publicly announce investigations into a political rival that he apparently feared the most former Vice President Joe Biden and into a discredited theory that it was Ukraine not Russia that interfered in the 2016 presidential election To compel the Ukrainian President to do his political bidding President Trump conditioned two official acts on the public announcement of the investigations a coveted White House visit and critical U S military assistance Ukraine needed to fight its Russian adversary During a July 25 2019 call between President Trump and President Zelensky President Zelensky expressed gratitude for U S military assistance President Trump immediately responded by asking President Zelensky to do us a favor though and openly pressed for Ukraine to investigate former Vice President Biden and the 2016 conspiracy theory In turn President Zelensky assured President Trump that he would pursue the investigation and reiterated his interest in the White House meeting Although President Trump s scheme intentionally bypassed many career personnel it was undertaken with the knowledge and approval of senior Administration officials including the President s Acting Chief of Staff Mick Mulvaney Secretary of State Mike Pompeo and Secretary of Energy Rick Perry In fact at a press conference weeks after public revelations about the scheme Mr Mulvaney publicly acknowledged that the President directly tied the hold on military aid to his desire to get Ukraine to conduct a political investigation telling Americans to get over it The Trump-Ukraine Impeachment Inquiry Report and Report of Evidence in the Democrats' Impeachment Inquiry in the House of Representatives House Permanent Select Committee,2019-12-17 This book includes BOTH the official report of the impeachment investigation by the House Intelligence Committee AND the document issued in response by House Republicans A guidebook to the impeachment of President Trump this two in one book contains BOTH the official report of the impeachment investigation by the House Intelligence Committee led by Adam Schiff AND the document issued in response issued by House Republicans led by Devin Nunes And the package tells half the story The book is published as a flip book that is with each cover acting as a front cover one for the Committee report and one for the Republican report Depending on which one you read first you then flip the book over to read the other Interference in Elections Kristina Lyn Heitkamp,2018-12-15 Allegations of Russian meddling in the 2016 presidential election have brought the issue of election interference to the fore but is it actually a significant issue in the United States This volume explores the history of election interference in the United States and beyond as well as the various methods of interference It also discusses whether interference can be effectively combatted and what attempts are being made to do so Election interference has been declared a threat to the electoral process and democracy as a whole and it is more important than ever to understand the various factors at play Liberalism in the Priests'Craft.
