El Beisbol Travels Through The Pan American Pastime

Milton H. Jamail

El Beisbol Travels Through The Pan American Pastime:

El Béisbol John Krich, 1989 Investigates the national fascination with baseball in Central America the many ways in which the game and baseball culture differ from North American versions and the meaning of baseball to Pan American sensibility

El Beisbol John Krich, 2001-12-11 A quirky wry and often hilarious odyssey through the baseball fields of Latin America both sports book and travelogue political reportage and meditation on New World identity With wit and style John Krich evokes a world where barefoot kids perfect their swings with stalks of sugar cane midget mascots dance the merengue atop dugouts and wily scouts compete with dictators for the souls of promising shortstops El Beisbol sparkles with keen observation and irreverent humor Washington Post Book World

Fidel Castro and Baseball Peter C. Bjarkman, 2018-12-07 Few political figures of the modern age have been so vilified as Fidel Castro and both the vilification and worship generated by the Cuban leader have combined to distort the true image of Castro The baseball myths attached to Fidel have loomed every bit as large as the skewed political notions that surround him Castro was never a major league pitching prospect nor did he destroy the Cuban national pastime in 1962 In *Fidel Castro and Baseball The Untold Story* Peter C Bjarkman dispels numerous myths about the Cuban leader and his association with baseball In this groundbreaking study Bjarkman establishes how Fidel constructed rather than dismantled Cuba's true baseball Golden Age one that followed rather than preceded the 1959 revolution Bjarkman also demonstrates that Fidel was not at all unique in politicizing baseball as often maintained since the island sport traces its roots to the 19th century revolution Fidel's avowed devotion to a non materialist society would ultimately sow the seeds of collapse for the baseball empire he built over more than a half century just as the same obsession would finally dismantle the larger social revolution he had painstakingly authored A fascinating look at a controversial figure and his impact on a major sport this volume reveals many intriguing insights about Castro and how his love of the game was tied to Cuba's identity *Fidel Castro and Baseball* will appeal to fans of the sport as well as to those interested in Cuba's enduring association with baseball

Baseball with a Latin Beat Peter C. Bjarkman, 2010-07-27 Since Cuba's Esteban Bellan made his debut for the Troy Haymakers of the National Association in 1871 Latin Americans have played a large role in the major leagues Nearly 15 percent of big league rosters are made up of Latinos while the region's colorful and competitive winter leagues have been a proving ground for up and coming major league players and managers Early Latin American stars were barred purely because of the color of their skin from playing in the major leagues Players such as Jose Mendez and Martin Dihigo the only player elected to the U S Cuban and Mexican halls of fame made their marks on the Negro Leagues turning the leagues barnstorming tours into major attractions in many Caribbean countries This history of the players and events that make up the rich tradition of Latin American baseball gives a unique insight to this long neglected area of baseball

The Global Sports Arena John Bale, Joseph Maguire, 2013-11-05 Athletes are on the move In some sports this involves labour movement from one country to another within or between continents In other sports athletes assume an

almost nomadic migratory lifestyle constantly on the move from one sport festival to another In addition it appears that sport migration is gaining momentum and that it is closely interwoven with the broader process of global sport development taking place in the late twentieth century

The Pride of Havana Roberto Gonzalez Echevarria, 2001-05-24 From the first amateur leagues of the 1860s to the exploits of Livan and Orlando El Duque Hernandez here is the definitive history of baseball in Cuba Roberto Gonzalez Echevarria expertly traces the arc of the game intertwining its heroes and their stories with the politics music dance and literature of the Cuban people What emerges is more than a story of balls and strikes but a richly detailed history of Cuba told from the unique cultural perch of the baseball diamond Filling a void created by Cuba's rejection of bullfighting and Spanish hegemony baseball quickly became a crucial stitch in the complex social fabric of the island By the early 1940s Cuba had become major conduit in spreading the game throughout Latin America and a proving ground for some of the greatest talent in all of baseball where white major leaguers and Negro League players from the U S all competed on the same fields with the cream of Latin talent Indeed readers will be introduced to several black ballplayers of Afro Cuban descent who played in the Major Leagues before Jackie Robinson broke the color barrier once and for all Often dramatic and always culturally resonant Gonzalez Echevarria's narrative expertly lays open the paradox of fierce Cuban independence from the U S with Cuba's love for our national pastime It shows how Fidel Castro cannily associated himself with the sport for patriotic p r and reveals that his supposed baseball talent is purely mythical Based on extensive primary research and a wealth of interviews the colorful often dramatic anecdotes and stories in this distinguished book comprise the most comprehensive history of Cuban baseball yet published and ultimately adds a vital lost chapter to the history of baseball in the U S

