

Electromagnetic Wave:

A changing electric field produces a changing magnetic field and vice versa which gives rise to a transverse wave known as electromagnetic waves.

A hand-drawn diagram of an electromagnetic wave is positioned below the text. It consists of three horizontal rows of wavy lines. The top row has four yellow wavy segments. The middle row has four purple wavy segments. The bottom row has four yellow wavy segments. The segments are arranged in a staggered pattern, representing the perpendicular oscillation of the electric and magnetic fields in a transverse wave.
