Eleanor Countess Of Desmond C1545 1638:

Eleanor, Countess of Desmond, C. 1545-1638 Anne Chambers, 1986 *Eleanor, Countess of Desmond C. 1545-1638* Anne Chambers (biographe.), 1986 **Women's Life Writing and Early Modern Ireland** Julie A. Eckerle, Naomi McAreavey, 2019-06-01 Women's Life Writing and Early Modern Ireland provides an original perspective on both new and familiar texts in this first critical collection to focus on seventeenth century women's life writing in a specifically Irish context. By shifting the focus away from England even though many of these writers would have identified themselves as English and making Ireland and Irishness the focus of their essays the contributors resituate women's narratives in a powerful and revealing landscape. This volume addresses a range of genres from letters to book marginalia and a number of different women from now canonical life writers such as Mary Rich and Ann Fanshawe to far less familiar figures such as Eliza Blennerhassett and the correspondents and supplicants of William King archbishop of Dublin. The writings of the Boyle sisters and the Duchess of Ormonde women from the two most important families in seventeenth century Ireland also receive a thorough analysis. These innovative and nuanced scholarly considerations of the powerful influence of Ireland on these writers' construction of self provide fresh illuminating insights into both their writing and their broader cultural context. *A History of Women in Ireland, 1500-1800* Mary O'Dowd, 2016-02-17 The first general survey of the history of women in early modern Ireland. Based on an impressive range of source material it presents the results of original research into women's lives and experiences in Ireland from 1500 to 1800. This was a time of considerable change in Ireland as English colonisation, religious reform and urbanisation transformed society on the island. Gaelic society based on dynastic lordships and Brehon Law gave way to an Anglicised and centralised form of government and an English legal system. *Aristocratic Women in Ireland, 1450-1660* Damien Duffy, 2021 An in-depth analysis of the key contribution made by the women members of this important ruling family in maintaining and advancing the family's political, landed, economic, social and religious interests.

A Biographical Encyclopedia of Early Modern Englishwomen Carole Levin, Anna Riehl Bertolet, Jo Eldridge Carney, 2016-11-03 From the exemplary to the notorious to the obscure this comprehensive and innovative encyclopedia showcases the worthy women of early modern England. Poets, princesses or pirates the women of power and agency found in these pages are indeed worth knowing and this volume will introduce many female figures to even the most established scholars in early modern studies. Rather than using the conventional alphabetical format of the standard biographical encyclopedia this volume is divided into categories of women. Since many women will fit in more than one category each woman is placed in the category that best exemplifies her life and is cross referenced in other appropriate sections. This structure makes the book an interesting read for seasoned scholars of early modern women while students need not already be familiar with these subjects in order to benefit from the text. Another unusual feature of this reference work is that each entry begins with some incident from the woman's life that is particularly exciting or significant. Some entries are very brief.

while others are extensive Each includes a source listing The book is well illustrated and liberally sprinkled with quotations of the time either by or about the women in the text *A History of Modern Irish Women's Literature* Heather Ingman, Clóna Ó Gallchoir, 2018-07-26 This book offers the first comprehensive survey of writing by women in Ireland from the seventeenth century to the present day It covers literature in all genres including poetry drama and fiction as well as life writing and unpublished writing and addresses work in both English and Irish The chapters are authored by leading experts in their field giving readers an introduction to cutting edge research on each period and topic Survey chapters give an essential historical overview and are complemented by a focus on selected topics such as the short story and key figures whose relationship to the narrative of Irish literary history is analysed and reconsidered Demonstrating the pioneering achievements of a huge number of many hitherto neglected writers *A History of Modern Irish Women's Literature* makes a critical intervention in Irish literary history Women, Writing, and Language in Early Modern Ireland Marie-Louise Coolahan, 2010-01-28 This book examines writing in English Irish and Spanish by women living in Ireland and by Irish women living on the continent between the years 1574 and 1676 This was a tumultuous period of political religious and linguistic contestation that encompassed the key power struggles of early modern Ireland This study brings to light the ways in which women contributed they strove to be heard and to make sense of their situations forging space for their voices in complex ways and engaging with native and new language traditions The book investigates the genres in which women wrote poetry nuns writing petition letters depositions biography and autobiography It argues for a complex understanding of authorial agency that centres of the act of creating or composing a text which does not necessarily equate with the physical act of writing The Irish English and European contexts for women's production of texts are identified and assessed The literary traditions and languages of the different communities living on the island are juxtaposed in order to show how identities were shaped and defined in relation to each other Marie Louise Coolahan elucidates the social political and economic imperatives for women's writing examines the ways in which women characterized female composition and describes an extensive range of cross cultural multilingual activity **Early Modern Ireland, 1534-1691** Theodore William Moody, Francis Xavier Martin, Francis John Byrne, 1991 The third volume of *A New History of Ireland* opens with a character study of early modern Ireland and a panoramic survey of Ireland in 1534 followed by twelve chapters of narrative history There are further chapters on the economy the coinage languages and literature and the Irish abroad *A New History of Ireland* is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to t **Sixteenth-Century Ireland (New Gill History of Ireland 2)** Colm Lennon, 2005-09-27 Colm Lennon's *Sixteenth Century Ireland* the second instalment in the *New Gill History of Ireland* series looks at how the Tudor conquest of Ireland by Henry VIII and the country's colonisation by Protestant settlers led to the

