Relating Events in Narrative, Volume 2 Ludo Verhoeven, Sven Stromqvist, 2004-02-13 Relating Events in Narrative Volume 2 Typological and Contextual Perspectives edited by Sven Str mqvist and Ludo Verhoeven is the much anticipated follow up volume to Ruth Berman and Dan Slobin s successful frog story studies book Relating Events in Narrative A Crosslinguistic Developmental Study 1994 Working closely with Ruth Berman and Dan Slobin the new editors have brought together a wide range of scholars who inspired by the 1994 book have all used Mercer Mayer s Frog Where Are You as a basis for their research The new book which is divided into two parts features a broad linguistic and cultural diversity Contributions focusing on crosslinguistic perspectives make up the first part of the book This part is concluded by Dan Slobin with an analysis and overview discussion of factors of linguistic typology in frog story research The second part offers a variety of theoretical and methodological perspectives all dealing with contextual variation of narrative construction in a wide sense variation across medium modality speech writing signing genre variation the specific frog story narrative compared to other genres frog story narrations from the perspective of theory of mind and from the perspective of bilingualism and second language acquisition Several of the

contributions to the new book manuscript also deal with developmental perspectives but in distinction to the 1994 book that is not the only focused issue The second part is initiated by Ruth Berman with an analysis of the role of context in developing narrative abilities The new book represents a rich overview and illustration of recent advances in theoretical and methodological approaches to the crosslinguistic study of narrative discourse A red thread throughout the book is that crosslinguistic variation is not merely a matter of variation in form but also in content and aspects of cognition A recurrent perspective on language and thought is that of Dan Slobin's theory of thinking for speaking an approach to cognitive consequences of linguistic diversity The book ends with an epilogue by Herbert Clark Variations on a Rararian Theme

del mismo modo que se ocupa de labrar la tierra o de recoger la cosecha En las 27 historias recogidas en el libro muchas de ellas inspiradas en la mitología popular rusa y en las fábulas de la tradición clásica el conde ruso Lev Tolstói 1828-1910 una de las grandes figuras de la cultura universal demuestra su confianza en el género humano y especialmente en los niños y jóvenes que a través de su inocencia y grandeza representan la esperanza de la sociedad Exaltando valores esenciales del alma humana como la nobleza la honestidad el amor por la justicia y la libertad sus moralejas se ambientan tanto en una cabaña como en el palacio de un rey y todas las situaciones sirven para poner a prueba el ingenio y demostrar que el camino del bien siempre enriquece al hombre y lo conduce más fácilmente a la felicidad Mexican Folk Narrative from the Los Angeles Area

Elaine K. Miller, 2014-08-27 Urban Los Angeles is the setting in which Elaine Miller has collected her narratives from Mexican Americans The Mexican folk tradition varied and richly expressive of the inner life not only of a people but also of the individual as each lives it and personalizes it is abundantly present in the United States Since it is in the urban centers that most Mexican Americans have lived this collection represents an important contribution to the study of that tradition and to the study of the changes urban life effects on traditional folklore The collection includes sixty-two legendary narratives and twenty traditional tales The legendary narratives deal with the virgins and saints as well as with such familiar characters as the vanishing hitchhiker the headless horseman and the llorona Familiar characters appear in the traditional tales Juan del Oso Blancaflor Pedro de Ordimalas and others Elaine Miller concludes that the traditional tales are dying out in the city because tale telling itself is not suited to the fast pace of modern urban life and the situations and characters in the tales are not perceived by the people to be meaningfully related to the everyday challenges and concerns of that life The legendary tales survive longer in an urban setting because although containing fantastic elements they are related to the beliefs and hopes of the narrator even in the city one may be led to buried treasure on some dark night by a mysterious woman The penchant of the informants for the fantastic in many of their tales often reflects their hopes and fears such as their dreams of suddenly acquiring wealth or their fears of being haunted by the dead Miller closely observes the teller's relation to the stories to the duendes the niximas Death God the devil and she notes the tension on the part of the informant in his relation to their religion The material is documented according to several standard tale and motif indices and is placed within the context of the larger body of Hispanic folk tradition by the citation of parallel versions throughout the Hispanic world The tales transcribed from taped interviews are presented in colloquial Spanish accompanied by summaries in English **El**
