**Envisioning Legality** Timothy Peters, Karen Crawley, 2017-11-22 Envisioning Legality Law Culture and Representation is a path breaking collection of some of the world's leading cultural legal scholars addressing issues of law representation and the image Law is constituted in and through the representations that hold us in their thrall and this book focuses on the ways in which cultural legal representations not only reflect or contribute to an understanding of law but constitute the very fabric of legality itself As such each of these readings of cultural texts takes seriously the cultural as a mode of envisioning constituting and critiquing the law And the theoretically sophisticated approaches utilised here encompass more than simply an engagement with harmless entertainment Rather they enact and undertake specific political and critical engagements with timely issues such as the redressing of past wrongs recognising and combatting structural injustices and orienting our political communities in relation to uncertain futures Envisioning Legality thereby presents a cultural legal studies that provides the means for engaging in robust sustained and in depth encounters with the nature and role of law in a global mediated world

Bruner, 2010-08-01 When it comes to religion the most respected voice of the past decade is not a pastor evangelist priest or rabbi She is a warm articulate woman whose presence dominates daytime television and grocery store checkout stands Her influence has propelled little known authors into best selling millionaires and spawned a media empire worth billions Oprah's name and image are instantly recognized by millions of adoring fans who view her as a long term friend and trusted spiritual mentor But many have become troubled that Oprah seems less and less tolerant of her childhood faith and has begun celebrating a Jesus very different than the God Man of her Sunday school lessons Oprah's Jesus leverages the enormous popularity of Oprah Winfrey to explore the rise of generic spirituality rooted in personal preference versus transcendent beliefs rooted in historic Christian orthodoxy

**The Gates of Hell** David Henderson, 2024-10-17 This book is mostly a collection of true stories about demonic beings frightening torturing and creating chaos among humans The first reason I authored this book was because I simply enjoy this topic Yes I am a bit odd I find topics that are strange mysterious and diabolical to be interesting The second reason is because we are in a spiritual battle and I find many Christians that I know seem to be almost oblivious to this fact My hope in this book is to make you more aware of the battle going on around us and that we can and should be ready to defend and battle Satan and his demonic army Our struggle is not against flesh and blood but against the rulers against the authorities against the powers of this dark world and against the spiritual forces of evil in the heavenly realms Ephesians 6:12

**The Attention Merchants** Tim Wu, 2017-09-19 From the author of the award winning The Master Switch who coined the term net neutrality a revelatory ambitious and urgent account of how the capture and re sale of human attention became the defining industry of

our time Dazzling Financial Times Ours is often called an information economy but at a moment when access to information is virtually unlimited our attention has become the ultimate commodity In nearly every moment of our waking lives we face a barrage of efforts to harvest our attention This condition is not simply the byproduct of recent technological innovations but the result of more than a century s growth and expansion in the industries that feed on human attention Wu s narrative begins in the nineteenth century when Benjamin Day discovered he could get rich selling newspapers for a penny Since then every new medium from radio to television to Internet companies such as Google and Facebook has attained commercial viability and immense riches by turning itself into an advertising platform Since the early days the basic business model of attention merchants has never changed free diversion in exchange for a moment of your time sold in turn to the highest bidding advertiser Full of lively unexpected storytelling and piercing insight The Attention Merchants lays bare the true nature of a ubiquitous reality we can no longer afford to accept at face value      *Diversityinc* ,2006