incomplete conquest of Ireland laying the foundations for the sectarian conflict that persists to this day In 1500 most of Ireland lay outside the ambit of English royal power Only a small area around Dublin The Pale was directly administered by the crown The rest of the island was run in more or less autonomous fashion by Anglo Norman magnates or Gaelic chieftains By 1600 there had been a huge extension of English royal power First the influence of the semi independent magnates was broken second in the 1590s crown forces successfully fought a war against the last of the old Gaelic strongholds in Ulster The secular conquest of Ireland was therefore accomplished in the course of the century But the Reformation made little headway The Anglo Norman community remained stubbornly Catholic as did the Gaelic nation Their loss of political influence did not result in the expropriation of their lands Most property still remained in Catholic hands England's failure to effect a revolution in church as well as in state meant that the conquest of Ireland was incomplete The seventeenth century with its wars of religion was the consequence Sixteenth Century Ireland Table of Contents Introduction Town and County in the English Part of Ireland c 1500 Society and Culture in Gaelic Ireland The Kildares and their Critics Kildare Power and Tudor Intervention 1520 35 Religion and Reformation 1500 40 Political and Religious Reform and Reaction 1536 56 The Pale and Greater Leinster 1556 88 Munster Presidency and Plantation 1565 95 Connacht Council and Composition 1569 95 Ulster and the General Crisis of the Nine Years War 1560 1603 From Reformation to Counter Reformation 1560 1600 Wild Irish Women Marian Broderick, 2012-11-15 From patriots to pirates warriors to writers and mistresses to male impersonators this book looks at the unorthodox lives of inspiring Irish women In times when women were expected to marry and have children they travelled the world and sought out adventures in times when women were expected to be seen and not heard they spoke out in loud voices against oppression in times when women were expected to have no interest in politics literature art or the world outside the home they used every creative means available to give expression to their thoughts ideas and beliefs In a series of succinct and often amusing biographies Marian Broderick tells the life stories of these exceptional Irish women

The Field Day Anthology of Irish Writing Seamus Deane, Andrew Carpenter, Angela Bourke, Jonathan Williams, 1991

Early Modern Ireland Sarah Covington, Valerie McGowan-Doyle, Vincent Carey, 2018-12-21 Early Modern Ireland New Sources Methods and Perspectives offers fresh approaches and case studies that push the field of early modern Ireland and of British and European history more generally into unexplored directions The centuries between 1500 and 1700 were pivotal in Ireland's history yet so much about this period has remained neglected until relatively recently and a great deal has yet to be explored Containing seventeen original and individually commissioned essays by an international and interdisciplinary group of leading and emerging scholars this book covers a wide range of topics including social cultural and political history as well as folklore medicine archaeology and digital humanities all of which are enhanced by a selection of maps graphs tables and images Urging a reevaluation of the terms and assumptions which have been used to describe Ireland's past and a consideration of the new directions in which the study of early modern Ireland could be taken Early Modern Ireland New
