**Einstein** William Cahn, Albert Einstein, 2012-03-01      *Einstein* William Cahn, 2012      **Einstein** Walter Isaacson, 2008-05-13 From Isaacson the bestselling author of Benjamin Franklin comes the first full biography of Albert Einstein since all his papers have become available a fully realized portrait of a premier icon of his era      **Introducing Einstein's Relativity** Ray d'Inverno, James Vickers, 2022 This textbook provides students with a sound mathematical introduction coupled to an understanding of the physical insights needed to explore the subject      **An Einstein Encyclopedia** Alice Calaprice, Daniel Kennefick, Robert Schulmann, 2015-10-27 The complete guide to everything you ever wanted to know about Einstein This is the single most complete guide to Albert Einstein s life and work for students researchers and browsers alike Written by three leading Einstein scholars who draw on their combined wealth of expertise gained during their work on the Collected Papers of Albert Einstein this authoritative and accessible reference features more than one hundred entries and is divided into three parts covering the personal scientific and public spheres of Einstein s life An Einstein Encyclopedia contains entries on Einstein s birth and death family and romantic relationships honors and awards educational institutions where he studied and worked citizenships and immigration to America hobbies and travels plus the people he befriended and the history of his archives and the Einstein Papers Project Entries on Einstein s scientific theories provide useful background and context along with details about his assistants collaborators and rivals as well as physics concepts related to his work Coverage of Einstein s role in public life includes entries on his Jewish identity humanitarian and civil rights involvements political and educational philosophies religion and more Commemorating the hundredth anniversary of the theory of general relativity An Einstein Encyclopedia also includes a chronology of Einstein s life and appendixes that provide information for further reading and research including an annotated list of a selection of Einstein s publications and a review of selected books about Einstein More than 100 entries cover the rich details of Einstein s personal professional and public life Authoritative entries explain Einstein s family relationships scientific achievements political activities religious views and more More than 40 illustrations include photos of Einstein and his circle plus archival materials A chronology of Einstein s life appendixes and suggestions for further reading provide essential details for further research      *I am Albert Einstein* Brad Meltzer, 2014-09-16 We can all be heroes is the message entertainingly told in this New York Times Bestselling picture book biography series with this one highlighting Albert Einstein Cover may vary Each picture book in this series is a biography of a significant historical figure told in a simple conversational vivacious way and always focusing on a character trait that made the person heroic The heroes are depicted as children throughout telling their life stories in first person present tense which keeps the books playful and accessible to young children And each book ends with a line of encouragement a direct quote and photos on the last page This biography focuses on Albert Einstein s never ending curiosity and how it helped him be a better scientist This friendly fun biography series inspired the PBS Kids TV show Xavier Riddle

and the Secret Museum One great role model at a time these books encourage kids to dream big Included in each book are A timeline of key events in the hero s history Photos that bring the story more fully to life Comic book style illustrations that are irresistibly adorable Childhood moments that influenced the hero Facts that make great conversation starters A virtue this person embodies Albert Einstein s curiosity led him to become a world renowned scientist You ll want to collect each book in this dynamic informative series Teedie Don Brown,2004 A pictorial biography of teddy Roosevelt s childhood and accomplishments as president The Ultimate Quotable Einstein Albert Einstein,2019-12-31 The most comprehensive collection of Einstein quotations ever published Here is the definitive new edition of the hugely popular collection of Einstein quotations that has sold tens of thousands of copies worldwide and been translated into twenty five languages The Ultimate Quotable Einstein features 400 additional quotes bringing the total to roughly 1 600 in all This ultimate edition includes new sections On and to Children On Race and Prejudice and Einstein s Verses A Small Selection as well as a chronology of Einstein s life and accomplishments Freeman Dyson s authoritative foreword and new commentary by Alice Calaprice In The Ultimate Quotable Einstein readers will also find quotes by others about Einstein along with quotes attributed to him Every quotation in this informative and entertaining collection is fully documented and Calaprice has carefully selected new photographs and cartoons to introduce each section Features 400 additional quotations Contains roughly 1 600 quotations in all Includes new sections on children race and prejudice and Einstein s poetry Provides new commentary Beautifully illustrated The most comprehensive collection of Einstein quotes ever published **Einstein and Religion** Max Jammer,2011-09-05 The philosophy of religion and the quest for spiritual truth preoccupied Albert Einstein so much that it has been said one might suspect he was a disguised theologian Nevertheless the literature on the life and work of Einstein extensive as it is does not provide an adequate account of his religious conception and sentiments Only fragmentarily known Einstein s ideas about religion have been often distorted both by atheists and by religious groups eager to claim him as one of their own But what exactly was Einstein s religious credo In this fascinating book the distinguished physicist and philosopher Max Jammer offers an unbiased and well documented answer to this question The book begins with a discussion of Einstein s childhood religious education and the religious atmosphere or its absence among his family and friends It then reconstructs step by step the intellectual development that led Einstein to the conceptions of a cosmic religion and an impersonal God akin to the God of Spinoza Jammer explores Einstein s writings and lectures on religion and its role in society and how far they have been accepted by the general public and by professional theologians like Paul Tillich or Frederick Ferr He also analyzes the precise meaning of Einstein s famous dictum Science without religion is lame religion without science is blind and why this statement can serve as an epitome of Einstein s philosophy of religion The last chapter deals with the controversial question of whether Einstein s scientific work and in particular his theory of relativity has theologically significant implications a problem important for those who are interested in the relation between science and religion Both

thought provoking and engaging this book aims to introduce readers without proselytizing to Einstein's religion      **Einstein**

Denis Brian, 1997-08-21 Blends the brilliance of the scientific genius with the compassion playfulness and wit of the private figure A fascinating read with more interesting material about Einstein as a human being than I have ever seen before Robert Jastrow astrophysicist and bestselling author A thoughtful and captivating account of one whom I had the joy of knowing and loving George Wald Nobel Prize Laureate His face is one of the most recognized on the planet His very name is synonymous with genius Yet for all the attention and countless biographies our images of Albert Einstein rarely go beyond the eccentric and larger than life scientist unraveling one cosmic mystery after another In this engaging popular biography Denis Brian draws on a wealth of new information recently opened to the public to bring us a broader more authentic portrait of Einstein than previously available The first full scale Einstein life published in 20 years it is also the first to integrate Einstein's genius with his private and public life to give us a complete impression of the real person We meet an Einstein with a gift for friendship a romantic with a roving eye for women We confront a man whose countless scientific triumphs were tempered by tragic ironies in his personal life We encounter Einstein the humanist who showed compassion for the children of others yet neglected his own sons We learn from his former assistants how they revered Einstein how he worked at his science and of his warm relationships with other physicists Based on information drawn from new access to the Einstein archives as well as exclusive interviews with colleagues and friends Einstein A Life reveals an endearing and sensitive man but one slightly detached from even those closest to him as if he inhabited his own world of lofty thoughts and cosmic dreams DENIS BRIAN West Palm Beach Florida is the author of The True Gen An Intimate Portrait of Hemingway by Those Who Knew Him and Genius Talk Conversations with Nobel Scientists and Other Luminaries      **Study Guide for Physics in the Modern World**
