En tierra extraña Edgard Collazos,2024-07-26 Quizás la metafora que más convenga para comprender En tierra extraña sea la del espejo roto y reconstruido la imagen que refleja nunca ser la misma tras su restitución pues se encuentra estructuralmente fracturado En su relato transcurren como fragmentos de un espejo que recupera esa forma cuarteada las historias de los esclavos recién libres y los esclavistas que hasta la víspera eran sus amos de los gobernantes y los gobernados de la naciente burguesía local y clase política y la gente del común de los guerrilleros de siempre inspirados en la defensa de sus intereses económicos y los obligados a combatir y morir inermes al servicio de esos otros que daban todos ellos los primeros pasos en la vida de la incipiente ciudad de Cali del siglo XIX Y también la integración social de un joven intelectual que quería hacer de la política y de la escritura actividades ciudadanas dignas y complementarias Jorge Isaacs Pero Collazos es un escritor es decir alguien que imagina mundos en lugar de atarse servilmente a la realidad Los datos que la sociología y la historia le aportan son integrados a los de su propia imaginación y transmutados en una alquimia creativa para que adquieran otro alcance el de estimular en el lector una nueva sensibilidad frente a la realidad Historias terribles y personajes fuera de lo común entrelazados por una misma estrategia narrativa mostrar que la tierra extraña es esta la tierra de implante de los miles de hombres mujeres y niños que fueron arrastrados por la fuerza de la ignominia humana desde el África hasta

esta América naciente y sin piedad La tierra que estos seres humanos consideran propia no podrá ser Justamente esta tierra extraña de amos y religiones ajenas de dioses impuestos de paisajes sin significado de alimentación distinta de relaciones deshechas de trabajo forzado a donde fueron traídos como esclavos sino aquella de donde fueron brutalmente arrancados Con esta novela es decir con la mediación de lo ficticio el lector comprende mejor lo que ha sido el pasado de la narcisista ciudad de Cali y se sacude de esa visión distorsionada oficial que sedados o enceguecidos hemos estado recibiendo como sopa de perros desde hace décadas si no siglos Pero no hay que olvidar esa Cali es también una metrópoli de Colombia entera

Los minerales como componentes de los alimentos, del agua, de los cosméticos y del organismo; su función en la salud junto a las vitaminas Román R.
