

A vibrant watercolor-style illustration of a dragon resting in a lush green garden. The dragon has a textured, reddish-brown body with a long, segmented tail. It is surrounded by various flowers, including yellow tulips and purple violets, growing from a brick-paved path. In the background, there's a small white building with a red roof and a bright blue sky with a single, fluffy white cloud.

Poyato, 2014-03-06 Italia en la época del Renacimiento Las maquinaciones políticas y las luchas por el poder convierten a los pequeños estados italianos en un complejo tablero de ajedrez en una época en que los enfrentamientos políticos corren paralelos al florecimiento de las artes Dentro de ese ambiente Caterina Sforza hija ilegítima del duque de Milán no dudó en defender hasta el final sus derechos en conflicto con el poder de Roma Ninguna barrera fue lo suficientemente fuerte para frenar sus propósitos con solo veinte años y embarazada de siete meses se apoderó del castillo de Sant'Angelo de Roma posteriormente se enfrentó a los poderosos Médicis negocia con el intruso Maquiavelo y trabó amistad con Leonardo Da Vinci controló ciudades estratégicas y desafió a Cesare Borgia resistiendo el asedio de un ejército muy superior y causando la admiración de contemporáneos Caterina Sforza fue una indomable guerrera a la par que sus ansias de saber la convirtieron en una mujer adelantada a su tiempo tuvo fama de alquimista y sus enemigos la tacharon de hechicera La Dama del Dragón es una vibrante novela que encierra en la extraordinaria vida de Caterina Sforza toda la fogosidad y espíritu de aventura que desplegó a lo largo de su existencia en unos años apasionantes que fueron claves en la formación de Europa     **The Galician Works of Ramón Del Valle-Inclán** Ann Frost, 2010 Ramón del Valle-Inclán 1866-1936 was undoubtedly the most controversial literary figure of his generation Whilst his genius was recognised by fellow writers the reading public was slow to accept his work and his theatre taxed directors and audiences alike One of the harshest criticisms levelled against him concerned his use of repetition This study shows how the reuse recycling and development of material becomes one of the hallmarks of Valle-Inclán's writing during the first three decades of his literary career linking one genre with another and blurring the borders between different aesthetics The repetition of themes and motifs characters and stylistic devices reveals an underlying interdependence among works that on the surface appear unconnected or even contradictory Many of Valle-Inclán's works have been studied in isolation rather than as pieces of a whole This book examines the elements that provide significant links in his writing between 1889 and 1922 most of which share the common backdrop of Galicia and demonstrates that apparently unrelated works are part of a larger picture Despite changes in perspective and genre there

are constants that relate individual works to those that precede and follow creating a unifying pattern of continuity