Cooperstown To Dyersville Charles Fruehling Springwood, 2019-03-13 By what magic is a simple geographical space such as a city or town transformed into cultural significance into a place people travel to enshrine mythologize and consume What stardust falls upon the ground and in the public's mind that moves us to worship a piece of property that was once an unremarkable field or vacant lot This book written with the passion of both baseball fan and cultural anthropologist unravels the mysteries of Cooperstown New York home of the Baseball Hall of Fame and Dyersville Iowa site of the baseball field made enormous by the Hollywood movie Field of Dreams Charles Springwood provides insight into the postmodern culture of the United States in which tourist sites and American heritages are culturally produced and consumed by studying the people who visit them The results of his interviews with visitors to these sites speak to issues of youth innocence family domesticity nation and the hegemonic practices of the leisure class The book provides a reading of America steeped in narratives of pastoralism and nostalgia Behind it all the curtain behind which the great wizard sits is the corporate mind creating an atmosphere of false histories and reconstructed pasts Springwood pulls the reader's heart in two directions seeking to honor the beautiful myth of baseball's pastoralism through two sacred geographical sites while also seeking to expose the underpinnings of myth making to a gentle but constant light

Baseball Geoffrey C. Ward, 1994 With more than

500 photographs Introduction by Roger Angell Essays by Thomas Boswell Robert W Creamer Gerald Early Doris Kearns Goodwin Bill James David Lamb Daniel Okrent John Thorn George E Will And featuring an interview with Buck O Neil

Venezuelan Bust, Baseball Boom Milton H. Jamail, 2008-01-01 Though Venezuela is sandwiched between two soccer mad countries Brazil and Colombia baseball is its national pastime and passion Yet until the late 1980s few professional teams actively scouted and developed players there This book is about the man who changed all that and brought Venezuela into Major League Baseball in a major way While other teams were looking to the Dominican Republic for new talent Houston Astros scout Andr s Reiner saw an untapped niche in Venezuela *Venezuelan Bust Baseball Boom* recounts how over the next fifteen years Reiner signed nearly one hundred players nineteen of whom reached the majors The stories of these players among them Bobby Abreu Joh n Santana Melvin Mora Carlos Guill n and Freddy Garc a are interwoven with Reiner s own together creating a fascinating portrait of a curious character in the annals of sports and a richly textured picture of the opening of Venezuela as baseball s new frontier Countless interviews broaden and deepen the story s insights into how the scouting system works how Reiner worked within it and how his efforts have affected the sport of baseball in Venezuela and the significance of Venezuela in the world of Major League Baseball **Those Damn Yankees** Dean Chadwin, 2000-06-17 It was the perfect season In 1998 baseball s fans thrilled to Sammy Sosa and Mark McGwire s home run slugfest and the Yankees won more games in a season than any team in Major League history Baseball boomed across the US but the biggest bang was in New York where millions celebrated at a victory motorcade along the Avenue of Heroes *The Caribbean Series* Thomas E. Van Hyning, 2025-01-24 The Caribbean Series is a unique regional baseball event the oldest of its kind After starting in 1949 and enduring a decade long sabbatical for political reasons in the 1960s it was resurrected in 1970 and continues to this day With seven countries competing the Caribbean Series represents a source of pride for team owners general managers players and fans alike This book presents first hand accounts from over 200 past players and managers including details on 66 CS tournaments With many details presented for the first time in English this history presents the exciting Latin American baseball event in rich historical and personal context **The Empire Strikes Out** Robert Elias, 2010-01-19 Is the face of American baseball throughout the world that of goodwill ambassador or ugly American Has baseball crafted its own image or instead been at the mercy of broader forces shaping our society and the globe *The Empire Strikes Out* gives us the sweeping story of how baseball and America are intertwined in the export of the American way From the Civil War to George W Bush and the Iraq War we see baseball s role in developing the American empire first at home and then beyond our shores And from Albert Spalding and baseball s first World Tour to Bud Selig and the World Baseball Classic we witness the globalization of America s national pastime and baseball s role in spreading the American dream Besides describing baseball s frequent and often surprising connections to America s presence around the world Elias assesses the effects of this relationship both on our foreign policies and on the sport itself and asks whether baseball can play a positive

role or rather only reinforce America's dominance around the globe Like Franklin Foer in *How Soccer Explains the World* Elias is driven by compelling stories unusual events and unique individuals His seamless integration of original research and compelling analysis makes this a baseball book that's about more than just sports

The Politics of Baseball Ron Briley, 2010-03-30 Examining baseball not just as a game but as a social historical and political force this collection of sixteen essays looks at the sport from the perspectives of race sexual orientation economic power social class imperialism nationalism and international diplomacy Together the essays underscore the point that baseball is not just a form of entertainment but a major part of the culture and power struggles of American life as well as the nation's international footprint

