en gran medida se instituye previa a cualquier otro tipo de estudio sobre la materia tomada por objeto Trazada con ambición totalizadora sobre el marco cultural e institucional y específicamente sobre la literatura de Brasil en España sobre el conjunto bien contextualizado de sus producciones clasificado por géneros desde una rigurosa base documental bibliográfica y traductográfica posee la virtud de ofrecer la imagen centrada completa y eficiente de una relación cultural y literaria complicada como todas las de envergadura pero sin duda sujeta a unas peculiaridades que desde luego merecen gran atención y desde luego no es lo mismo por tratarse de elaboraciones en lenguas de la misma familia románica e históricamente hermanas. Si la proximidad aleja por principio la virtualidad más fulgurante de toda relación en los estudios comparatistas cabe decir que esto en el presente caso es lo más hasta cierto punto pues la proximidad de cultura y lengua puede albergar razones de mucha lejanía pero al igual que de afectos diferentes necesidades complejas pasiones inconfesadas o latentes y también secretos de extrema fidelidad que acaso penetran o superan la esfera de lo que a veces hemos denominado intracomparatismo y a menudo se despliega larga y casi sigilosamente en la Historia a través del hilo conductor de lites y genealogías.

Comedia sin título Federico García Lorca, 2021-09-13 Federico García Lorca no llegó a concluir este texto teatral debido a que fue asesinado por sus ideas políticas y su condición sexual a comienzos de la Guerra Civil española. De él se conserva apenas el primer acto aunque la obra completa estaba planificada para formar parte de lo que Lorca dio en llamar la Trilogía del Teatro Imposible junto con «El Público» y «As que pasen cinco a os». El texto que ha llegado hasta nosotros destaca por su empleo del surrealismo y su carácter metanarrativo. Federico García Lorca es un poeta y dramaturgo español nacido en Granada en 1936. Es uno de los mayores exponentes de la Generación del 27 que comparte con poetas y autores como Rafael Alberti, Pedro Salinas o Luis Cernuda. Su poesía destaca por su fuerte simbolismo así como por aunar referentes de la cultura popular andaluza y elevarlos a la alta cultura. En su faceta como dramaturgo es considerado uno de los autores principales del teatro español. Murió asesinado al inicio de la Guerra Civil española a causa de su condición sexual y su ideología.

Diccionario Akal de Teatro Manuel Gómez García, 1998-01-02 Este libro pretende comprender el conjunto de las artes y ciencias del espectáculo trascendiendo lo que pudiera ser específicamente teatral desde un criterio restrictivo para abarcar también ámbitos como el circo y la danza. Sus referencias biográficas y terminológicas totalizan más de 20 000 palabras o locuciones agrupadas en torno a numerosos conceptos y en particular a los siguientes: actor, argot teatral, autor, baile, comedia, director, drama, escenario, espectáculo, iluminación, interpretación, movimientos espirituales, más, personaje, público, puesta en escena, teatro, texto, tragedia y vestuario. Caracterizada por el rigor en su elaboración, la obra centra su análisis en el conjunto de la escena mundial a lo largo de la historia; si bien se presta especial atención al teatro español y particularmente a nuestros autores, actores y directores contemporáneos.

La Mujer, 1902 **Yo soy María Magdalena** Ana Socorro, 2025-01-31

Yo Soy María Magdalena

Ana Socorro, 2025-01-31

Yo Soy María Magdalena

Es el regreso dos mil años después de la persona y del personaje de la mujer y de la Apóstol por primera vez como protagonista absoluta de la historia de amor y misión ocultada, misticada y tergiversada. María Magdalena vuelve a este presente para completar su misión con Jesús en su segunda venida del Cristo a quien presupone entre nosotros a través de diversos viajes en tiempo y espacio pasado y presente que la llevan a revivir momentos asociados a la infancia, pasión, muerte y resurrección propia y de Jesús contextualizados en Galilea, Sevilla, La Nueva Jerusalén y otras ciudades relevantes. Mediante un concienzudo proceso de investigación e inspiración, la autora parte de fuentes verificadas y restituye la verdadera figura de Santa María Magdalena. La interpretación literal y confusa que se ha realizado de los textos sagrados con el papa Gregorio I durante una homilía en el siglo VI d.C. supuso una idea que duró siglos hacia la figura de María Magdalena presentándola ante creyentes y no creyentes como personaje confuso, prostituta y poseída. Para corregir este error consolidado por la tradición, el propio Papa Francisco decretó en 2016 que María Magdalena fuese canonizada y legitimada como Apóstol de los Apóstoles. Por otro lado, las corrientes de nueva espiritualidad han sustituido la figura de María Magdalena por una falseada, desarrollando todo un delirante imaginario en el que se la presenta como sacerdotisa del templo de Isis y practicante con Jesús de Nazaret del rito sexual hierático, resultando del cual haber alumbrado a una hija llamada Sara. Ana Socorro retoma el relevo de la misión de María Magdalena en varias vertientes artísticas transformadora e innovadora, rehabilitando su figura de forma integral, desmarcándose de toda la desinformación y mitología creada hasta el momento. La autora muestra la verdad de la María Magdalena, mujer esposa y apóstol. Una obra impactante, profunda y milagrosa, dejando una hermosa y transformadora huella en cada uno de los lectores imprescindible en este presente apocalíptico.

Álvaro Cunqueiro, el juego de la ficción dramática Ninfa Criado Martínez, 2004

Juegos de la ficción dramática aborda en los capítulos iniciales los modos de novelar del autor pero primordialmente es un estudio que analiza e interpreta por qué su narrativa tiene como tema sustancial la naturaleza de lo dramático. Para aclarar esta propensión hacia las formas propias del arte escénico, la crítica ha barajado distintas hipótesis siendo todas ciertas y complementarias. Este volumen añade una nueva conjectura: el fundamento teatral se encuentra en la propia materia novelística. En todos los protagonistas de Cunqueiro est

presente el deseo de ser otro y perseveran en el ejercicio de parecerlo En el marco de la fisiognomía clásica entienden que los signos perceptibles del cuerpo son expresión del carácter del hombre En consecuencia utilizan su apariencia exterior como un sistema significante para informar a los demás de las cualidades que deben atribuirles Sus palabras gestos movimientos vestidos no son menos naturales sino productos de una semiótica sabiamente manejada Los formantes paralingüísticos kinésicos proxémicos y miméticos son estudiados y ensayados minuciosamente Sin embargo no son actores que representen vidas ajena sobre un escenario interpretan su propia vida sobre la realidad La perdida de público en la ficción cunqueriana es sinónima de degradación el lenguaje pierde su función física se repliega sobre el hablante solitario que tragicamente toma conciencia de la frontera infranqueable que hay entre la vida y el sueño
