGB s attempts to discredit civil rights leader in the 1960s including its infiltration of the inner circle of a key leader The KGB s use of radio intercept posts in New York and Washington D C in the 1970s to intercept high level U S government communications The KGB s attempts to steal technological secrets from major U S aerospace and technology corporations KGB covert operations against former President Ronald Reagan which began five years before he became president KGB spies who successfully posed as U S citizens under a series of ingenious disguises including several who attained access to the upper echelons of New York society      *A Sacred Space Is Never Empty* Victoria Smolkin, 2018-05-22 When the Bolsheviks set out to build a new world in the wake of the Russian Revolution they expected religion to die off Soviet power used a variety of tools from education to propaganda to terror to turn its vision of a Communist world without religion into reality Yet even with its monopoly on ideology and power the Soviet Communist Party never succeeded in overcoming religion and creating an atheist society *A Sacred Space Is Never Empty* presents the first history of Soviet atheism from the 1917 revolution to the dissolution of the Soviet Union in 1991 Drawing on a wealth of archival material and in depth interviews with those who were on the front lines of Communist ideological campaigns Victoria Smolkin argues that to understand the Soviet experiment we must make sense of Soviet atheism Smolkin shows how atheism was reimagined as an alternative cosmology with its own set of positive beliefs practices and spiritual commitments Through its engagements with religion the Soviet leadership realized that removing religion from the sacred spaces of Soviet life was not enough Then in the final years of the Soviet experiment Mikhail Gorbachev in a stunning and unexpected reversal abandoned atheism and reintroduced religion into Soviet public life *A Sacred Space Is Never Empty* explores the meaning of atheism for religious life for Communist ideology and for Soviet politics      *The*

*Cambridge History of Christianity: Volume 5, Eastern Christianity* Michael Angold, 2006-08-17 This volume encompasses the whole Christian Orthodox tradition from 1200 to the present Its central theme is the survival of Orthodoxy against the odds into the modern era It celebrates the resilience shown in the face of hostile regimes and social pressures in this often neglected period of Orthodox history

**Eastern Christianity and the Cold War, 1945-91** Lucian Leustean, 2010-01-21 This book provides a comprehensive overview of the dynamics between Eastern Christianity and politics from the end of the Second World War to the fall of communism covering 40 Orthodox churches including diasporic churches in Africa Asia America and Australia

**An Introduction to the Christian Orthodox Churches** John Binns, 2002-07-04 This clear and accessible introduction describes the life of the Orthodox Churches of the Christian East from the accession of the Emperor Constantine in 312 up to the year 2000 It explores the nature of the various churches of the Christian East both Chalcedonian and non Chalcedonian Orthodox the Church of the East and Greek Catholic Churches It explains both the common traditions and the different and sometimes divisive local characteristics The distinctive Orthodox approaches to the themes of liturgy theology monastic life and spirituality iconography popular religion mission politics and the schism between East and West are discussed in turn A final chapter examines the response of the Churches to their new freedom following the collapse of communism and the prospects for the future For Christians of the West a knowledge of Orthodoxy can open up fresh ways of looking at the Christian faith

*Eastern Orthodox Christianity* Daniel B. Clendenin, 2003-10 A clear introduction to Eastern Orthodoxy and key aspects of the tradition Includes new content and an updated bibliography

*Eastern Christianity and Politics in the Twenty-First Century* Lucian N. Leustean, 2014-05-30 This book provides an up to date comprehensive overview of Eastern Christian churches in Europe the Middle East America Africa Asia and Australia Written by leading international scholars in the field it examines both Orthodox and Oriental churches from the end of the Cold War up to the present day The book offers a unique insight into the myriad church state relations in Eastern Christianity and tackles contemporary concerns opportunities and challenges such as religious revival after the fall of communism churches and democracy relations between Orthodox Catholic and Greek Catholic churches religious education and monastic life the size and structure of congregations and the impact of migration secularisation and globalisation on Eastern Christianity in the twenty first century

**The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of *Evangelisches Kirchenlexikon* Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This

comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA

**God's Joust, God's Justice** John Witte, 2006-10-31 God's Joust God's Justice provides a vista of the major debates over law and religion in the West enabling readers to proceed toward a more integrated understanding of the foundational elements of modern democracy

*Their Blood Cries Out* Paul Marshall, Lela Gilbert, 1997-02-21 Today more than 200 million Christians around the world suffer imprisonment abuse and even death because of their faith Yet most Americans never hear their stories In *Their Blood Cries Out* Paul Marshall reveals the reality of this present day persecution revealing what we can do to help these brothers and sisters in Christ

**A Future and a Hope** Joshua T. Searle, Mykhailo Cherenkov, 2014-12-05 After more than twenty years since the fall of the USSR the evangelical movement in post Soviet society has entered a crucial phase in its historical development Setting out a transformative vision of mission and theological education this book makes an important contribution towards the renewal of the church in this fascinating but deeply troubled part of the world After the violent and disruptive events that followed the Ukrainian Revolution of Dignity and Freedom in 2013-14 the evangelical movement in post Soviet society now has an unprecedented opportunity to become a shining example of a church without walls Searle and Cherenkov reflect on the political social cultural and intellectual legacy of the Soviet Union and offer bold and innovative proposals on how the church can rediscover its prophetic voice by relinquishing its debilitating dependence on the state and instead expressing solidarity with the people in their legitimate aspirations for freedom and democracy Notwithstanding the pessimism and lament expressed on many pages the authors conclude on a positive note predicting that the coming years will witness a flowering of evangelical ecumenism in action as Christian solidarity flourishes and overflows denominational boundaries and parochial interests

**Proselytism and Orthodoxy in Russia** John Witte, Michael Bourdeaux, 2009-05-01 Few of the struggles Russia has undergone since the fall of Communism have been fiercer than that being fought between the long repressed Russian Orthodox Church and a host of groups seeking to evangelize the Russian people This volume assesses the legitimacy of the Orthodox attempt to reclaim the spiritual and moral heart of the Russian people and to retain their adherence in a new pluralistic world where many Christians and followers of other traditions seek the right to establish themselves Proselytism and Orthodoxy in Russia also brings together the latest scholarship on the new Russian laws regarding religion as well as suggesting guidelines for foreign missionaries in Russia