Latino History and Culture David J. Leonard, Carmen R. Lugo-Lugo, 2015-03-17 Latinos are the fastest growing population in America today This two volume encyclopedia traces the history of Latinos in the United States from colonial times to the present focusing on their impact on the nation in its historical development and current culture *Latino History and Culture* covers the myriad ethnic groups that make up the Latino population It explores issues such as labor legal and illegal immigration traditional and immigrant culture health education political activism art literature and family as well as historical events and developments A-Z entries cover eras individuals organizations and institutions critical events in U.S. history and the impact of the Latino population communities and ethnic groups and key cities and regions Each entry includes cross references and bibliographic citations and a comprehensive index and illustrations augment the text

The Athletic Crusade Gerald R. Gems, 2006-01-01 *The Athletic Crusade* is the first book to systematically analyze the role of sports in the expansion of U.S. empire from the 1890s through World War II Gerald R. Gems details how white Anglo Saxon Protestant males set the standard for inclusion within American society transferred that standard to foreign territories and subtly used American sports to instill allegedly desirable racial moral and commercial virtues in colonial subjects In the realm of such expansion sports provided a less harsh less militaristic means of instilling belief in a dominant system's values and principles than more overt methods such as war The process of change however had unexpected consequences as subordinate groups adapted or even rejected American overtures Sport became a means for nonwhites to challenge whiteness Social Darwinism and cultural hegemony by establishing their own physical prowess claiming a measure of esteem and creating a greater sense of national identity Gems shows the direct influence of sports in Hawaii the Philippines Puerto Rico Cuba and the Dominican Republic and explores their comparatively minimal influence in countries such as China and Japan Amid increasing globalization *The Athletic Crusade* offers a welcome perspective on how the United States has attempted to spread its influence in the past and the implications for the future of indigenous and other societies

Routledge Companion to Sports History S. W. Pope, John Nauright, 2009-12-17 This book describes how the field of sports history has matured dramatically over the past decade and expands on what this means for sports historians today The specially commissioned essays addressing a range of thematic and regional contexts that make up this companion make it a

uniquely valuable resource **The Road Within** James O'Reilly, Sean O'Reilly, Tim O'Reilly, 2011-12-27 The Road Within is a book of transformation of lessons learned maps drawn and burned and spiritual blessings bestowed by that great and hard teacher travel Learn what mystics and saints have always known that wondrous things await people who are in touch with themselves with the world and with God Authors featured in this very different kind of travel book include Annie Dillard Huston Smith Natalie Goldberg Andrew Harvey Barry Lopez and Bill Buford *Tribal Identities* J A Mangan, 2022-03-01 Sport is far more than a national and international entertainment it is a source of political identity morale pride and superiority Tribal Identities explores the influence of sport on the nations of Europe as a mechanism of national solidarity promoting a sense of identity unity status and esteem as an instrument of confrontation between nations stimulating aggression stereotyping and images of inferiority and superiority and as a cultural bond linking nations across national boundaries providing common enthusiasm shared experiences the transcendence of national allegiances and opportunities for association understanding and goodwill **The Pitcher and the Dictator** Averell Smith, 2018-04-01 How Satchel Paige spent one season playing for the dictator Rafael Trujillo's team in the Dominican Republic Sport in Cuba Paula J. Pettavino, GERALYN PYE, 1994-09-15 No aspect of Cuban life more clearly epitomizes their government's emphasis on image building and individual participation than the system of physical culture and competitive athletics Indeed the Cuban record in international athletics is the most universally recognized success of the communist revolution as indicated by the Cuban arrival in the 1972 Olympics and the 1991 Pan American Games when Cuba beat the United States in the gold medal tally dominating boxing baseball and winning the marathon The fruits of the Cuban sports system were again in evidence at the Barcelona Olympics of 1992 despite the severe deprivation caused by the collapse of the island's socialist allies In spite of the obvious success and political importance of sport in Cuba very little has been written on the subject Sport in Cuba closes this gap In the first major study on the Cuban system of sports and physical culture Paula J Pettvino and GERALYN PYE analyze how sports was given such a high priority in Cuba how the country became a world power by the mid 1970s and the impact of sports on Cuban society Moving from the early days when the government's approach to sports was loosely defined through the construction of a complex system of physical culture to the current years of uncertainty Sport in Cuba utilizes both archival sources and personal interviews It will be of interest to Latin Americanists and students of sports

Yeah, reviewing a book **El Beisbol Travels Through The Pan American Pastime** could be credited with your near connections listings. This is just one of the solutions for you to be successful. As understood, expertise does not recommend that you have astonishing points.
